HOUSE CONCURRENT RESOLUTION NO. 23

WHEREAS, following breast cancer, cervical cancer is the second most common cancer in women worldwide after breast cancer; and

WHEREAS, according to United States cervical cancer statistics, the disease is the third most common gynecological cancer among American women. With approximately 12,200 new cases diagnosed annually, 4,100 of these cases result in death; and

WHEREAS, with regular and accurate screening, cervical cancer is highly preventable with regular and accurate screening; and

WHEREAS, widespread screening programs have helped reduce death rates from cervical cancer, but women are still dying even with such advanced medical techniques and evaluative procedures; and

WHEREAS, cervical cancer cases in the United States are generally attributed to lack of education, a reduction of access available to regular cervical cancer screening, and a lack of screening accuracy; and

WHEREAS, experience shows that increasing cervical cancer awareness among women, especially underserved women within our state, significantly reduces the probability of mortality; and

WHEREAS, cervical cancer disproportionately affects minority women and women with lower incomes because they are less likely to have access to routine screening; and

WHEREAS, approximately one-half of all cervical cancer cases are in women who have never been screened, and ten percent of cases are in women who have not been screened within the last five years; and

WHEREAS, the median age of cervical cancer patients at diagnosis is 47 years, the youngest median age for all female reproductive cancers; and

WHEREAS, new screening technologies, including FDA-approved testing for human papillomavirus, which is the cause of virtually all cervical cancers, offer new opportunities to finally eliminate this potentially deadly disease through early identification of women at increased risk; and

WHEREAS, leading medical organizations, including the American College of Obstetricians and Gynecologists, the American Cancer Society, and the Association of Reproductive Health Professionals have recently updated their screening guidelines to include FDA-approved testing for human papillomavirus; and

WHEREAS, women are entitled to proper cervical cancer information so they can be empowered to make informed health care decisions, and are entitled to access to routine screening, including the most accurate methods available:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, First Regular Session, the Senate concurring therein, hereby recognize that through education and screening women can lower their likelihood for developing cervical cancer, and that through early detection cervical cancer can be successfully treated after it develops; and

BE IT FURTHER RESOLVED that the Missouri General Assembly supported the Missouri Department of Health and Senior Services and the Missouri Cancer Consortium in taking the lead in formulating the Comprehensive

Cancer Action Plan for Missouri, including the review of data regarding cervical cancer and human papillomavirus of women in Missouri, evaluating current methods used to provide women with information regarding cervical cancer, access to regular screening, and options for increasing screening accuracy; and

BE IT FURTHER RESOLVED that the Missouri General Assembly supports the Missouri Department of Health and Senior Services and the Missouri Cancer Consortium in the identification of pockets of need, priority strategies, and new technologies, including new introduced therapies and preventive vaccines which are effective in preventing and controlling cervical cancer; and

BE IT FURTHER RESOLVED that the Missouri General Assembly directs that the Comprehensive Cancer Action Plan for Missouri, which serves as a nationwide model of effective cancer control strategies, be presented annually to the Governor, Lieutenant Governor, President Pro Tem of the Senate, the Speaker of the House of Representatives, and be posted on the Missouri state web site homepage; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Governor Matt Blunt, Lieutenant Governor Peter Kinder, the Director of the Department of Health and Senior Services, and the Missouri Cancer Consortium.

HOUSE RESOLUTION

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

FIFTY-FIFTH DAY, THURSDAY, APRIL 14, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

On this date in 1865, Abraham Lincoln was assassinated. May his spirituality guide our prayer, this morning. At age 19 he wrote:

“I never behold the stars that I do not feel
that I am looking in the face of God.”

Lord God, give us this vision, this kind of faith, that we might see with great clarity.

In his Second Inaugural Address he reflected:

“With malice toward none;
With charity for all;
With firmness in the right,
As God has given us to see the right,
Let us strive to finish the work we are in...”

Lord God, we are in the last month of the 2005 Session of the House Representatives. That we might finish well the work we are in, we pray for the grace of perseverance and for the enormous integrity seen in Abraham Lincoln.

We pray to You our God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Nathan Jones, Ashley Grace Marie Caldwell, Paul Adam Henny, Christopher Lee Kirk, Lauren Ashley Sanders, Jonathan Willis, Jessica Willis and Camille Ovington.

The Journal of the fifty-fourth day was approved as corrected.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, You are our rock, our fortress, and our deliverer; our God, our stronghold, in whom we take refuge; our shield, and the power of our salvation, our high tower.

May You, the source of our patience and encouragement, enable us to have a harmonizing point of view among ourselves as we progress through the remaining issues before us to the completion of this session. May we be encouraging examples to all who view these proceedings.

As we return again safely from our time with family, we give thanks that You have kept us safe in our travels and continue to do so. May our service in this great state of Missouri be found acceptable in Your sight.

May You, the source of our peace, be with us all.

In the name of Your Son we pray. Amen.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 353, Page 33, Section 540.031, Line 3 of said section, by deleting said line and by inserting in lieu thereof the following:

“direct. The grand jury [shall] **may** examine public buildings and report on their conditions.”; and

Further amend said bill, Section 542.276, Page 34, Line 44, by deleting said line and by inserting in lieu thereof the following:

“[circuit clerk] **issuing court**”; and

Further amend said bill, Section 577.023, Page 52, Line 66 of said page, by inserting immediately after said line the following:

“577.041. 1. If a person under arrest, or who has been stopped pursuant to subdivision (2) or (3) of subsection 1 of section 577.020, refuses upon the request of the officer to submit to any test allowed pursuant to section 577.020, then none shall be given and evidence of the refusal shall be admissible in a proceeding pursuant to [section] **sections 565.024, [or] 565.060[,] or 565.082**, RSMo, or section 577.010 or 577.012. The request of the officer shall include the reasons of the officer for requesting the person to submit to a test and also shall inform the person that evidence of refusal to take the test may be used against such person and that the person's license shall be immediately revoked upon refusal to take the test. If a person when requested to submit to any test allowed pursuant to section 577.020 requests to speak to an attorney, the person shall be granted twenty minutes in which to attempt to contact an attorney. If upon the completion of the twenty-minute period the person continues to refuse to submit to any test, it shall be deemed a refusal. In this event, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a motor vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person a notice of such person's right to file a petition for review to contest the license revocation.

2. The officer shall make a sworn report to the director of revenue, which shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit and the notice of the right to file a petition for review, which notices and permit may be combined in one document; and

(6) Any license to operate a motor vehicle which the officer has taken into possession.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit or associate circuit court in the county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation pursuant to this section. Upon the person's request the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing the court shall determine only:

(1) Whether or not the person was arrested or stopped;

(2) Whether or not the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether or not the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked pursuant to the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 577.001, or a program determined to be comparable by the department of mental health or the court. Assignment recommendations, based upon the needs assessment as described in subdivision (22) of section 302.010, RSMo, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517, RSMo. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.023, or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010, RSMo, and section 577.001. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rates established pursuant to the provisions of section 32.065, RSMo, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053, RSMo.

9. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.”; and

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

FIFTY-NINTH DAY, WEDNESDAY, APRIL 20, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, we come into Your presence with thanksgiving; we make a joyful sound to You with songs of admiration throughout the day!

We do not forget Your wonderful actions done on our behalf: When we were burdened with worries, You comforted us and made us feel secure. In times of trouble, You were there, picking us up when life knocked us down.

You, LORD God, are our fortress, that mighty rock where we are safe.

Today, we ask that You fill us with the true knowledge of Your will in all wisdom and spiritual insight, that we might conduct ourselves in a manner You find worthy, to please You in all things, being effective in every good work and increasing in that same true knowledge that only originates from You.

Grace be with us all.

In the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Preston Dever Stevenson, Curtis Andrew Keal, Jordan Witcig, Joshua Witcig, Jonah Witcig, Cassie Ireland, Kaci Silvey and Dusty Taylor.

HCS HB 824, relating to air contamination regulations, was taken up by Representative Hobbs.

Representative Hobbs offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 824, Sections 444.765 and 444.766, by deleting all of said sections and inserting in lieu of the following:

“444.765. Wherever used or referred to in sections 444.760 to 444.790, unless a different meaning clearly appears from the context, the following terms mean:

(1) "Affected land", the pit area or area from which overburden shall have been removed, or upon which overburden has been deposited after September 28, 1971. When mining is conducted underground, affected land means any excavation or removal of overburden required to create access to mine openings, except that areas of disturbance encompassed by the actual underground openings for air shafts, portals, adits and haul roads in addition to disturbances within fifty feet of any openings for haul roads, portals or adits shall not be considered affected land. Sites which exceed the excluded areas by more than one acre for underground mining operations shall obtain a permit for the total extent of affected lands with no exclusions as required under sections 444.760 to 444.790;

(2) **"Beneficiation", the dressing or processing of minerals for the purpose of regulating the size of the desired product, removing unwanted constituents, and improving the quality or purity of a desired product;**

(3) **"Commercial purpose", the purpose of extracting minerals for their value in sales to other persons or for incorporation into a product;**

(4) "Commission", the land reclamation commission in the department of natural resources;

(5) **"Construction", construction, erection, alteration, maintenance, or repair of any facility including but not limited to any building, structure, highway, road, bridge, viaduct, water or sewer line, pipeline or utility line, and demolition, excavation, land clearance, and moving of minerals or fill dirt in connection therewith;**

[(3)] (6) "Director", the staff director of the land reclamation commission;

(7) **"Excavation", any operation in which earth, minerals, or other material in or on the ground is moved, removed, or otherwise displaced for purposes of construction at the site of excavation, by means of any tools, equipment, or explosives and includes, but is not limited to, backfilling, grading, trenching, digging, ditching, drilling, well-drilling, auguring, boring, tunneling, scraping, cable or pipe plowing, plowing-in, pulling-in, ripping, driving, demolition of structures, and the use of high-velocity air to disintegrate and suction to remove earth and other materials. For purposes of this section, excavation or removal of overburden for purposes of mining for a commercial purpose or for purposes of reclamation of land subjected to surface mining is not included in this definition. Neither shall excavations of sand and gravel by political subdivisions using their own personnel and equipment or private individuals for personal use be included in this definition;**

(8) **"Fill dirt", material removed from its natural location through mining or construction activity, which is a mixture of unconsolidated earthy material, which may include some minerals, and which is used to fill, raise, or level the surface of the ground at the site of disposition, which may be at the site it was removed or on other property, and which is not processed to extract mineral components of the mixture. Backfill material for use in completing reclamation is not included in this definition;**

(9) **"Land improvement", work performed by or for a public or private owner or lessor of real property for purposes of improving the suitability of the property for construction at an undetermined future date, where specific plans for construction do not currently exist;**

[(4)] (10) "Mineral", a constituent of the earth in a solid state which, when extracted from the earth, is usable in its natural form or is capable of conversion into a usable form as a chemical, an energy source, or raw material for manufacturing or construction material. For the purposes of this section, this definition includes barite, tar sands, and oil shales, but does not include iron, lead, zinc, gold, silver, coal, surface or subsurface water, fill dirt, natural oil or gas together with other chemicals recovered therewith;

(11) **"Mining", the removal of overburden and extraction of underlying minerals or the extraction of minerals from exposed natural deposits for a commercial purpose, as defined by this section;**

[(5)] (12) "Operator", any person, firm or corporation engaged in and controlling a surface mining operation;

[(6)] (13) "Overburden", all of the earth and other materials which lie above natural deposits of minerals; and also means such earth and other materials disturbed from their natural state in the process of surface mining other than what is defined in subdivision [(4)] (10) of this section;

[(7)] (14) "Peak", a projecting point of overburden created in the surface mining process;

[(8)] (15) "Pit", the place where minerals are being or have been mined by surface mining;

(16) "Public entity", the state or any officer, official, authority, board, or commission of the state and any county, city, or other political subdivision of the state, or any institution supported in whole or in part by public funds;

[(9)] (17) "Refuse", all waste material directly connected with the cleaning and preparation of substance mined by surface mining;

[(10)] (18) "Ridge", a lengthened elevation of overburden created in the surface mining process;

[(11)] (19) "Site" or "mining site", any location or group of associated locations where minerals are being surface mined by the same operator;

[(12)] (20) "Surface mining", the mining of minerals for commercial purposes by removing the overburden lying above natural deposits thereof, and mining directly from the natural deposits thereby exposed, and shall include mining of exposed natural deposits of such minerals over which no overburden lies and, after August 28, 1990, the surface effects of underground mining operations for such minerals. **For purposes of the provisions of sections 444.760 to 444.790, surface mining shall not include excavations to move minerals or fill dirt within the confines of the real property where excavation occurs or to remove minerals or fill dirt from the real property in preparation for construction at the site of excavation. No excavation of fill dirt shall be deemed surface mining regardless of the site of disposition or whether construction occurs at the site of excavation.**

444.766. No provision of sections 447.760 to 444.790 shall apply to the excavation of minerals or fill dirt for the purposes of construction or land improvement as unrelated to the mining of minerals for a commercial purpose or reclamation of land subsequent to the surface mining of minerals.

1. No permit is required under sections 444.760 to 444.790 for the purpose of moving minerals or fill dirt within the confines of real property where excavation occurs, or for purposes of removing minerals or fill dirt from the real property as provided in this section.

(1). Excavations for construction pursuant to engineering plans and specifications prepared by an architect, professional engineer, or landscape architect licensed pursuant to chapter 327, RSMo, or any excavation for construction performed under a written contract that requires excavation of minerals or fill dirt and establishes dates for completion of work and specifies the terms of payment for work, shall be presumed to be for the purposes of construction and shall not require a permit for surface mining.

(2). Excavations for purposes of land improvement where minerals removed from the site are excess minerals that cannot be used on-site for any practical purpose and at no time are subjected to crushing, screening, or other means of beneficiation with the exception of removal of tree limbs and stumps, shall be presumed to be for the purposes of land improvement and shall not require a permit for surface mining, provided that:

(a) The site has not been designated as a surface mine by the federal Mine Safety and Health Administration;

(b) Minerals from the property are not used for commercial purposes on a frequent or on-going basis; and

(c) A pit, peak, or ridge does not persist at the site as inconsistent with the purposes of land improvement.

(3). Permits shall not be required for the excavation of fill dirt, regardless of the site of disposition or whether construction occurs at the site of excavation.

2. (1) If the director or his or her designee determines that a surface mining permit is required for real property which is purported to be for purposes of construction or land improvement not requiring a surface mining permit under this section, such determination shall be sent in writing to the owner of the property by certified mail stating the reasons for such determination. Upon request of the person receiving the letter, an informal conference shall be scheduled with the director within fifteen calendar days to discuss the determination. Following the informal conference, the director shall issue a written determination regarding his or her findings of fact no later than thirty calendar days after the date of the conference. If the director agrees that a surface mining permit is required and the person disagrees with that decision, the person may make a written request for a hearing before the commission at its next regular meeting. Such written request shall be filed within thirty calendar days after receipt of the director's written determination, except when the thirtieth day would be later than the date of the next regularly scheduled commission meeting, the written request shall be filed at least seven days prior to the commission meeting unless the director and the person filing the request mutually agree to place

the matter on the commission's agenda for a later meeting. The commission shall issue a written determination as to whether a surface mining permit is required under this state's law within thirty calendar days after the hearing. The written determination may be appealed as provided under this chapter.

(2) Until a final written determination has been issued under the process established under subdivision (1) of this subsection, the person receiving a letter stating the reasons a mining permit is required may continue activity at the site in dispute. The commission may stay the director's determination. If the final written determination is that a permit is required, all fees otherwise provided by statute or rules of the commission shall apply. If the determination is that no permit is required, no permit fees shall be required by the director or the commission.

(3) The process set out in this subsection for determining whether a mining permit is required shall not be subject to the hearing requirements of section 444.789."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE CONCURRENT RESOLUTION NO. 22

WHEREAS, the price of natural gas in the United States, already the highest in the industrial world, has again spiked and shows continued volatility; and

WHEREAS, the current price of natural gas is equivalent to paying \$16.00 for a gallon of milk, \$12.70 for a pound of ground beef, or \$9.21 for a gallon of gasoline; and

WHEREAS, abnormally high natural gas prices have been a \$111 billion unanticipated burden on the economy of the United States over the past 18 months; and

WHEREAS, the United States is over reliant on natural gas in our national energy supply, creating a tremendous imbalance between natural gas supply and demand; and

WHEREAS, the manufacturers, farmers, small businesses, local governments, and retailers are struggling from skyrocketing natural gas prices. Further, thousands of jobs in these industries are threatened since many of these businesses use natural gas as a raw material as well as an energy supply; and

WHEREAS, the natural gas imbalance is not a free market problem. The high price of natural gas is created by governmental policies that increase demand for natural gas while impeding the development of a greater supply by discouraging more exploration and production. Since natural gas is domestically produced and very hard to import, the United States cannot correct the imbalance by the importation of natural gas; and

WHEREAS, the Missouri General Assembly supports a sound, rational domestic energy policy:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, First Regular Session, the Senate concurring therein, hereby urge the United States Congress to enact legislation in the 109th Congress establishing a domestic energy policy that will ensure an adequate supply of natural gas and the appropriate infrastructure. Such energy policy should develop a concerted national effort to promote greater energy efficiency and open promising new areas for environmentally responsible natural gas production; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for George W. Bush, President of the United States, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional Delegation.

Mr. Speaker: Your Committee on Utilities, to which was referred **HCR 33**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(26)(f) be referred to the Committee on Rules.

HOUSE CONCURRENT RESOLUTION NO. 33

WHEREAS, environmentally friendly oil and gas exploration and development of the coastal plain of the Arctic National Wildlife Refuge in Alaska and its adjacent land could result in major discoveries that would reduce our nation's future need for imported oil, help balance the nation's trade deficit, and significantly increase the national security; and

WHEREAS, domestic demand for oil continues to rise while domestic crude production continues to fall, which results in the importation of additional foreign fuel sources; and

WHEREAS, the exploration and development of domestic sources of oil and gas will result in lower gasoline prices for consumers in the United States; and

WHEREAS, the 1.5 million-acre coastal plain of the Arctic National Wildlife Refuge makes up only 8% of the 19 million-acre Refuge, and the development of oil and gas reserves in the Refuge's coastal plain would occur in an area of only 2,000 to 7,000 acres, which is less than 0.5% of the area of the coastal plain; and

WHEREAS, 8 million of the 19 million acres of the Refuge have already been set aside as wilderness; and

WHEREAS, the continued health and productivity of the Porcupine Caribou herd and the protection of land, water, and wildlife resources will be ensured during exploration and development of the coastal plain of the Arctic National Wildlife Refuge in Alaska:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, First Regular Session, the Senate concurring therein, hereby urges the United States Congress to pass legislation to open the coastal plain of the Arctic National Wildlife Refuge in Alaska to oil and gas exploration, development, and production; and

BE IT FURTHER RESOLVED that the Missouri General Assembly strongly support the safeguards to ensure that the exploration, development and production of oil and gas reserves in Alaska be conducted in a manner that protects the environment and the wildlife populations; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional Delegation.

Mr. Speaker: Your Committee on Utilities, to which was referred **SS SCS SB 462**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**, and pursuant to Rule 25(26)(f) be referred to the Committee on Rules.

Committee on Rules, Chairman Cooper (120) reporting:

Mr. Speaker: Your Committee on Rules, to which was referred **HB 784**, begs leave to report it has examined the same and recommends that it **Do Pass, with no time limit for debate**.

HOUSE CONCURRENT RESOLUTION

HCS HCR 25, (3-10-05, Pages 588-589) - Schlottach

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTIETH DAY, THURSDAY, APRIL 21, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

On a day after rainfall and of anticipating more, let us pray, using these words from the Hebrew Scriptures:

Thus says the Lord:
For just as from the heavens
The rain and snow come down
And do not return there
Till they have watered the Earth,
Making it fertile and fruitful,
Giving seed to him who sows
And bread to him who eats.

So shall My word be
That goes forth from My mouth;
It shall not return to Me void,
But shall do My will,
Achieving the end for which I sent it.
(Isaiah 55:10-11)

Almighty God, Your word of justice and of care for those in great need has come down into our minds. May this word so stir our hearts that through our words and actions it may achieve the end for which You sent it.

We pray to You our God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Charlie Rowland, Mackenzie Oswald, Amber Doty, Jessica Moore, Abigail Hill, Raven Eisenberger, Doug Soule and Austin Dorrell.

The Journal of the fifty-ninth day was approved as corrected by the following vote:

SPECIAL RECOGNITION

MOTION

Representative Dempsey moved that the House stand at ease for the distribution of green sheets. Just prior to the green sheets being distributed, the fire alarm sounded and the House was ordered to evacuate the building. When the House returned following the evacuation and the distribution of green sheets was sufficiently completed, the House was called to order by Speaker Pro Tem Bearden, simply to find the House did not have a quorum.

Representative Dempsey suggested the absence of a quorum.

The following roll call indicated a quorum present:

HOUSE CONCURRENT RESOLUTION NO. 28

WHEREAS, the Housing Authority of Kansas City (HAKC) was created on July 14, 1941, by city ordinance and mayorial appointment of a five-member Board of Commissioners in accordance with Missouri enabling legislation; and

WHEREAS, a public housing agency is a governmental or public body that is authorized by the State to engage in or assist in the development or operation of housing for low-income families. Public housing programs are managed by a variety of organizations: housing agencies, local government departments, nonprofit organizations, and private property managers, with the public housing agency acting as the landlord; and

WHEREAS, the mission of the Housing Authority of Kansas City is to develop, rehabilitate, and manage decent, safe, and sanitary quality affordable housing in a manner that promotes equal opportunity, fair housing, and the deconcentration of race and poverty; and

WHEREAS, in the beginning, HAKC provided housing for returning veterans in the 1940s, with the program later expanded to include low-rent units for families, and by 1965 the HAKC rental inventory totaled some 2200 units; and

WHEREAS, as federal policies shifted, HAKC also reoriented its activities. In 1967 and 1968, 200 units were leased from private owners for sublease to HAKC tenants under a rent-supplement program. From 1968 to 1970, 50 foreclosed single-family homes were purchased from the Federal Housing Administration and the Veterans Administration by the HAKC for lease to public housing tenants; and

WHEREAS, in the 1970s proposals from developers for turnkey housing were requested, and the rehabilitation and modernization of existing structures became a priority for HAKC. For the next decade, a succession of executive directors oversaw the Authority. Tenants became dissatisfied with the condition of what were formerly well-maintained units and sued in 1993 in federal court to hasten the rehabilitation of one of the older developments; and

WHEREAS, in 1994, the Housing Authority of Kansas City faced daunting and formidable challenges so serious that the agency was placed in federal court receivership, with the agency's housing stock largely distressed and obsolete as evidenced by a 43% vacancy rate, enormous backlogs of uncompleted maintenance work, rampant criminal activity, and hundreds of families living in dangerous, substandard conditions; and

WHEREAS, the United States Department of Housing and Urban Development (HUD) declared the HAKC a "troubled agency", based on its score of less than 44% under the national Public Housing Management Assessment Program; and

WHEREAS, today, HAKC operations and the majority of its properties have undergone a dramatic and near complete makeover. HAKC's vacancy rate now averages approximately 2%, maintenance requests are addressed promptly, and crime rates within public housing are down by 44%. In 1998, HUD designated HAKC as a "high performer" agency; and

WHEREAS, since 1994, HAKC has focused intensive efforts to rebuild distressed communities and to expand the supply of quality affordable housing in Kansas City, Missouri. Several public housing developments, such as Guinotte Manor, Riverview Gardens, and Theron B. Watkins, have been transformed into vibrant new mixed-income communities that serve as the centerpieces of their respective urban neighborhoods, and the beautiful townhouses and streetscapes of Villa del Sol occupy a site that a few years ago consisted of bombed out buildings and empty streets; and

WHEREAS, in addition, HAKC has helped address the critical housing affordability issues faced by community residents through implementation of over 3,000 new Section 8 vouchers, which allow participants to lease housing units from private landlords allowing participants to have a greater choice in where they live; and

WHEREAS, by 2003, HAKC had received numerous awards from national, regional, and local organizations which symbolize HAKC's continued success in constructing safe, quality housing for low-income residents, pioneering the rehabilitation and revitalization of Kansas City's urban core housing, and communicating those achievements to its clients and the public. The awards received by HAKC include:

(1) The United States Department of Housing and Urban Development's "New Face of America's Public Housing Award" which recognizes housing authorities, developers, and urban designers for their efforts to replace outmoded housing projects with attractive, walkable, mixed-income neighborhoods;

(2) The National Association of Housing and Redevelopment Officials presented awards for several of HAKC's print publications;

(3) The Historic Kansas City Foundation Award was received for two HAKC public housing "scattered site" homes (quality single-family town homes, duplexes, and houses scattered throughout the city) constructed in the historic Coleman Highlands neighborhood, where HAKC took painstaking efforts to ensure the homes were a complement to the neighborhood; and

WHEREAS, after years of federal oversight, the Housing Authority of Kansas City has taken steps toward resumption of local control. By 2003, a panel formed by the court-appointed receiver had been working on how to make sure the agency doesn't become dysfunctional again and in September 2002, the HAKC had a Board of Commissioners appointed which will set policy for the Authority when court supervision comes to an end; and

WHEREAS, while federal receivership was believed to be in its final stages by late 2003, today the Housing Authority of Kansas City is still under federal receivership and has not fully transitioned to local control; and

WHEREAS, the federal receivership of the HAKC has been overseen by Judge Dean Whipple and Jeffrey K. Lines was the court-appointed receiver for eight years and now serves as the HAKC special master with oversight responsibilities of the Board of Commissioners and the HAKC. According to Mr. Lines, "we have witnessed a dramatic turnaround of the agency...During Receivership, the Housing Authority of Kansas City improved its national standing from a "troubled agency" to a "high performer" status in most key areas of performance measurement", and in July 2003, Mr. Lines stated that the HAKC was "in the final stages of Receivership", however, almost two years later the HAKC remains in federal receivership; and

WHEREAS, while HAKC has experienced a complete turnaround in federal receivership, it is vital that the Authority be under local control and allowed to set its own policies to address current needs and problems as they arise, as evidence by recent events in the Kansas City area regarding funding for the refurbishing of houses in the Historic Jazz District in which HAKC has a limited ability to respond due to the restrictions of its federal receivership; and

WHEREAS, as a result of the significant and remarkable efforts of the Housing Authority of Kansas City during receivership, the Authority has earned the right to be returned to full local control and to set policies for the continued provision of quality, affordable housing to low-income families in the Kansas City community:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, First Regular Session, the Senate concurring therein, hereby urge Judge Dean Whipple to immediately end the federal receivership of the Housing Authority of Kansas City initiated in 1994 and allow the Board of Commissioners appointed to set policies for the Authority, thereby returning the HAKC to full local control; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Judge Dean Whipple and each member of the Missouri Congressional Delegation.

Mr. Speaker: Your Special Committee on Urban Issues, to which was referred **SS SB 95**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Amendment No. 1**, and pursuant to Rule 25(26)(f) be referred to the Committee on Rules.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTY-SECOND DAY, MONDAY, APRIL 25, 2005

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, You are the God of our strength; You have not put us from Your presence. We refuse to sorrow because of the many attacks on our character and our stated positions. Let Your light and Your truth lead us; let them bring us to Your desired strategies and purposes.

May we never put faith in our own strength, wisdom, or intellect nor believe our skills will be our salvation, but may we boast continually in You, and give thanks to Your name forever.

May You show us Your constant love throughout the day, so that we may have a song at night, comfort of soul, and a prayer to the God of our life.

May our speech be civil and our motives true as You perfect the work of our hand.

We ask these things of You, the only true and wise God, through Jesus Christ, be the glory forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the sixtieth day was approved as corrected.

The Journal of the sixty-first day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTY-THIRD DAY, TUESDAY, APRIL 26, 2005

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father James Smith.

Pied Beauty

By: Rev. Gerard Manley Hopkins, S. J.

Glory be to God for dappled things---
For skies of couple-color as a brindled cow;
For rose-moles all in stipple upon trout that swim;
Fresh-firecoal chestnut-falls; finches' wings'
Landscape plotted and pieced – fold, fallow, and plough;
And all trades, their gear and tackle and trim.

All things counter, original, spare, strange;
Whatever is fickle, freckled (who knows how?)
With swift, slow; sweet, sour; adazzle, dim;
He fathers-forth whose beauty is past change:
Praise Him.

Father in Heaven, all of Your creation does praise You in the beauty and dignity that You have given it. Help us to see Your glory in Your creation, and guide our actions in praise of Your sovereignty. We pray to You who reigns as God of life and death forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Nathen Gober, Owen Gober, Emma Gober, Peter Fehner, Emily Ross, James Schneider, Andrew Thompson, Brandon Uebele, Kaitlin Long, Adam Reeves, Joe Griffith, Trevor Burge, Nicolaas Bradbaart, Eleanor Rose Clark, Michael Barbercheck, Kariann Lee Kloss, Elliot James Bulejski, Kimberly Mae Kloss, Carly Nicole Cressler, Paige Madison Krejci, Andrea Keltz, Luke Beattie, Conor O'Neal, Rachel Rost, Janssen Blackmon and Dorjai West.

The Journal of the sixty-second day was approved as printed.

SS SB 402 was read the second time.

THIRD READING OF SENATE BILLS

HCS SB 21, relating to the Putative Father Registry Fund, was taken up by Representative Stevenson.

Representative Fraser offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 21, Page 3, Section 453.020, Line 13, by inserting after all of said line the following:

"453.121. 1. As used in this section, unless the context clearly indicates otherwise, the following terms mean:

- (1) "Adopted adult", any adopted person who is [twenty-one] **eighteen** years of age or over;
- (2) "Adopted child", any adopted person who is less than [twenty-one] **eighteen** years of age;
- (3) "Adult sibling", any brother or sister of the whole or half blood who is [twenty-one] **eighteen** years of age or over;
- (4) "Identifying information", information which includes the name, date of birth, place of birth and last known address of the biological parent;
- (5) "Nonidentifying information", information concerning the physical description, nationality, religious background and medical history of the biological parent or sibling.

2. All papers, records, and information pertaining to an adoption whether part of any permanent record or file may be disclosed only in accordance with this section.

3. Nonidentifying information, if known, concerning undisclosed biological parents or siblings shall be furnished by the child-placing agency or the juvenile court to the adoptive parents, legal guardians or adopted adult upon written request therefor.

4. An adopted adult may make a written request to the circuit court having original jurisdiction of such adoption to secure and disclose information identifying the adopted adult's biological parents. **If the biological parents have consented to the release of identifying information under subsection 11 of this section, the court shall disclose such identifying information to the adopted adult. If the biological parents have not consented to the release of identifying information under subsection 11 of this section,** the court shall, within ten days of receipt of the request, notify in writing the adoptive parents of such petitioner and the child-placing agency or juvenile court personnel having access to the information requested of the request by the adopted adult.

5. Within three months after receiving notice of the request of the adopted adult, the child-placing agency or juvenile court personnel shall notify the adoptive parents, if such adoptive parents are living and shall not make any attempt to notify the biological parents without prior written consent of such adoptive parents for adoptions instituted or completed prior to August 13, 1986, but may proceed if there is proof that the adoptive parents are deceased or incapacitated, as such term is defined in chapter 475, RSMo. If the adoptive parents are living but are unwilling to give such written consent, the child-placing agency or the juvenile court personnel shall make a written report to the court stating that they were unable to notify the biological parent. If the adoptive parents are deceased or give written consent, the child-placing agency or the juvenile court personnel shall make reasonable efforts to notify the biological parents of the request of the adopted adult. The child-placing agency or juvenile court personnel may charge actual costs to the adopted adult for the cost of making such search. All communications under this subsection are confidential. For purposes of this subsection, "notify" means a personal and confidential contact with the biological parent of the adopted adult, which initial contact shall not be made by mail and shall be made by an employee of the child-placing agency which processed the adoption, juvenile court personnel or some other licensed child-placing agency designated by the child-placing agency or juvenile court. Nothing in this section shall be construed to permit the disclosure of communications privileged pursuant to section 491.060, RSMo. At the end of three months, the child-placing agency or juvenile court personnel shall file a report with the court stating that each biological parent that was located was given the following information:

- (1) The nature of the identifying information to which the agency has access;
- (2) The nature of any nonidentifying information requested;
- (3) The date of the request of the adopted adult;
- (4) The right of the biological parent to file an affidavit with the court stating that the identifying information should be disclosed;
- (5) The effect of a failure of the biological parent to file an affidavit stating that the identifying information should be disclosed.

6. If the child-placing agency or juvenile court personnel reports to the court that it has been unable to notify the biological parent within three months, the identifying information shall not be disclosed to the adopted adult. Additional requests for the same or substantially the same information may not be made to the court within one year from the end of the three-month period during which the attempted notification was made, unless good cause is shown and leave of court is granted.

7. If, within three months, the child-placing agency or juvenile court personnel reports to the court that it has notified the biological parent pursuant to subsection 5 of this section, the court shall receive the identifying information from the child-placing agency. If an affidavit duly executed by a biological parent authorizing the release of information is filed with the court, the court shall disclose the identifying information as to that biological parent to the adopted adult, provided that the other biological parent either:

- (1) Is unknown;
- (2) Is known but cannot be found and notified pursuant to section 5 of this act;
- (3) Is deceased; or
- (4) Has filed with the court an affidavit authorizing release of identifying information. If the biological parent fails or refuses to file an affidavit with the court authorizing the release of identifying information, then the identifying information shall not be released to the adopted adult. No additional request for the same or substantially the same information may be made within three years of the time the biological parent fails or refuses to file an affidavit authorizing the release of identifying information.

8. If the biological parent is deceased but previously had filed an affidavit with the court stating that identifying information shall be disclosed, the information shall be forwarded to and released by the court to the adopted adult. If the biological parent is deceased and, at any time prior to his death, the biological parent did not file an affidavit with the court stating that the identifying information shall be disclosed, the adopted adult may petition the court for an order

releasing the identifying information. The court shall grant the petition upon a finding that disclosure of the information is necessary for health-related purposes.

9. Any adopted adult whose adoption was finalized in this state or whose biological parents had their parental rights terminated in this state may request the court to secure and disclose identifying information concerning an adult sibling and upon a finding by the court that such information is necessary for urgent health-related purposes in the same manner as provided in this section. Identifying information pertaining exclusively to the adult sibling, whether part of the permanent record of a file in the court or in an agency, shall be released only upon consent of that adult sibling.

10. The central office of the **children's** division [of family services of] **within** the department of social services shall maintain a registry by which biological parents, **adult siblings**, and adoptive adults may indicate their desire to be contacted by each other. The division may request such identification for the registry as a party may possess to assure positive identifications. [If] **At the time of registry, a biological parent or adult sibling may consent in writing to the release of identifying information to an adopted adult. If such a consent has not been executed and** the division believes that a match has occurred on the registry between [both] biological parents **or adult siblings** and an adopted adult, an employee of the division shall make the confidential contact provided in subsection 5 of this section with the biological parents **or adult siblings** and with the adopted adult. If the division believes that a match has occurred on the registry between one biological parent **or adult sibling** and an adopted adult, an employee of the division shall make the confidential contact provided by subsection 5 of this section with the biological parent **or adult sibling**. The division shall then attempt to make such confidential contact with the other biological parent, and shall proceed thereafter to make such confidential contact with the adopted adult only if the division determines that the other biological parent meets one of the conditions specified in subsection 7 of this section. The biological parent, **adult sibling**, or adopted adult may refuse to go forward with any further contact between the parties when contacted by the division.

11. The provisions of this section, except as provided in subsection 5 of this section governing the release of identifying and nonidentifying adoptive information apply to adoptions completed before and after August 13, 1986."; and

Further amend said title, enacting clause and intersectional references accordingly.

AMEND House Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 155, Page 1, Section A, Line 2, by inserting after said language the following:

“210.117. **1.** No child taken into the custody of the state shall be reunited with a parent or placed in a home in which the parent or any person residing in the home has been found guilty of, or pled guilty to, a felony violation of chapter 566, RSMo, except for section 566.034, RSMo, when a child was the victim, or a violation of section 568.020, 568.045, 568.060, 568.065, 568.070, 568.080, 568.090, or 568.175, RSMo, except for subdivision (1) of subsection 1 of section 568.060, RSMo, when a child was the victim, or an offense committed in another state when a child is the victim, that would be a felony violation of chapter 566, RSMo, except for section 566.034, RSMo, or a violation of section 568.020, 568.045, 568.060, 568.065, 568.070, 568.080, 568.090, or 568.175, RSMo, except for subdivision (1) of subsection 1 of section 568.060, RSMo, if committed in Missouri; provided however, nothing in this section shall preclude the division from exercising its discretion regarding the placement of a child in a home in which the parent or any person residing in the home has been found guilty of or pled guilty or nolo contendere to any offense excepted or excluded in this section.

2. If a court of competent jurisdiction determines or the division determines, based on a substantiated report of child abuse that is upheld by the child abuse and neglect review board that a minor has abused another child, such minor shall be prohibited from returning to or residing in any residence located within one thousand feet of the residence of the abused child, or any child care facility or school that the abused child attends until the abused child reaches eighteen years of age. The prohibitions of this subsection shall not apply where the alleged abuse occurred between siblings.”; and

Further amend House Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 155, Page 3, Section 210.152, Line 63, by inserting after said language the following:

“210.710. **1.** In the case of a child who has been committed to the care of an authorized agency by a parent, guardian or relative and where such child has remained in the care of one or more authorized agencies for a continuous period of six months, the agency shall petition the juvenile court in the county where the child is present to review the status of the child. A written report on the status of the child shall be presented to the court. The court shall then review the status of the child and may hold a dispositional hearing thereon. The purpose of the dispositional hearing shall be to determine whether or not the child should be continued in foster care or whether the child should be returned to a parent, guardian or relative, or whether or not proceedings should be instituted to terminate parental right and legally free such child for adoption.

2. If the child is in the care of an authorized agency based on an allegation that the child has abused another child and the court determines that such abuse occurred, the court shall not return the child to or permit the child to reside in any residence located within one thousand feet of the residence of the abused child, or any child care facility or school that the abused child attends until the abused child reaches eighteen years of age. The prohibitions of this subsection shall not apply where the alleged abuse occurred between siblings.

210.720. **1.** In the case of a child who has been placed in the custody of the division of family services in accordance with subdivision (17) of subsection 1 of section 207.020, RSMo, or another authorized agency by a court

or who has been placed in foster care by a court, every six months after the placement, the foster family, group home, agency, or child care institution with which the child is placed shall file with the court a written report on the status of the child. The court shall review the report and shall hold a permanency hearing within twelve months of initial placement and at least annually thereafter. The permanency hearing shall be for the purpose of determining in accordance with the best interests of the child a permanent plan for the placement of the child, including whether or not the child should be continued in foster care or whether the child should be returned to a parent, guardian or relative, or whether or not proceedings should be instituted by either the juvenile officer or the division to terminate parental rights and legally free such child for adoption.

2. In such permanency hearings the court shall consider all relevant factors including:

(1) The interaction and interrelationship of the child with the child's foster parents, parents, siblings, and any other person who may significantly affect the child's best interests;

(2) The child's adjustment to his or her foster home, school and community;

(3) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. **If the child is in the care of an authorized agency based on an allegation that the child has abused another child and the court determines that such abuse occurred, the court shall not return the child to or permit the child to reside in any residence located within one thousand feet of the residence of the abused child, or any child care facility or school that the abused child attends until the abused child reaches eighteen years of age. The prohibitions of this subsection shall not apply where the alleged abuse occurred between siblings;** and

(4) The needs of the child for a continuing relationship with the child's parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child.

3. The judge shall make written findings of fact and conclusions of law in any order pertaining to the placement of the child.

211.038. **1.** No child under the jurisdiction of the juvenile court shall be reunited with a parent or placed in a home in which the parent or any person residing in the home has been found guilty of, or pled guilty to, a felony violation of chapter 566, RSMo, except for section 566.034, RSMo, when a child was the victim, or a violation of sections 568.020, 568.045, 568.060, 568.065, 568.070, 568.080, 568.090, and 568.175, RSMo, except for subdivision (1) of subsection 1 of section 568.060, RSMo, when a child was the victim, or an offense committed in another state when a child is the victim, that would be a felony violation of chapter 566, RSMo, except for section 566.034, RSMo, or a violation of sections 568.020, 568.045, 568.060, 568.065, 568.070, 568.080, 568.090, and 568.175, RSMo, except for subdivision (1) of subsection 1 of section 568.060, RSMo, if committed in Missouri; provided however, nothing in this section shall preclude the juvenile court from exercising its discretion regarding the placement of a child in a home in which the parent or any person residing in the home has been found guilty of or pled guilty or nolo contendere to any offense excepted or excluded in this section.

2. If the juvenile court determines that a minor has abused another child, such minor shall be prohibited from returning to or residing in any residence located within one thousand feet of the residence of the abused child, or any child care facility or school that the abused child attends until the abused child reaches eighteen years of age. The prohibitions of this subsection shall not apply where the alleged abuse occurred between siblings.”; and

143.778. 1. Within fifty days of the date of the notice, the taxpayer may file with the director at the address provided in the notice, a written request for review of the notice required under subsection 1 of section 143.777, stating the grounds upon which the taxpayer claims the notice was not proper.

2. Upon timely receipt of a request for review from a taxpayer, the director shall review the notice and mail the director's determination to the taxpayer by certified or registered mail within thirty days of receipt of the request. Such determination shall set forth briefly the director's findings of fact, and the basis of the decision and information regarding the taxpayer's right to appeal.

3. The issues that may be determined in a review under this section shall be limited to:

(1) The identity of the taxpayer;

3. The director shall promulgate rules necessary for the administration of sections 143.775 to 143.779. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void."; and

Any board or commission assigned to the division of professional registration after the effective date of this section shall be included in the definition of a licensing authority.

2. With regard to any licensee who has been issued a notice under section 143.777, RSMo, the licensing authority shall enter a suspension of the applicable license on the effective date set out in the notice, unless the licensee has presented a tax compliance letter, or has timely filed for review in the administrative hearing commission as provided under section 143.778, RSMo.

3. The suspension shall be processed by the licensing authority without any additional review or hearing by such licensing authority.

4. The suspension shall continue until a tax compliance letter is issued by the director of the department of revenue.

5. If a license is suspended under sections 143.775 to 143.779, RSMo, any funds paid by the licensee to the licensing authority for costs related to issuance, renewal or maintenance of a license shall not be refunded to the licensee.

6. During any period of suspension imposed under sections 143.775 to 143.779, RSMo, the licensee shall continue to pay all license or license renewal fees and obtain all continuing education hours as required by the licensing authority's statutes and regulations.

7. A licensee who continues to engage in the business, occupation, profession or other licensed activity while the license is suspended under sections 143.775 to 143.779, RSMo, is guilty of a class A misdemeanor. The licensing authority may refer the licensee to the appropriate prosecuting or circuit attorney or the attorney general for prosecution under this section, in addition to any other remedy provided by law for engaging in a licensed activity without a license or while a license is suspended.

8. The licensing authority shall be exempt from liability to the licensee for activities conducted under sections 143.775 to 143.779, RSMo, or this section.

9. The licensing authority shall not modify, remand, reverse, vacate or stay a suspension; except that, if the director of revenue certifies that an error has been made by the department or if an error is made by the licensing authority, the licensing authority may expunge the suspension from the licensee's permanent record."; and

Further amend said bill, Page 82, Section 1, Line 21, by inserting after all of said line the following:

"[324.010. All governmental entities issuing professional licenses, certificates, registrations, or permits pursuant to sections 209.319 to 209.339, RSMo, sections 214.270 to 214.516, RSMo,

If such licensee is delinquent on any state taxes or has failed to file state income tax returns in the last three years, the director shall then send notice to each such entity and licensee. In the case of such delinquency or failure to file, the licensee's license shall be suspended within ninety days after notice of such delinquency or failure to file, unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the governmental entity issuing the professional license that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the licensee that the delinquency has been remedied. 2. The board may establish an impaired licensee committee, to be designated as the "Well-being Committee", to promote the early identification, intervention, treatment and rehabilitation of licensees identified within this chapter, who may be impaired by reasons of illness, substance abuse, or as a result of any physical or mental condition. The board may enter into a contractual agreement with a nonprofit corporation or an association for the purpose of creating, supporting and maintaining such a committee. The board may promulgate rules subject to the provisions of this section to effectuate and implement any committee formed under this section. The board may expend appropriated funds necessary to provide for operational expenses of the committee formed under this section. Any member of the committee, as well as any administrator, staff member, consultant, agent or employee of the committee, acting within the scope of his or her duties and without actual malice and, all other persons who furnish information to the committee in good faith and without actual malice, shall not be liable for any claim of damages as a result of any statement, decision, opinion, investigation or action taken by the committee or by any individual member of the committee.

3. All information, interviews, reports, statements, memoranda or other documents furnished to or produced by the committee, as well as communications to or from the committee, any findings, conclusions, interventions, treatment, rehabilitation, or other proceedings of the committee which in any way pertain to a licensee who may be, or who actually is, impaired shall be absolutely privileged and confidential.

4. All records and proceedings of the committee which pertain or refer to a licensee who may be, or who actually is, impaired shall be privileged and confidential and shall be used by the committee and its members only in the exercise of the proper function of the committee and shall not be considered public records under chapter 610, RSMo, and shall not be subject to court subpoena or subject to discovery or introduction as evidence in any civil, criminal, or administrative proceedings except as provided in subsection 5 of this section.

- (3) The committee is required to make a report to the board.**

6. In lieu of the pursuing discipline against a licensee for violating one or more causes stated in subsection 2 of section 338.055, the board may enter into a diversion agreement with a licensee to refer the licensee to the committee under such terms and conditions as are agreed to by the board and licensee. The board shall enter into no more than two diversion agreements with any individual licensee. If the licensee violates a term or condition of a diversion agreement entered into under this section, the board may elect to pursue discipline against the licensee under chapter 621, RSMo, for the original conduct that resulted in the diversion agreement, or for any subsequent violation of subsection 2 of section 338.055. While the licensee participates in the committee, the time limitations of section 620.154, RSMo, shall toll under subsection 7 of section 620.154, RSMo. All records pertaining to diversion agreements are confidential and may only be released under subdivision (7) of subsection 14 of section 620.010, RSMo.

7. The committee shall report to the board the name of any licensee who fails to enter treatment within forty-eight hours following the provider's determination that the pharmacist needs treatment or any failure by a licensee to comply with the terms of a treatment contract during inpatient or outpatient treatment or aftercare or report a licensee who resumes the practice of pharmacy before the treatment provider has made a clear determination that the pharmacist is capable of practicing according to acceptable and prevailing standards.

8. The board may disclose information and records to the committee to assist the committee in the identification, intervention, treatment, and rehabilitation of any licensee who may be impaired by reason of illness, substance abuse, or as the result of any physical or mental condition. The committee shall keep all information and records provided by the board confidential to the extent the board is required to treat the information and records as closed to the public under chapter 620, RSMo.

9. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.”; and

House Amendment No. 2

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 252, Section 41.1016, Page 4, Line 5, by inserting after all of said line the following:

“143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(a) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit;

(b) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (a) of subsection 3 of this section. The amount added pursuant to this paragraph shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code. The reduction shall only be made if it is at least five hundred dollars;

(c) The amount of any deduction that is included in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002; and

(d) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by Section 172(b)(1)(G) and Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal income taxes but disallowed against Missouri income taxes pursuant to this paragraph since July 1, 2002, may be carried forward and taken against any loss on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(a) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this paragraph shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this paragraph. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(b) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(c) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a

taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(d) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(e) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(f) The portion of capital gain specified in section 135.357, RSMo, that would otherwise be included in federal adjusted gross income; [and]

(g) The amount that would have been deducted in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002; **and**

(h) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which armed forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE CONCURRENT RESOLUTION NO. 14

WHEREAS, the State of Missouri recognizes that over 1,033,886 residents of all ages in this state receive guaranteed Social Security benefits which allow them to live without sinking into poverty or suffering from a diminished quality of life because of retirement, disability, or the death of a parent or spouse; and

WHEREAS, Social Security protects Missourians by providing guaranteed benefits not only for retirees, but also for 184,858 disabled workers and their families, as well as for almost 90,000 children in our state; and

WHEREAS, Social Security is particularly critical to the 420,699 Missouri women who receive benefits since women typically live longer, earn less money, and generally spend less time in the labor force due to child care responsibilities; and

WHEREAS, Social Security is a progressive program that continues to pay guaranteed benefits for the duration of the recipients' lifetimes, that is indexed for inflation, that functions with extreme efficiency, and that currently operates with a surplus; and

WHEREAS, the nonpartisan Congressional Budget Office (CBO) predicts that there will be no shortfall until 2052, when Social Security will be able to pay only 80% of recipients' benefits due to insufficient revenue from payroll tax; and

WHEREAS, in the past, the Social Security Trust Fund has encountered similar challenges, including larger projected shortfalls during the 1980's, which were resolved without privatization schemes and without reducing guaranteed benefits for the elderly, disabled, and children; and

WHEREAS, future Social Security recipients would also pay a much higher cost for private accounts than for the guaranteed benefits current recipients receive since the current system spends just 0.6 cents of every dollar on administrative costs while a private accounts system would waste at least 5 cents of every dollar; and

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, First Regular Session, the Senate concurring therein, hereby call upon the Missouri Congressional Delegation to recognize the unique features of Social Security: guaranteed benefits, protection from market fluctuations, inflation indexing, lifelong protection in case of disability, death of a spouse or parent, and insufficient retirement income, progressive benefits that are linked to earnings and that cannot lose value over the recipient's lifetime; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for President George W. Bush, the members of the Missouri Congressional Delegation, and Governor Matt Blunt.

On motion of Representative Dempsey, the House adjourned until 10:00 a.m., Wednesday, April 27, 2005.

I, State Representative Terry Young, District 49, hereby state and affirm that my vote as recorded on the motion to adopt Part II to the House Committee Substitute for Senate Bill No. 189 in the House Journal for April 26, 2005 showing that I voted absent was incorrectly recorded. HOUSE BILL TAKEN FROM COMMITTEE PER CONSTITUTION

HCR 14, (4-26-05) - Zweifel

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTY-FOURTH DAY, WEDNESDAY, APRIL 27, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, we can not adequately speak of Your greatness and love. You have looked deep into our hearts, and You know all about us. You know when we are resting or when we are working, and from Heaven You know our thoughts. You notice everything we do and everywhere we go. Before we even speak a word, You know what we will say, and with Your powerful arm You protect us from harm. We can't understand all of this! Such wonderful knowledge is far above us.

So with this knowledge of You, we pray that our hearts would overflow with good thoughts; our words be articulate and well thought out; respectful not vicious. May the weariness of our minds and bodies not influence our viewpoint nor distort our focus.

We understand that our lives, for the most part, are shaped by our choices, but I don't forget what You have revealed: That our times are in Your hands.

Help us to take moments out of our busy day, to acknowledge You and give thanks for the simple things in life.

We ask these things of You, in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Whitney Tiberghien, Antonyse Willis, Chazmine English, Cecil Keyes, Quan Corbin-Jackson, Landon Franz, Lauren Franz, Kelsey Terry, Emily McQuillen, Lanu Atatai, Brandon Demoret, Scott Joolly, Eddie Napier, Brandon Parker, Grace Dixon and Sarah Osseck.

The Journal of the sixty-third day was approved as corrected.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, APRIL 28, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend John Arcovo.

Father,

We approach You today with full confidence in the power of Your name and the complete direction of Your word. We look once again to You today for divine guidance and wisdom. Your word instructs us that, "A man's heart deviseth his way: but the Lord directs his steps."

Let our steps be directed by You this day. We recognize that without You we can do nothing and echo the words of the Apostle Paul, "We can do all things through Christ which strengthened us."

May we ever remain a nation that stands for and adheres to the national motto, "In God We Trust".

Let our affairs and decisions be made with integrity and with Godly wisdom and compassion.

We ask these things in Your mighty, awesome name, Jesus. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Tylor Kraus, Tannor Kraus, Brianna Holloman, Dustin Whisnant, Austin McGinnis, Andrea Floyd, Tural Khaspoladov, Mikhail Morozov, Sona Harutyunyan, Dong Wook Kim, Daniel Stringer, Otabek Yuldashev, Alexandra Bahachova, Elin Nyysti, Rina Marie Maas-Deipenbrock, Supaporn Kovitkulkrai, James LaFloure, Jennifer Christian, Whitney Law and Travis Hahn.

The Journal of the sixty-fourth day was approved as corrected.

Representative Byrd assumed the Chair.

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCR 5**.

SENATE CONCURRENT RESOLUTION NO. 5

WHEREAS, following breast cancer, cervical cancer is the second most common cancer in women worldwide; and

WHEREAS, according to federal governmental statistics, cervical cancer is the third most common gynecological cancer among American women, with approximately 12,200 new cases diagnosed annually, 4,100 of which result in fatalities; and

WHEREAS, with regular and accurate screening, cervical cancer is highly preventable; widespread screening programs have helped to reduce death rates of women from cervical cancer, but women are still dying even with such advanced medical techniques and evaluative procedures; and

WHEREAS, cervical cancer cases in the United States are generally attributed to a lack of education, a reduction of access available to regular cervical cancer screening, and a lack of screening accuracy; and

WHEREAS, experience shows that increasing cervical cancer awareness among women, especially the underserved women within our state, significantly reduces the probability of mortality; and

WHEREAS, cervical cancer disproportionately affects minority women and women with lower incomes because they are less likely to have access to routine screening; and

WHEREAS, approximately half of all cervical cancer cases are in women who have never been screened, and ten percent of cases are in women who have not been screened within the last five years; and WHEREAS, the median age of cervical cancer patients at diagnosis is 47 years, the youngest median age for all female reproductive cancers; and

WHEREAS, new screening technologies, including FDA-approved testing for human papillomavirus, which is the cause of virtually all cervical cancers, offer new opportunities to finally eliminate this potentially deadly disease through early identification of women at increased risk; and

WHEREAS, leading medical organizations, including the American College of Obstetricians and Gynecologists, the American Cancer Society, and the Association of Reproductive Health Professionals, have recently updated their screening guidelines to include FDA-approved testing for the human papillomavirus; and

WHEREAS, women are entitled to proper cervical cancer information, so that they can be empowered to make informed healthcare decisions, and access to routine screening, including the most accurate methods available; and

WHEREAS, the Missouri General Assembly recognizes that through education and screening, women can lower their likelihood for developing cervical cancer, and that through early detection, cervical cancer can be successfully treated after it develops:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Third General Assembly, First Regular Session, the House of Representatives concurring therein, hereby supports the Missouri Department of Health and Senior Services and the Missouri Cancer Consortium in taking the lead in formulating the Comprehensive Cancer Action Plan for Missouri, including the review of data regarding cervical cancer and human papillomavirus of women in Missouri, evaluating current methods used to provide women with information regarding cervical cancer, access to regular screening, and options for increasing screening accuracy. The Missouri General Assembly supports the Missouri Department of Health and Senior Services and the Missouri Cancer Consortium in the identification of pockets of need, priority strategies, and new technologies, including newly introduced therapies and preventive vaccines which are effective in preventing and controlling cervical cancer; and

BE IT FURTHER RESOLVED that the Comprehensive Cancer Action Plan for Missouri, which serves as a nationwide model of effective cancer control strategies, be presented yearly to the Governor, Lieutenant Governor, President Pro Tem of the Senate, the Speaker of the House of Representatives and to be posted on the Missouri state website homepage; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Governor of Missouri, the Director of the Department of Health and Senior Services and the Director of the Missouri Cancer Consortium.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SS SCR 7**.

WHEREAS, doctors of chiropractic practice are in nearly 50 military treatment facilities, primarily testing musculoskeletal conditions and slowly are being added to the VA health care system; and

WHEREAS, there currently is no enterprise coordinating and guiding collaborative research efforts between preeminent chiropractic colleges, scientists, and the military researchers to address the primary questions surrounding integration of chiropractic into military health care environments; and

WHEREAS, there is a critical need to establish a robust, collaborative, national program to address the continued integration of chiropractic health care into the Department of Defense health care systems; and

WHEREAS, Logan College of Chiropractic and the Samueli Institute have proposed the establishment of a plan to create a new consortial Chiropractic Center for Military Research in Chesterfield, Missouri, on the campus of Logan College; and

WHEREAS, the Center will facilitate development of research capacity in the area of musculoskeletal research, education and training through linkages with researchers and scientists at chiropractic educational institutions with researchers within the Department of Defense and with scientists and researchers at the Samueli Institute; and

WHEREAS, the research program to be pursued by the collaborative consortial Chiropractic Center for Military Research will focus special, initial priority consideration on those musculoskeletal conditions that are affecting those active duty military and veterans participating in or returning from combat in Afghanistan and Iraq, including the role of chiropractic manipulation in the total care of those with amputations and prosthetics:

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTY-SIXTH DAY, MONDAY, MAY 2, 2005

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, righteousness and justice are the foundation of Your throne; mercy and truth go before You.

All Your works are true and Your ways just. May, at the end of the day, the same be said of us.

You have instructed us in Your Word that only through pride comes unprofitable debates, but with those who take advice is wisdom.

Lord God we ask of Your wisdom in all we do, for we are confident that the wisdom that comes from You directs us to be peaceful, reasonable, sensible, helpful, impartial and without hypocrisy.

As we make tough decisions today, may we do so with a focused mind and a servant's heart.

We ask these things of You, in the name of Your Son, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Joe Sherman.

The Journal of the sixty-fifth day was approved as corrected.

Radio broadcast equipment in all recovery periods shall continue in subsequent years to have the depreciation percentage last listed in the appropriate column so long as it is owned or held by the taxpayer.

137.079. Prior to setting its rates or rates as required by section 137.073, each taxing authority shall exclude from its total assessed valuation seventy-two percent of the total amount of assessed value of business personal property that is subject to an appeal at the state tax commission or in a court of competent jurisdiction in this state. This exclusion shall only apply to the portion of the assessed value of business personal property that is disputed in the appeal, and shall not exclude any portion of the same property that is not disputed. If the taxing authority uses a multi-rate approach as provided in section 137.073, this exclusion shall be made from the personal property class. The state tax commission shall provide each taxing authority with the total assessed value of business personal property within the jurisdiction of such taxing authority for which an appeal is pending no later than August 20 of each year. Whenever any appeal is resolved, whether by final adjudication or settlement, and the result of the appeal causes money to be paid to the taxing authority, the taxing authority shall not be required to make an additional adjustment to its rate or rates due to such payment once the deadline for setting its rates, as provided by this chapter, has passed in a taxable year, but shall adjust its rate or rates due to such payment in the next rate setting cycle to offset the payment in the next taxable year. For the purposes of this section, the term "business personal property", means tangible personal property which is used in a trade or business or used for production of income and which has a determinable life of longer than one year except that supplies used by a business shall also be considered business personal property, but shall not include livestock, farm machinery, property subject to the motor vehicle registration provisions of chapter 301, RSMo, property subject to the tables provided in section 137.078, or property assessed by the state tax commission under chapters 151, 153, and 155, RSMo, section 137.022, and sections 137.1000 to 137.1030."; and

Further amend said bill, Section 137.122, Pages 59 to 62, Lines 1 to 94, by deleting all of said lines and inserting in lieu thereof the following:

"137.122. 1. As used in this section, the following terms mean:

(1) "Business personal property", tangible personal property which is used in a trade or business or used for production of income and which has a determinable life of longer than one year except that supplies used by a business shall also be considered business personal property, but shall not include livestock, farm machinery, grain and other agricultural crops in an unmanufactured condition, property subject to the motor vehicle registration provisions of chapter 301, RSMo, property assessed under section 137.078, or property assessed by the state tax commission under chapters 151, 153, and 155, RSMo, section 137.022, and sections 137.1000 to 137.1030;

(2) "Class life", the class life of property as set out in the federal Modified Accelerated Cost Recovery System life tables or their successors under the Internal Revenue Code as amended;

(3) "Economic or functional obsolescence", a loss in value of personal property above and beyond physical deterioration and age of the property. Such loss may be the result of economic or functional obsolescence or both;

(4) "Original cost", the price the current owner, the taxpayer, paid for the item without freight, installation, or sales or use tax. In the case of acquisition of items of personal property as part of an acquisition of an entity, the original cost shall be the historical cost of those assets remaining in place and in use and the placed in service date shall be the date of acquisition by the entity being acquired;

(5) "Placed in service", property is placed in service when it is ready and available for a specific use, whether in a business activity, an income-producing activity, a tax-exempt activity, or a personal activity. Even if the property is not being used, the property is in service when it is ready and available for its specific use;

(6) "Recovery period", the period over which the original cost of depreciable tangible personal property shall be depreciated for property tax purposes and shall be the same as the recovery period allowed for such property under the Internal Revenue Code.

2. To establish uniformity in the assessment of depreciable tangible personal property, each assessor shall use the standardized schedule of depreciation in this section to determine the assessed valuation of depreciable tangible personal property for the purpose of estimating the value of such property subject to taxation under this chapter.

3. For purposes of this section, and to estimate the value of depreciable tangible personal property for mass appraisal purposes, each assessor shall value depreciable tangible personal property by applying the class life and recovery period to the original cost of the property according to the following depreciation schedule. The percentage shown for the first year shall be the percentage of the original cost used for January first of the year

following the year of acquisition of the property, and the percentage shown for each succeeding year shall be the percentage of the original cost used for January first of the respective succeeding year as follows:

Depreciable tangible personal property in all recovery periods shall continue in subsequent years to have the depreciation factor last listed in the appropriate column so long as it is owned or held by the taxpayer. The state tax commission shall study and analyze the values established by this method of assessment and in every odd-numbered year make recommendations to the joint committee on tax policy pertaining to any changes in this methodology, if any, that are warranted.

4. Such estimate of value determined under this section shall be presumed to be correct for the purpose of determining the true value in money of the depreciable tangible personal property, but such estimation may be disproved by substantial and persuasive evidence of the true value in money under any method determined by the state tax commission to be correct, including, but not limited to, an appraisal of the tangible personal property specifically utilizing generally accepted appraisal techniques, and contained in a narrative appraisal report in accordance with the Uniform Standards of Professional Appraisal Practice or by proof of economic or functional obsolescence or evidence of excessive physical deterioration. For purposes of appeal of the provisions of this section, the salvage or scrap value of depreciable tangible personal property may only be considered if the property is not in use as of the assessment date.

House Amendment No. 22

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 210, Section 44.090, Page 4, Line 59, by inserting after all of said line the following:

“50.333. 1. There shall be a salary commission in every nonchartered county.

2. The clerk **or court administrator** of the circuit court of the judicial circuit in which such county is located shall set a date, time and place for the salary commission meeting and serve as temporary chairman of the salary commission until the members of the commission elect a chairman from their number. Upon written request of a majority of the salary commission members the clerk **or court administrator** of the circuit court shall forthwith set the earliest date possible for a meeting of the salary commission. The circuit clerk **or court administrator** shall give notice of the time and place of any meeting of the salary commission. Such notice shall be published in a newspaper of general circulation in such county at least five days prior to such meeting. Such notice shall contain a general description of the business to be discussed at such meeting.

3. The members of the salary commission shall be:

- (1) The recorder of deeds if the recorder's office is separate from that of the circuit clerk;
- (2) The county clerk;
- (3) The prosecuting attorney;
- (4) The sheriff;
- (5) The county commissioners;
- (6) The collector or treasurer ex officio collector;
- (7) The treasurer or treasurer ex officio collector;
- (8) The assessor;
- (9) The auditor;
- (10) The public administrator; and
- (11) The coroner.

Members of the salary commission shall receive no additional compensation for their services as members of the salary commission. A majority of members shall constitute a quorum.

4. Notwithstanding the provisions of sections 610.021 and 610.022, RSMo, all meetings of a county salary commission shall be open meetings and all votes taken at such meetings shall be open records. Any vote taken at any meeting of the salary commission shall be taken by recorded yeas and nays.

5. In every county, the salary commission shall meet at least once before November thirtieth of each odd-numbered year. The salary commission may meet as many times as it deems necessary and may meet after November thirtieth and prior to December fifteenth of any odd-numbered year if the commission has met at least once prior to

November thirtieth of that year. At any meeting of the salary commission, the members shall elect a chairman from their number. The county clerk shall present a report on the financial condition of the county to the commission once the chairman is elected, and shall keep the minutes of the meeting.

6. For purposes of this section, the 1988 base compensation is the compensation paid on September 1, 1987, plus the same percentage increase paid or allowed, whichever is greater, to the presiding commissioner or the sheriff, whichever is greater, of that county for the year beginning January 1, 1988. Such increase shall be expressed as a percentage of the difference between the maximum allowable compensation and the compensation paid on September 1, 1987. At its meeting in 1987 and at any meeting held in 1988, the salary commission shall determine the compensation to be paid to every county officer holding office on January 1, 1988. The salary commission shall establish the compensation for each office at an amount not greater than that set by law as the maximum compensation. If the salary commission votes to increase compensation, but not to pay the maximum amount authorized by law for any officer or office, then the increase in compensation shall be the same percentage increase for all officers and offices and shall be expressed as a percentage of the difference between the maximum allowable compensation and the compensation being received at the time of the vote. If two-thirds of the members of the salary commission vote to decrease the compensation being received at the time of the vote below that compensation, all officers shall receive the same percentage decrease. The commission may vote not to increase or decrease the compensation and that compensation shall continue to be the salary of such offices and officers during the subsequent term of office.

7. For the year 1989 and every second year thereafter, the salary commission shall meet in every county as many times as it deems necessary on or prior to November thirtieth of any such year for the purpose of determining the amount of compensation to be paid to county officials. For each year in which the commission meets, the members shall elect a chairman from their number. The county clerk shall present a report on the financial condition of the county to the commission once the chairman is elected, and shall keep minutes of the meeting. The salary commission shall then consider the compensation to be paid for the next term of office for each county officer to be elected at their next general election. If the commission votes not to increase or decrease the compensation, the salary being paid during the term in which the vote was taken shall continue as the salary of such offices and officers during the subsequent term of office. If the salary commission votes to increase the compensation, all officers or offices whose compensation is being considered by the commission at that time, shall receive the same percentage of the maximum allowable compensation. However, for any county in which all offices' and officers' salaries have been set at one hundred percent of the maximum allowable compensation, the commission may vote to increase the compensation of all offices except that of full-time prosecuting attorneys at that or any subsequent meeting of the salary commission without regard to any law or maximum limitation established by law. Such increase shall be expressed as a percentage of the compensation being paid during the term of office when the vote is taken, and each officer or office whose compensation is being established by the salary commission at that time shall receive the same percentage increase over the compensation being paid for that office during the term when the vote is taken. This increase shall be in addition to any increase mandated by an official's salary schedule because of changes in assessed valuation during the current term. If the salary commission votes to decrease the compensation, a vote of two-thirds or more of all the members of the salary commission shall be required before the salary or other compensation of any county office shall be decreased below the compensation being paid for the particular office on the date the salary commission votes, and all officers and offices shall receive the same percentage decrease.

8. The salary commission shall issue, not later than December fifteenth of any year in which it meets, a report of compensation to be paid to each officer and the compensation so set shall be paid beginning with the start of the subsequent term of office of each officer. The report of compensation shall be certified to the clerk of the county commission for the county and shall be in substantially the following form:

The salary commission for County hereby certifies that it has met pursuant to law to establish compensation for county officers to be paid to such officers during the next term of office for the officers affected. The salary commission reports that there shall be (no increase in compensation) (an increase of percent) (a decrease of percent) (county officer's salaries set at percent of the maximum allowable compensation). Salaries shall be adjusted each year on the official's year of incumbency for any change in the last completed assessment that would affect the maximum allowable compensation for that office.

9. For the meeting in 1989 and every meeting thereafter, in the event a salary commission in any county fails, neglects or refuses to meet as provided in this section, or in the event a majority of the salary commission is unable to reach an agreement and so reports or fails to certify a salary report to the clerk of the county commission by December fifteenth of any year in which a report is required to be certified by this section, then the compensation being paid to each affected office or officer on such date shall continue to be the compensation paid to the affected office or officer during the succeeding term of office.

10. Other provisions of law notwithstanding, in every instance where an officer or employee of any county is paid a mileage allowance or reimbursement, the county commission shall allow or reimburse such officers or employees out of the county treasury at the highest rate paid to any county officer for each mile actually and necessarily traveled in the performance of their official duties. The county commission of any county may elect to pay a mileage allowance for any county commissioner for travel going to and returning from the place of holding commission meetings and for all other necessary travel on official county business in the personal motor vehicle of the commissioner presenting the claim. The governing body of any county of the first classification not having a charter form of government may provide by order for the payment of mileage expenses of elected and appointed county officials by payment of a certain amount monthly which would reflect the average monthly mileage expenses of such officer based on the amount allowed pursuant to state law for the payment of mileage for state employees. Any order entered for such purpose shall not be construed as salary, wages or other compensation for services rendered.

11. The term "maximum allowable compensation" as used in this section means the highest compensation which may be paid to the specified officer or office in the particular county based on the salary schedule established by law for the specified officer or office. If the salary commission at its meeting in 1987 voted for one hundred percent of the maximum allowable compensation and does not change such vote at its meeting held within thirty days after May 13, 1988, as provided in subsection 6 of this section, the one hundred percent shall be calculated on the basis of the total allowable compensation permitted after May 13, 1988.

12. At the salary commission meeting which establishes the percentage rate to be applied to county officers during the next term of office, the salary commission may authorize the further adjustment of such officers' compensation as a cost-of-living component and effective January first of each year, the compensation for county officers may be adjusted by the county commission, and if the adjustment of compensation is authorized, the percentage increase shall be the same for all county officers, not to exceed the percentage increase given to the other county employees. The compensation for all county officers may be set as a group, although the change in compensation will not become effective until the next term of office for each officer.

13. At the salary commission meeting in 1997 which establishes the salaries for those officers to be elected at the general election in 1998, the salary commission of each noncharter county may provide salary increases for associate county commissioners elected in 1996. This one-time increase is necessitated by the change from two- to four-year terms for associate commissioners pursuant to house bill 256, passed by the first regular session of the eighty-eighth general assembly in 1995."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Nolte, **House Amendment No. 22** was adopted.

Representative Bruns offered **House Amendment No. 23**.

2. In order to qualify for tax deferral under this section, the following requirements must be met when the claim is filed and thereafter so long as the payment of taxes by the taxpayer is deferred:

(1) The property must be the homestead of the taxpayer who files the claim for deferral, except for a taxpayer required to be absent from the homestead by reason of health who owns the dwelling jointly with one or more individuals who qualify for the deferral;

(2) The homestead must be located in a county with a charter form of government and with more than one million inhabitants;

(3) There must be no prohibition to the deferral of property taxes contained in any provision of federal law, rule, or regulation applicable to a mortgage, trust deed, land sale contract for which the homestead is security;

(4) The equity interest in the homestead must equal or exceed ten percent of the true value in money of the homestead; and

(5) The taxpayer claiming the deferral must show proof of, and maintain throughout the deferral period, insurance on the homestead in an amount equal to or exceeding the assessed value of the homestead.

3. A taxpayer's claim for deferral under this section shall be filed with the county assessor in writing on a form supplied by the department of revenue and shall:

(1) Describe the homestead;

(2) Recite facts establishing the eligibility for the deferral under the provisions of section 137.102, including facts that establish that the household income of the individual or individuals in the household was, for the calendar year immediately preceding the calendar year in which the claim was filed, seventy thousand dollars or less; or

(3) Have attached any documentary proof required by the director to show that the requirements of this section have been met. A federal income tax return shall be determined as proof of eligibility under this income guideline.

4. The county assessor shall forward each claim filed under this section to the director of revenue, who shall determine if the property is eligible for deferral. If eligibility for deferral of homestead property taxes is established, the director of revenue shall notify the county assessor collector who shall show on the current ad valorem assessment and tax roll which property is tax-deferred property by an entry clearly designating such property as tax-deferred property.

5. The portion of increased taxes due beyond the total base amount of ad valorem property taxes paid in 2005 shall be deferred, and the county assessor or collector shall maintain accounts for each deferred property and shall accrue interest only on the amount of taxes deferred. The interest rate shall be two and one-half percent annually. The director of revenue shall have a lien on the homestead property in the amount of the deferred taxes and interest due.

6. The lien created under this section shall have the same priority as other real property tax liens except that the lien of mortgages, trust deeds, or security interests which are recorded or noted on a certificate of title prior in time to the attachment of the lien for deferred taxes shall be prior to the liens for deferred taxes.

7. Deferred ad valorem taxes and accrued interest shall become due and payable when:

(1) The taxpayer who claimed deferment of collection of property taxes on the homestead dies, or if there was more than one claimant, the survivor of the taxpayer who originally claimed the deferment of collection of property taxes under this section dies;

(2) The property with respect to which deferment of collection of taxes is claimed is sold or otherwise transferred;

(3) The tax-deferred property is no longer the homestead of the taxpayer who claimed the deferral, except in the case of a taxpayer required to be absent from such tax-deferred property by reason of health who owns the dwelling jointly with one or more individuals who qualify for the deferral;

(4) The tax-deferred property is a manufactured structure or floating home which is moved out of the state.

8. Whenever any of the circumstances listed in this subsection occurs, the deferral of taxes for the assessment year in which the circumstance occurs shall continue for such assessment year, and the amounts of deferred property taxes, including accrued interest, for all years shall be due and payable on the date of closing or the date of probate to the director of revenue. If the homestead property is removed from the state, the amount of deferred taxes shall be due and payable five days before the date of removal of the property from the state. All payments of deferred taxes shall be made to the county collector and shall be distributed in accordance with the then-current distribution plan.

9. Subsection 1 of this section shall not apply to payment for real property taxes by financial institutions, as defined in section 381.410, RSMo, who pay tax obligations that they service from escrow accounts, as defined in Title 24, Part 3500, Section 17, Code of Federal Regulation, as amended.

10. The provisions of this section shall automatically sunset five years after the effective date of this section unless reauthorized by an act of the general assembly."; and

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTY-SEVENTH DAY, TUESDAY, MAY 3, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

An issue before you is a balanced budget. The noun balance means a state of equilibrium or harmony, a state of harmony of various parts.

Almighty God, so many needs command our attention: infrastructure, education, health care, the needy.....for each of us there are areas of special responsibilities and interests. As we work to meet one need before us, give us vision to see the effect on other needs. Help all of us to work together to create a true harmony among the various parts.

Then we will be doing our part to create a society with true equity and justice for all. Only then will we be giving You worthy honor and glory.

We pray to You who are our God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Joseph Dahlia, Amber Sinamon, Liam Williams, Erdal Gledovic, Christina Schreiber, Suzanne Stumpf, Colleen Smyth, Emily Keppel, Michael Schonhoff and Matthew Kuelker.

The Journal of the sixty-sixth day was approved as printed.

SPECIAL RECOGNITION

Mary Ruth Brooks of Marshfield was introduced by Representative Cunningham (145) and recognized as an Outstanding Missourian.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTY-EIGHTH DAY, WEDNESDAY, MAY 4, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, it is true, that the grass withers and the wild flowers fade, but Your Word stands firm and eternal.

From Your mouth come words of wisdom and from those thoughts our hearts receive knowledge.

Lord God, apart from things competing for our attention outside these Chambers, there is the mounting pressure on us to meet mandated deadlines.

May Your peace, that passes all understanding, act as a pressure release valve, so that anxiety will not build to explosive heights and hinder our progress. Give us words of encouragement that we might find joy in times of stress.

May You grant us understanding in all things.

In the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kory Beck, Daniel Crum II, Jacklyn Erger, Ashley Shatto, Katharine Loher, Raymond Williams, Kate Drollinger, Alex Rieger, Taylor Peacock, Andrew Riggs, Laney Shelby, Lacey Hunn, Tevon Lee, Clay Ames, Sarah Rinne and Sarah Whitworth.

Representative Cunningham (145) introduced Devin Cogdill of Rogersville who performed “The Star-Spangled Banner” and “Down to the River to Pray”.

The Journal of the sixty-seventh day was approved as corrected.

In addition, election authorities shall forward registration and other data in a manner prescribed by the secretary of state to comply with the Help America Vote Act of 2002. Except as provided in subsection 2 of this section, the election authority shall also furnish, for a fee, electronic media or a printout showing the names, dates of birth and addresses of voters, or any part thereof, within the jurisdiction of the election authority who voted in any specific election, including primary elections, by township, ward or precinct, provided that nothing in this chapter shall require such voter information to be released to the public over the Internet. The amount of fees charged for information provided in this section shall be established pursuant to chapter 610, RSMo. All revenues collected by the secretary of state pursuant to this section shall be deposited in the state treasury and credited to the secretary of state's technology trust fund account

established pursuant to section 28.160, RSMo. In even-numbered years, each election authority shall, upon request, supply the voter registration list for its jurisdiction to all candidates and party committees for a charge established pursuant to chapter 610, RSMo. Except as provided in subsection 2 of this section, all election authorities shall make the information described in this section available pursuant to chapter 610, RSMo. Any person working as an undercover officer of a local, state or federal law enforcement agency, persons in witness protection programs, and victims of domestic violence and abuse who have received orders of protection pursuant to chapter 455, RSMo, shall be entitled to apply to the circuit court having jurisdiction in his or her county of residence to have the residential address on his or her voter registration records closed to the public if the release of such information could endanger the safety of the person. Any person working as an undercover agent or in a witness protection program shall also submit a statement from the chief executive officer of the agency under whose direction he or she is serving. The petition to close the residential address shall be incorporated into any petition for protective order provided by circuit clerks pursuant to chapter 455, RSMo. If satisfied that the person filing the petition meets the qualifications of this subsection, the circuit court shall issue an order to the election authority to keep the residential address of the voter a closed record and the address may be used only for the purposes of administering elections pursuant to this chapter. The election authority may require the voter who has a closed residential address record to verify that his or her residential address has not changed or to file a change of address and to affirm that the reasons contained in the original petition are still accurate prior to receiving a ballot. A change of address within an election authority's jurisdiction shall not require that the voter file a new petition. Any voter who no longer qualifies pursuant to this subsection to have his or her residential address as a closed record shall notify the circuit court. Upon such notification, the circuit court shall void the order closing the residential address and so notify the election authority.”; and

Further amend the title and enacting clause accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SIXTY-NINTH DAY, THURSDAY, MAY 5, 2005

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Paul Woody, Staff of Representative Paul LeVota.

It helps, now and then, to step back and take a long view.

The kingdom is not only beyond our efforts, it is even beyond our vision.

We accomplish in our lifetime only a tiny fraction of the magnificent enterprise that is God's work. Nothing we do is complete, which is a way of saying that the kingdom always lies beyond us. No statement says all that could be said. No prayer fully expresses our faith. No confession brings perfection. No pastoral visit brings wholeness. No program accomplishes the church's mission. No set of goals and objectives includes everything.

This is what we are about. We plant the seeds that one day will grow. We water seeds already planted, knowing that they hold future promise.

We lay foundations that will need further development. We provide yeast that produces far beyond our capabilities. We cannot do everything and there is a sense of liberation in realizing that. This enables us to do something, and to do it very well. It may be incomplete, but it is a beginning, a step along the way, an opportunity for the Lord's grace to enter and do the rest.

We may never see the end results, but that is the difference between the master builder and the worker.

We are workers, not master builders; ministers, not messiahs. We are prophets of a future not our own.

Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Christopher James Kessler, Cory Lewis, Amanda Rhodes, Lloyd Byrd, Suzanne Myszkowski, Augusta Vinson, Makayla McGruder, Ellie McGruder, Olivia Huett, Jasmine Kille and Matt Henderson.

The Journal of the sixty-eighth day was approved as printed.

contract with such sewer provider to terminate water services to any water user of such water provider for nonpayment of a delinquent sewer bill owed to such sewer provider.

2. Any water provider, or independent contractor acting for a water provider, acting under a contract with a sewer provider under this section shall be exempt from all civil liability whatsoever arising from or related to termination of water services under any such contract.

3. In the event that any water provider and any sewer provider are unable to reach an agreement as provided in this section within six months of the receipt of such request by the water provider, then the sewer provider making the written request may file with the circuit court in which such water provider was incorporated, or if such water provider was not incorporated by a circuit court, then with a circuit court having jurisdiction of the water provider, a petition requesting that three commissioners be selected to draft such an agreement.

4. Any agreement drafted by the commissioners or entered into under this section shall contain the following provisions:

(1) The rules and regulations or ordinances of the sewer provider shall provide that the number of days of delinquency required before water service is discontinued for failure to pay for sewage service shall be equal to the number of days of delinquency required before water service is discontinued for failure to pay for water service under the rules and regulations of the water provider;

(2) The water provider shall not be required to discontinue water service to the sewer user for failure to pay the charges or rental due therefor unless the sewer provider shall first give a written notice to the water provider to do so. Such notice shall include the due date, amount of the delinquent bill, and all penalties and interest thereon. When payment of such amount is received by the water provider the provider shall restore water service to the water and sewer user, provided the water bill of such user owed to the water provider is not delinquent;

If at any time it fails to do so and furnish such certificate of insurance to the water provider and such independent contractor, the water provider and such independent contractor may cease to make water service terminations until such requirement is satisfied.

(4) The agreement shall provide that any loss of revenue incurred by the water provider as a result of discontinuing water service because of the failure of any sewage user to pay the charges or rental therefor shall be paid to the water provider by the sewer provider. Such amounts include, but are not limited to, loss of revenue by the water provider caused by disconnection of water service for a sewer bill delinquency when the water bill is not delinquent;

(5) When a water provider is collecting delinquent amounts for both the water and sewer service, all delinquent payments due to both the water and sewer provider shall be received by the water provider before water service is restored. If for any reason water service is never restored, any amount collected for delinquent accounts due both water and sewer provider shall be divided between the water provider and the sewer provider so that each receives the percentage of the amount owed to it;

(6) The agreement shall provide that in the event the water provider or any independent contractor who performs such agreement under contract with the water provider incurs attorney fees or other costs not covered by insurance as a result of any claim, litigation, or threatened litigation against the water provider or independent contractor which exceeds the limits of insurance coverage provided to the water provider or independent contractor by the sewer provider as stated in this section, the sewer provider shall reimburse such amounts to the water provider or independent contractor;

(7) The agreement shall contain a provision providing that the expense and cost of the water provider shall be recalculated annually and that the amount due it during the subsequent year shall be increased or decreased according to any change occurring in the costs and expenses; alternatively, upon agreement of the parties to the agreement, the agreement may provide for annual increases or decreases based upon the percentage of increase or decrease in the National Consumers Price Index for All Urban Consumers, unadjusted for seasonal variation, as published by the United States Department of Labor for the most recent date prior to the annual anniversary date of the execution of the agreement;

(8) All expense and cost incurred by the water provider in performing or carrying out the agreement shall be reimbursed to the water provider by the sewer provider. The reimbursement shall be made monthly, bi-

monthly, or quarterly. In determining such expense incurred by the water provider, the commissioners shall consider the following items of expense, whether such items will be incurred by the water provider, at the time the agreement is executed or in the future, and if so, the amount of such expense attributable to such agreement at the time such agreement is executed and in the future:

(a) All personnel expense including, but not limited to, wages and salaries, employment taxes, retirement benefits, employment benefits, health insurance, and workers' compensation insurance;

(b) All expense incurred by payments to independent contractors who perform or carry out the agreement under contract with the water provider;

(c) Equipment expenses;

(d) Computer and computer program expense;

(e) Office space expense;

(f) Insurance expense attributable to the agreement between the water provider and the sewer provider, including the additional insurance expense of any independent contractor who performs or carries out the agreement under contract with such water provider;

(g) All other expense attributable to the agreement between the water and sewer provider;

(9) The agreement shall terminate in twenty years unless a different term is agreed upon by the parties. Upon termination, the parties may agree to an extension thereof, not to exceed an additional twenty years;

(10) If ownership of either the sewer system of the sewer provider or the water system of the water provider is transferred to another entity or person, the agreement shall terminate at the time of the transfer, unless the new owner and remaining owner agree otherwise.

5. Upon the filing of such petition, the sewer provider shall appoint one commissioner. The water provider shall appoint a commissioner within thirty days of the service of the petition upon it. If the water provider fails to appoint a commissioner within such time period, the court shall appoint a commissioner on behalf of the water provider within forty-five days of service of the petition on the water provider. The two named commissioners shall agree to appoint a third commissioner within thirty days after the appointment of the second commissioner, but in the event that they fail to do so, the court shall appoint a third commissioner within sixty days after the appointment of the second commissioner.

6. The commissioners shall draft an agreement between the water provider and sewer provider meeting the requirements established in this section. Before drafting such agreement, the water provider and sewer provider shall be given an opportunity to present evidence and information pertaining to such agreement at a hearing to be held by the commissioners, of which each party shall receive fifteen days written notice. The hearing may be continued from time to time by the commissioners. The commissioners shall consider all evidence and information submitted to them and prepare such agreement as provided under this section. The agreement shall be submitted to the court within ninety days of the selection or appointment of the last commissioner as provided under this section.

7. If the court finds that the agreement is fair, reasonable, and meets the requirements of this section, then the court shall enter its judgment approving the agreement and order it to become effective sixty days after the date of such judgment. If the court finds such agreement is not fair and reasonable or does not meet the requirements of this section, the court shall return it to the commissioners with its reasons for rejecting the agreement. The commissioners shall make the required changes and resubmit the agreement to the court. Upon approval of the agreement by the court, judgment shall be entered approving the agreement and ordering it to become effective sixty days after the date of such judgment. Thereafter, the parties shall abide by such agreement. If either party fails to do so, the other party may file an action to compel compliance. Venue shall be in the court issuing such judgment.

8. The judgment and order of the court shall be subject to appeal as provided by law. All costs, including commissioners' compensation, shall be taxed to and paid by the sewer provider requesting an agreement. The court shall also order payment of a reasonable attorney fee and fees of expert witnesses of the water provider by the sewer provider to the water provider.”; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 6

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 58, Page 132, Section 136.160, Line 2, by inserting immediately after said line the following:

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, **or as excess home dock city or county fees as provided in subsection 4 of section 313.820, RSMo**, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term “tax revenue”, as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have

been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and

section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one-hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. Within thirty days after the effective date of this act, the state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be *prima facie* valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed

the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall report such amount of tax collected by December thirty-first of each year such property is assessed to the state tax commission. The state tax commission shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year.

11. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the

effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend said bill, page ____, section ____, line ____, by inserting immediately after said line the following:

“313.800. 1. As used in sections 313.800 to 313.850, unless the context clearly requires otherwise, the following terms mean:

(19) “Supplier”, a person who sells or leases gambling equipment and gambling supplies to any licensee.

2. In addition to the games of skill referred to in subdivision [(12)] (14) of subsection 1 of this section, the commission may approve other games of skill upon receiving a petition requesting approval of a gambling game from any applicant or licensee. The commission may set the matter for hearing by serving the applicant or licensee with written notice of the time and place of the hearing not less than five days prior to the date of the hearing and posting a public notice at each commission office. The commission shall require the applicant or licensee to pay the cost of placing a notice in a newspaper of general circulation in the applicant's or licensee's home dock city or county. The burden of proof that the gambling game is a game of skill is at all times on the petitioner. The petitioner shall have the affirmative responsibility of establishing his or her case by a preponderance of evidence including:

- (1) Is it in the best interest of gaming to allow the game; and
- (2) Is the gambling game a game of chance or a game of skill?

All testimony shall be given under oath or affirmation. Any citizen of this state shall have the opportunity to testify on the merits of the petition. The commission may subpoena witnesses to offer expert testimony. Upon conclusion of the hearing, the commission shall evaluate the record of the hearing and issue written findings of fact that shall be based exclusively on the evidence and on matters officially noticed. The commission shall then render a written decision on the merits which shall contain findings of fact, conclusions of law and a final commission order. The final commission order shall be within thirty days of the hearing. Copies of the final commission order shall be served on the petitioner by certified or overnight express mail, postage prepaid, or by personal delivery.

313.820. 1. An excursion boat licensee shall pay to the commission an admission fee of two dollars for each person embarking on an excursion gambling boat with a ticket of admission. One dollar of such fee shall be deposited to the credit of the gaming commission fund as authorized pursuant to section 313.835, and one dollar of such fee shall not be considered state funds and shall be paid to the home dock city or county. Subject to appropriation, one cent of such fee deposited to the credit of the gaming commission fund may be deposited to the credit of the compulsive gamblers fund created pursuant to the provisions of section 313.842. Nothing in this section shall preclude any licensee from charging any amount deemed necessary for a ticket of admission to any person embarking on an excursion gambling boat. If tickets are issued which are good for more than one excursion, the admission fee shall be paid to the commission for each person using the ticket on each excursion that the ticket is used. If free passes or complimentary admission tickets are issued, the excursion boat licensee shall pay to the commission the same fee upon these passes or complimentary tickets as if they were sold at the regular and usual admission rate; however, the excursion boat licensee may issue fee-free passes to actual and necessary officials and employees of the licensee or other persons actually working on the excursion gambling boat. The issuance of fee-free passes is subject to the rules of the commission, and a list of all persons to whom the fee-free passes are issued shall be filed with the commission.

2. All licensees are subject to all income taxes, sales taxes, earnings taxes, use taxes, property taxes or any other tax or fee now or hereafter lawfully levied by any political subdivision; however, no other license tax, permit tax, occupation tax, excursion fee, or taxes or fees shall be imposed, levied or assessed exclusively upon licensees by a political subdivision. All state taxes not connected directly to gambling games shall be collected by the department of revenue. Notwithstanding the provisions of section 32.057, RSMo, to the contrary, the department of revenue may furnish and the commission may receive tax information to determine if applicants or licensees are complying with the tax laws of this state; however, any tax information acquired by the commission shall not become public record and shall be used exclusively for commission business.

3. Effective fiscal year 2008 and each fiscal year thereafter, the amount of revenue derived from admission fees paid to a home dock city or county shall not exceed the percentage of gross revenue realized by the home dock city or county attributable to such admission fees for fiscal year 2007. In the case of a new casino, the provisions of this section shall become effective two years from the opening of such casino and the amount of revenue derived from admission fees paid to a home dock city or county shall not exceed the average percentage of gross revenue realized by the home dock city or county attributable to such admission fees for the first two fiscal years in which such casino opened for business. Effective fiscal year 2010 and each subsequent fiscal year until fiscal year 2015, the percentage of all revenue derived by a home dock city or county from such admission fees used for expenditures other than capital, cultural, and special law enforcement purpose expenditures shall be limited to not more than thirty percent. Effective fiscal year 2015 and each subsequent fiscal, the percentage

of all revenue derived by a home dock city or county from such admission fees used for expenditures other than capital, cultural, and special law enforcement purpose expenditures shall be limited to not more than twenty percent.

4. Senate Amendment No. 8

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 58, Page 130, Section 105.711, Line 11, by inserting immediately after said line the following:

“135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) “Claimant”, a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the armed forces of the United States or this state who became one hundred percent disabled as a result of such service, or the claimant or spouse is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require, or if the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed. **A claimant shall not be allowed a property tax credit if the claimant filed a valid claim for a credit under section 137.106 in the year following the year for which the property tax credit is claimed.** The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) “Disabled”, the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) “Gross rent”, amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax

credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4) "Homestead", the dwelling in Missouri owned or rented by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

(5) "Income", Missouri adjusted gross income as defined in section 143.121, RSMo, less two thousand dollars as an exemption for the claimant's spouse residing at the same address, and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

(6) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part;

(7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year.

137.106. 1. This section may be known and may be cited as "The Missouri Homestead Preservation Act".

2. As used in this section, the following terms shall mean:

(1) "Department", the department of revenue;

(2) "Director", the director of revenue;

(3) "Disabled", as such term is defined in section 135.010, RSMo;

(4) "Eligible owner", any individual owner of property who is sixty-five years old or older as of January first of the tax year in which the individual is claiming the credit or who is disabled, and who had an income of equal to or less than the maximum upper limit in the year prior to completing an application pursuant to subsection 4 of this section; in the case of a married couple owning property either jointly or as tenants by the entirety, or where only one spouse owns the property, such couple shall be considered an eligible taxpayer if both spouses have reached the age of sixty-five or if one spouse is disabled, or if one spouse is at least sixty-five years old and the other spouse is at least sixty years old, and the combined income of the couple in the year prior to completing an application pursuant to subsection 4 of this section did not exceed the maximum upper limit; **in the case of property held in trust, the eligible owner and recipient of the tax credit shall be the trust itself provided the previous owner of the homestead or the previous owner's spouse: is the settlor of the trust with respect to the homestead; currently resides in such homestead; and but for the transfer of such property would have satisfied the age, ownership, and maximum upper limit requirements for income as defined in subdivisions 7 and 8 of this subsection;** no individual shall be an eligible

owner if the individual has not paid their property tax liability, if any, in full by the payment due date in any of the three prior tax years, except that a late payment of a property tax liability in any prior year, [not including the year in which the application was completed,] shall not disqualify a potential eligible owner if such owner paid in full the tax liability and any and all penalties, additions and interest that arose as a result of such late payment; no individual shall be an eligible owner if such person [qualifies] **filed a valid claim** for the senior citizens property tax relief credit pursuant to sections 135.010 to 135.035, RSMo;

(5) "Homestead", as such term is defined pursuant to section 135.010, RSMo, except as limited by provisions of this section to the contrary. No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, **except where an eligible owner of the property has made such improvements to accommodate a disabled person;**

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection [8] 10 of this section. **For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005 and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application;**

(7) "Income", federal adjusted gross income, **and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;**

(8) "Maximum upper limit", in the calendar year 2005, the income sum of seventy thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. **If application is made in 2005**, any potential eligible owner may apply for the homestead exemption credit by completing an application through their local assessor's office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor's office by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property; and
- (4) That any improvements made to the homestead, **not made to accommodate a disabled person**, did not total more than five percent of the prior year appraised value.

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. **If application is made in 2005**, the assessor, upon [receiving] **request for** an application, shall:

- (1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor's property record card;
- (2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks **for inclusion on the form;**
- (3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and
- (4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April 1 and September 30 of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property;
- (4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value; and
- (5) The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

7. Each applicant shall send the application to the department by September thirtieth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

[7.] **8. If application is made in 2005**, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible owners shall be disqualified from receiving the credit in the current tax year.

[8.] **9. If application is made after 2005, upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income is verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.**

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

[9.] **11.** [If, in any given year.] **For applications made in 2005**, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

[10.] **12.** After setting the homestead exemption limit **for applications made in 2005**, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation **and assessment fund allocation** to the county collector's funds of each county **or the treasurer ex officio collector's fund in counties with a township form of government** where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section plus the one-quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector **or the treasurer ex officio collector in counties with a township form of government**, shall be deposited in the county collector's fund of a county **or the treasurer ex officio collector's fund** or may be sent by mail to the collector of a county, **or the treasurer ex officio collector in counties with a township form of government**, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues **by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government**, so as to exactly offset each homestead exemption credit being issued. **In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.**

[11.] **13.** If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After setting the homestead exemption limit for applications made after 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex-officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

15. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly

including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

[12.] **16.** In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to [the mailing of the tax bill] **January first of the year in which the credit would otherwise be applied**, the credit shall be void and any corresponding moneys, pursuant to subsection 10 of this section, shall lapse to the state to be credited to the general revenue fund. **In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.**

[13.] **17.** This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

[14.] **18.** In accordance with the provisions of sections 23.250 to 23.298, RSMo, and unless otherwise authorized pursuant to section 23.253, RSMo:

(1) Any new program authorized under the provisions of this section shall automatically sunset six years after the effective date of this section; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.”; and

Further amend the title and enacting clause accordingly.

“99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) “Blighted area”, an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) “Collecting officer”, the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) “Conservation area”, any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) “Economic activity taxes”, the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing

district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) “Economic development area”, any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

(6) “Gambling establishment”, an excursion gambling boat as defined in section 313.800, RSMo, and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850, RSMo. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

(10) “Payment in lieu of taxes”, those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

(11) “Redevelopment area”, an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, RSMo, or a combination thereof, which area includes only those parcels of real property directly and substantially benefited by the proposed redevelopment project;

(12) “Redevelopment plan”, the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

(13) “Redevelopment project”, any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

(g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(15) "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

(16) "Taxing districts", any political subdivision of this state having the power to levy taxes;

If the homestead is located in a multi-unit building, the homestead is the portion of the building actually used as the principle dwelling and its percentage of the value of the common elements and of the value of the property upon which it is built. The percentage is the value of the unit consisting of the homestead compared to the total value of the building exclusive of common elements, if any;
- (2) “Household”, a person or group of persons living together in a room or group of rooms as a housing unit, but the term does not include persons boarding in or renting a portion of the dwelling;

(4) “Individual with a disability”, a taxpayer with a physical or mental impairment which substantially limits one or more of a person's major life activities, or who is regarded as having such an impairment, or has a record of having such an impairment;

2. In order to qualify for tax deferral under this section, the following requirements must be met when the claim is filed and thereafter so long as the payment of taxes by the taxpayer is deferred:

(1) The property must be the homestead of the taxpayer who files the claim for deferral, except for a taxpayer required to be absent from the homestead by reason of health who owns the dwelling jointly with one or more individuals who qualify for the deferral;

(2) The homestead must be located in a county with a charter form of government and with more than one million inhabitants;

(3) There must be no prohibition to the deferral of property taxes contained in any provision of federal law, rule, or regulation applicable to a mortgage, trust deed, land sale contract for which the homestead is security;

(4) The equity interest in the homestead must equal or exceed ten percent of the true value in money of the homestead; and

(5) The taxpayer claiming the deferral must show proof of, and maintain throughout the deferral period, insurance on the homestead in an amount equal to or exceeding the assessed value of the homestead.

3. A taxpayer's claim for deferral under this section shall be filed with the county assessor in writing on a form supplied by the department of revenue and shall:

(1) Describe the homestead;

(2) Recite facts establishing the eligibility for the deferral under the provisions of section 137.102, including facts that establish that the household income of the individual or individuals in the household was, for the calendar year immediately preceding the calendar year in which the claim was filed, seventy thousand dollars or less; or

(3) Have attached any documentary proof required by the director to show that the requirements of this section have been met. A federal income tax return shall be determined as proof of eligibility under this income guideline.

4. The county assessor shall forward each claim filed under this section to the director of revenue, who shall determine if the property is eligible for deferral. If eligibility for deferral of homestead property taxes is established, the director of revenue shall notify the county assessor collector who shall show on the current ad valorem assessment and tax roll which property is tax-deferred property by an entry clearly designating such property as tax-deferred property.

5. The portion of increased taxes due beyond the total base amount of ad valorem property taxes paid in 2005 shall be deferred, and the county assessor or collector shall maintain accounts for each deferred property and shall accrue interest only on the amount of taxes deferred. The interest rate shall be two and one-half percent annually. The director of revenue shall have a lien on the homestead property in the amount of the deferred taxes and interest due.

6. The lien created under this section shall have the same priority as other real property tax liens except that the lien of mortgages, trust deeds, or security interests which are recorded or noted on a certificate of title prior in time to the attachment of the lien for deferred taxes shall be prior to the liens for deferred taxes.

7. Deferred ad valorem taxes and accrued interest shall become due and payable when:

(2) The property with respect to which deferment of collection of taxes is claimed is sold or otherwise transferred;

(3) The tax-deferred property is no longer the homestead of the taxpayer who claimed the deferral, except in the case of a taxpayer required to be absent from such tax-deferred property by reason of health who owns the dwelling jointly with one or more individuals who qualify for the deferral;

(4) The tax-deferred property is a manufactured structure or floating home which is moved out of the state.

8. Whenever any of the circumstances listed in this subsection occurs, the deferral of taxes for the assessment year in which the circumstance occurs shall continue for such assessment year, and the amounts of deferred property taxes, including accrued interest, for all years shall be due and payable on the date of closing or the date of probate to the director of revenue. If the homestead property is removed from the state, the amount of deferred taxes shall be due and payable five days before the date of removal of the property from the state. All payments of deferred taxes shall be made to the county collector and shall be distributed in accordance with the then-current distribution plan.

9. Subsection 1 of this section shall not apply to payment for real property taxes by financial institutions, as defined in section 381.410, RSMo, who pay tax obligations that they service from escrow accounts, as defined in Title 24, Part 3500, Section 17, Code of Federal Regulation, as amended.

10. The provisions of this section shall automatically sunset five years after the effective date of this section unless reauthorized by an act of the general assembly.”; and

Senate Amendment No. 28

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 58, Page 68, Section 71.208, Line 17 of said page, by inserting after all of said line the following:

“71.012. 1. Notwithstanding the provisions of sections 71.015 and 71.860 to 71.920, the governing body of any city, town or village may annex unincorporated areas which are contiguous and compact to the existing corporate limits of the city, town or village pursuant to this section. The term “contiguous and compact” does not include a situation whereby the unincorporated area proposed to be annexed is contiguous to the annexing city, town or village only by a railroad line, trail, pipeline or other strip of real property less than one-quarter mile in width within the city, town or village so that the boundaries of the city, town or village after annexation would leave unincorporated areas between the annexed area and the prior boundaries of the city, town or village connected only by such railroad line, trail, pipeline or other such strip of real property. The term “contiguous and compact” does not prohibit voluntary annexations pursuant to this section merely because such voluntary annexation would create an island of unincorporated area within the city, town or village, so long as the owners of the unincorporated island were also given the opportunity to voluntarily annex into the city, town or village. Notwithstanding the provisions of this section, the governing body of any city, town or village in any county of the third classification which borders a county of the fourth classification, a county of the second classification and Mississippi River may annex areas along a road or highway up to two miles from existing boundaries of the city, town or village or the governing body in any city, town or village in any county of the third classification without a township form of government with a population of at least twenty-four thousand inhabitants but not more than thirty thousand inhabitants and such county contains a state correctional center may voluntarily annex such correctional center pursuant to the provisions of this section if the correctional center is along a road or highway within two miles from the existing boundaries of the city, town or village.

2. (1) When a verified petition, requesting annexation and signed by the owners of all fee interests of record in all tracts of real property located within the area proposed to be annexed, or a request for annexation signed under the authority of the governing body of any common interest community and approved by a majority vote of unit owners located within the area proposed to be annexed is presented to the governing body of the city, town or village, the governing body shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after the petition is received, and the hearing shall be held not less than seven days after notice of the hearing is published in a newspaper of general circulation qualified to publish legal matters and located within the boundary of the petitioned city, town or village. If no such newspaper exists within the boundary of such city, town or village, then the notice shall be published in the qualified newspaper nearest the petitioned city, town or village. For the purposes of this subdivision, the term “common-interest community” shall mean a condominium as said term is used in chapter 448, RSMo, or a common-interest community, a cooperative, or a planned community.

(a) A “common-interest community” shall be defined as real property with respect to which a person, by virtue of such person's ownership of a unit, is obliged to pay for real property taxes, insurance premiums, maintenance or improvement of other real property described in a declaration. “Ownership of a unit” does not include a leasehold interest of less than twenty years in a unit, including renewal options;

(b) A “cooperative” shall be defined as a common-interest community in which the real property is owned by an association, each of whose members is entitled by virtue of such member's ownership interest in the association to exclusive possession of a unit;

(c) A “planned community” a common-interest community that is not a condominium or a cooperative. A condominium or cooperative may be part of a planned community.

(2) At the public hearing any interested person, corporation or political subdivision may present evidence regarding the proposed annexation. If, after holding the hearing, the governing body of the city, town or village determines that the annexation is reasonable and necessary to the proper development of the city, town or village, and the city, town or village has the ability to furnish normal municipal services to the area to be annexed within a reasonable time, it may, subject to the provisions of subdivision (3) of this subsection, annex the territory by ordinance without further action.

(3) If a written objection to the proposed annexation is filed with the governing body of the city, town or village not later than fourteen days after the public hearing by at least [two] **eight** percent of the qualified voters of the city, town or village, or two qualified voters of the area sought to be annexed if the same contains two qualified voters, the provisions of sections 71.015 and 71.860 to 71.920, shall be followed.

3. If no objection is filed, the city, town or village shall extend its limits by ordinance to include such territory, specifying with accuracy the new boundary lines to which the city's, town's or village's limits are extended. Upon duly enacting such annexation ordinance, the city, town or village shall cause three certified copies of the same to be filed

with the clerk of the county wherein the city, town or village is located, and one certified copy to be filed with the election authority, if different from the clerk of the county which has jurisdiction over the area being annexed, whereupon the annexation shall be complete and final and thereafter all courts of this state shall take judicial notice of the limits of that city, town or village as so extended.”; and

(1) Injuries directly resulting from the negligent acts or omissions by public employees arising out of the operation of motor vehicles or motorized vehicles within the course of their employment;

(2) Injuries caused by the condition of a public entity's property if the plaintiff establishes that the property was in dangerous condition at the time of the injury, that the injury directly resulted from the dangerous condition, that the dangerous condition created a reasonably foreseeable risk of harm of the kind of injury which was incurred, and that either a negligent or wrongful act or omission of an employee of the public entity within the course of his employment created the dangerous condition or a public entity had actual or constructive notice of the dangerous condition in sufficient time prior to the injury to have taken measures to protect against the dangerous condition. 5. Any court decision dated subsequent to August 13, 1978, holding to the contrary of subsection 4 of this section erroneously interprets the law and the public policy of this state, and any claimant alleging tort liability under such circumstances for an occurrence within five years prior to February 17, 1988, shall in addition to the time allowed by the applicable statutes of limitation or limitation of appeal, have up to one year after July 14, 1989, to file or refile an action against such public entity and may recover damages imposed by the common law of this state as for any other person alleged to have caused similar damages under similar circumstances.]”; and

- (1) A motor vehicle shall not be advertised as new, either by express terms or implication, unless it is a “new motor vehicle” as defined in section 301.550;
 - (2) When advertising any motor vehicle which is not a new motor vehicle, such advertisement must expressly identify that the motor vehicle is a used motor vehicle by express use of the term “used”, or by such other term as is commonly understood to mean that the vehicle is used;

(3) Any terms, conditions, and disclaimers relating to the advertised motor vehicle's price or financing options shall be stated clearly and conspicuously. An asterisk or other reference symbol may be used to point to a disclaimer or other information, but not be used as a means of contradicting or changing the meaning of an advertised statement;

(4) The expiration date, if any, of an advertised sale or vehicle price shall be clearly and conspicuously disclosed. In the absence of such disclosure, the advertised sale or vehicle price shall be deemed effective so long as such vehicles remain in the advertising dealership's inventory;

(5) The terms "list price", "sticker price", or "suggested retail price" shall be used only in reference to the manufacturer's suggested retail price for new motor vehicles, and, if used, shall be accompanied by a clear and conspicuous disclosure that such terms represent the "manufacturer's suggested retail price" of the advertised vehicle;

(6) Terms such as "at cost", "\$..... above cost" shall not be used in advertisements because of the difficulty in determining a dealer's actual net cost at the time of the sale. Terms such as "invoice price", "\$..... over invoice" may be used, provided that the invoice referred to is the manufacturer's factory invoice for a new motor vehicle and the invoice is available for customer inspection. For purposes of this section, "manufacturer's factory invoice" means that document supplied by the manufacturer to the dealer listing the manufacturer's charge to the dealer before any deduction for holdback, group advertising, factory incentives or rebates, or any governmental charges;

(7) When the price or financing terms of a motor vehicle are advertised, the vehicle shall be fully identified as to year, make, and model. In addition, in advertisements placed by individual dealers and not line-make marketing groups, the advertised price or credit terms shall include all charges which the buyer must pay to the dealer, except buyer-selected options and state and local taxes. If a processing fee or freight or destination charges are not included in the advertised price, the amount of any such processing fee and freight or destination charge must be clearly and conspicuously disclosed within the advertisement;

(8) Advertisements which offer to match or better any competitors' prices shall not be used;

(9) Advertisements of "dealer rebates" shall not be used, however, this shall not be deemed to prohibit the advertising of manufacturer rebates, so long as all material terms of such rebates are clearly and conspicuously disclosed;

(10) "Free", "at no cost" shall not be used if any purchase is required to qualify for the "free" item, merchandise, or service;

(11) "Bait advertising", in which an advertiser may have no intention to sell at the prices or terms advertised, shall not be used. Bait advertising shall include, but not be limited to, the following examples:

(a) Not having available for sale the advertised motor vehicles at the advertised prices. If a specific vehicle is advertised, the dealer shall be in possession of a reasonable supply of such vehicles, and they shall be available at the advertised price. If the advertised vehicle is available only in limited numbers or only by order, such limitations shall be stated in the advertisement;

(b) Advertising a motor vehicle at a specified price, including such terms as "as low as \$.....", but having available for sale only vehicles equipped with dealer-added cost options which increase the selling price above the advertised price;

(12) Any reference to monthly payments, down payments, or other reference to financing or leasing information shall be accompanied by a clear and conspicuous disclosure of the following:

(a) Whether the payment or other information relates to a financing or a lease transaction;

(b) If the payment or other information relates to a financing transaction, the minimum down payment, annual percentage interest rate, and number of payments necessary to obtain the advertised payment amount must be disclosed, in addition to any special qualifications required for obtaining the advertised terms including, but not limited to, "first-time buyer" discounts, "college graduate" discounts, and a statement concerning whether the advertised terms are subject to credit approval;

(c) If the payment or other information relates to a lease transaction, the total amount due from the purchaser at signing with such costs broken down and identified by category, lease term expressed in number of months, whether the lease is closed-end or open-end, and total cost to the lessee over the lease term in dollars;

(13) Any advertisement which states or implies that the advertising dealer has a special arrangement or relationship with the distributor or manufacturer, as compared to similarly situated dealers, shall not be used;

(14) Any advertisement which, in the circumstances under which it is made or applied, is false, deceptive, or misleading shall not be used;

(15) No abbreviations for industry words or phrases shall be used in any advertisement unless such abbreviations are accompanied by the fully spelled or spoken words or phrases.

2. The requirements of this section shall apply regardless of whether a dealer advertises by means of print, broadcast, or electronic media, or direct mail. **If the advertisement is by means of a broadcast or print media, a dealer may provide the disclaimers and disclosures required under subdivision (3) of subsection 1 of this section**

by reference to an Internet web page or toll-free telephone number containing the information required to be disclosed.

3. Dealers shall clearly and conspicuously identify themselves in each advertisement by use of a dealership name which complies with subsection 6 of section 301.560.”; and

Further amend the title and enacting clause accordingly.

Emergency clause adopted.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **HCS HB 576**, entitled:

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SEVENTIETH DAY, FRIDAY, MAY 6, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Chris Dunn, Legislative Assistant to Representative Marilyn Ruestman.

Heavenly Father,

Thank You for this day, You have certainly made it beautiful.

Thank You for Your grace, love and provision that sustains us and those we care for.

Lord, You inspired David, who needed Your protection long ago, to write,

“For in the day of trouble
He will keep me safe in His dwelling;
He will hide me in the shelter of His tabernacle
and set me high upon a rock.”

Today we pray as David did, that You will protect us and set us high upon a rock.

David continued to write in that same Psalm:

“I am still confident of this:
I will see the goodness of the LORD
in the land of the living.”

Lord, as we take care of the affairs of our state today, help us see Your goodness and then pass it on to others. Help us to do what is right and not what is popular. We submit ourselves to You today. Help us have wisdom that comes from Heaven, and help us to be a blessing to our families, our coworkers and our constituencies today.

In Your great name we ask. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Nicholas Drapp.

CORRECTION TO THE HOUSE JOURNAL

Correct House Journal, Sixty-ninth Day, Thursday, May 5, 2005, Page 1561, Line 18, by inserting immediately after said line the following:

Mr. Speaker: Your Special Committee on General Laws, to which was referred **HR 1176**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(26)(f) be referred to the Committee on Rules.

HOUSE RESOLUTION NO. 1176

WHEREAS, Amendment I of the United States Constitution, which provides in part that "Congress shall make no law respecting an establishment of religion...", is a specific and unequivocal instruction to only the United States Congress; and

WHEREAS, the United States Constitution makes no restriction on the ability of states to acknowledge God, the Supreme Ruler of the Universe; and

WHEREAS, Amendment X of the United States Constitution, which provides that "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people", reserved the right of the acknowledgment of God to the states and the people; and

WHEREAS, the Preamble to the Missouri Constitution, which provides that "We the people of Missouri, with profound reverence for the Supreme Ruler of the Universe, and grateful for His goodness, do establish this constitution for the better government of the state", is within the boundaries of rights reserved to the states by the United States Constitution; and

WHEREAS, the federal judiciary has overstepped its constitutional boundaries and ruled against the acknowledgment of God as the sovereign source of law, liberty, and government by local and state officers and other state institutions, including state schools; and

WHEREAS, the federal judiciary has created confusion between Amendment I and Amendment X of the United States Constitution, and has consistently misapplied Amendment XIV, usurping the rights of the states and the people; and

WHEREAS, Article VI of the United States Constitution requires that each member of the United States Congress and each member of the several state legislatures be bound by oath or affirmation to "support this constitution"; and

WHEREAS, among the seminal principles of our constitutional republic is the premise that each branch of government will be a "check" upon the others; and

WHEREAS, the United States Congress is charged with the solemn responsibility to cause the federal judiciary to refrain from interfering with the acknowledgment of God by any local, state, or federal official by any constitutional means at its' disposal, including limiting the jurisdiction of the federal courts in such matters; and

WHEREAS, Article III, Section 2 of the United States Constitution provides in part that "the...court shall have appellate jurisdiction, both as to law and fact, with such exceptions, and under such regulations as the Congress shall make"; and

WHEREAS, there is pending before the 109th Congress the Constitution Restoration Act of 2005, H.R. 1070 and S. 520, which will limit the jurisdiction of the federal courts and preserve the right to acknowledge God, exercised by the State of Missouri in its Preamble to the Missouri Constitution, to the states and to the people and resolve the issue of improper judicial intervention in matters relating to the acknowledgment of God:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, the Ninety-third General Assembly, hereby urge the United States Congress to adopt forthwith the Constitution Restoration Act of 2005, H. R. 1070 and S. 520; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate, the Chairs of the Judiciary Committees of the United States Senate and House of Representatives, and each member of the Missouri Congressional Delegation.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SEVENTY-FIRST DAY, MONDAY, MAY 9, 2005

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Let us give glory to You, O God, O King; and blessings to Your name forever and ever. Everyday we give You thanks, praising Your name forever and ever. Great are You Lord, and greatly to be praised; Your greatness is unsearchable.

Guide us according to Your mercy, grant us success today and throughout this week. Show steadfast love to us Your servants.

Heavenly Father, we have accomplished much and yet have so far to go. Spoken much, yet we have so much to say. Fallen at times, but we are confident that when we stumble or fall, You give a helping hand.

As we enter the final week of this Session, may we leave nothing undone. May we give honor where honor is due, respect when respect is due and encouragement where encouragement is due.

May the grace of our Lord, Jesus Christ be with us all as we seek to fulfill purpose.

For it's in His name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Savanna Day, Madalene Lane, Daphne Lane and Abagayle Lane.

The Journal of the sixty-ninth day was approved as corrected.

The Journal of the seventieth day was approved as printed.

“either attending a course **or completing an on-line course** of instruction provided by the director on the use, handling, storage and”; and

Further amend said section, Page 26, Line 11, by inserting after the word, **“instruction.”** the following:

“However, no fee shall be assessed or collected from an individual completing an on-line course of instruction.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Bringer, **House Amendment No. 1 to Part II** was adopted.

Representative Shoemyer offered **House Amendment No. 2 to Part II**.

House Amendment No. 2

AMEND Part II of House Committee Substitute for Senate Committee Substitute for Senate Bill No. 355, Page 26, Section 281.040, Line 26, by inserting after all of said line the following:

"281.260. 1. Every pesticide which is distributed, sold, offered for sale or held for sale within this state, or which is delivered for transportation or transported in intrastate commerce or between points within this state through any point outside of this state, shall be registered in the office of the director, and the registration shall be renewed annually.

2. The registrant shall file with the director a statement including:

(1) The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;
(2) The name of the pesticide;
(3) Classification of the pesticide; and
(4) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including directions for use.

3. The registrant shall pay an annual fee of [fifteen] **thirty** dollars for each product registered in any calendar year or part thereof. **One-half of the proceeds of the fee shall be deposited in the state treasury to the credit of the general revenue fund and one-half of the proceeds of the fee shall be transferred to the university of Missouri extension services solely for the purpose of funding materials necessary for private pesticide application training.** All such registrations shall expire on December thirty-first of any one year, unless sooner canceled. A registration for a special local need pursuant to subsection 6 of this section, which is disapproved by the federal government, shall expire on the effective date of the disapproval.

4. Any registration approved by the director and in effect on the thirty-first day of December for which a renewal application has been made and the proper fee paid shall continue in full force and effect until such time as the director notifies the applicant that the registration has been renewed, or otherwise denied, in accord with the provisions of subsection 8 of this section. Forms for reregistration shall be mailed to registrants at least ninety days prior to the expiration date.

5. If the renewal of a pesticide registration is not filed prior to January first of any one year, an additional fee of five dollars shall be assessed and added to the original fee and shall be paid by the applicant before the registration renewal for that pesticide shall be issued; provided, that, such additional fee shall not apply if the applicant furnishes an affidavit certifying that he did not distribute such unregistered pesticide during the period of nonregistration. The payment of such additional fee is not a bar to any prosecution for doing business without proper registry.

6. Provided the state complies with requirements of the federal government to register pesticides to meet special local needs, the director shall require that registrants comply with sections 281.210 to 281.310 and pertinent federal laws and regulations. Where two or more pesticides meet the requirements of this subsection, one shall not be registered in preference to the other.

7. The director may require the submission of the complete formula of any pesticide to approve or deny product registration. If it appears to the director that the composition and efficacy of the pesticide is such as to warrant the proposed claims for it and if the pesticide and its labeling and other material required to be submitted comply with the requirements of sections 281.210 to 281.310, he shall register the pesticide.

8. Provided the state is authorized to issue experimental use permits, the director may:

(1) Issue an experimental use permit to any person applying for an experimental use permit if he determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide under sections 263.269 to 263.380. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed;

(2) Prescribe terms, conditions, and period of time for the experimental permit which shall be under the supervision of the director;

(3) Revoke any experimental permit, at any time, if he finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

9. If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of sections 281.210 to 281.310 or with federal laws, he shall notify the registrant of the manner in which the pesticide, labeling, or other material required to be submitted fail to comply with sections 281.210 to 281.310 or with federal laws so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the pesticide be registered or, in the case of a pesticide that is already registered, that it not be canceled, the director, within ninety days, shall hold a public hearing to determine if the pesticide in question should be registered or canceled. If, after such hearing, it is determined that the pesticide should not be registered or that its registration should be canceled, the director may refuse registration or cancel an existing registration until the required label changes are accomplished. If the pesticide is shown to be in compliance with sections 281.210 to 281.310 and federal laws, the pesticide will be registered. Any appeals resulting from administrative decisions by the director will be taken in accordance with sections 536.100 to 536.140, RSMo.

10. Notwithstanding any other provision of sections 281.210 to 281.310, registration is not required in the case of a pesticide shipped from one plant or warehouse within this state to another plant or warehouse within this state when such plants are operated by the same persons.

11. The director shall not make any lack of essentiality a criterion for denying registration of a pesticide except where none of the labeled uses are present in the state. Where two or more pesticides meet the requirements of sections 281.210 to 281.310, one shall not be registered in preference to the other."; and

Further amend said title, enacting clause and intersectional references accordingly.

Representative Myers raised a point of order that **House Amendment No. 2 to Part II** amends previously amended material and goes beyond the scope of the bill.

The Chair ruled the point of order not well taken.

Representative Dempsey moved the previous question.

WHEREAS, the lack of availability and high cost for medical malpractice coverage for health care providers has in turn adversely impacted health care in Missouri; and

5. Exploring any other ideas as necessary for possible implementation of the fund; and

BE IT FURTHER RESOLVED that the interim committee be authorized to call upon any department, office, division, or agency of this state to assist in gathering information pursuant to its objective; and

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SEVENTY-SECOND DAY, TUESDAY, MAY 10, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend Steve Drury of St. Louis.

We celebrate our life today with praise to You our Creator for the blessings You have given. For the strength and wisdom as available as we ask You and believe You will give us.

We ask that as this Session comes near the end that these final days bring cohesion among all the members, even in differences, to make the last decisions for the common good of all residents of the state of Missouri.

Today we ask for not only a blessing upon this House but the Senate, our Governor, Matt Blunt and his family, and all the elected leaders of this state, our President, George Bush, our Vice-President, Dick Cheney, and all our national leaders.

Our hearts are heavy as we hear the news of our soldiers fighting for our freedom giving their lives. Be with our brave men and women today. Put a shield of protection around them like You did the armies of Hezekiah in II Chronicles. Give comfort to those who have lost family members in the battles for our freedom. We thank You for the safe return of our own Missouri Representative Jim Avery.

At home, we ask for Your comfort today for those who have loved ones in the bus accident yesterday, here in our state and the children traumatized who attended school with them.

Finally, we ask Your anointed blessings upon this Session today as we give You thanks for all You have done.

Accept our thanks and praise.

In the precious name of our Savior Jesus Christ. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Allie Armstrong, Dylan Derboven, Mercedes Forrest, Brendan Kelly, Alexandra Zrenner, Amanda Brockelmeyer, Nathan Storz, Christy Manuel, Jackson Meyers, Kristin Metz, Dylan Neal, Anna Henley, Tomesia Brumbaugh, Hunter Brumbaugh, Jacob Brumbaugh, Tori Brumbaugh, Ji Hye Lee, Alexander Carl Basi, Laura Ransin, Jamie Johnson, Katelyn Crosson, Manda Back, Caitlyn Propst, Kayla Cooley, Matthew Boeding, Cole Shoemaker, Krista O'Loughlin, Lucas Morris, Kevin Wamsley, Courtney Lyon, Justin Connaway, Adam Fincher, Sierra Myers and Dylan Vorhees.

The Journal of the seventy-first day was approved as corrected.

Representative Bearden offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 233, Section A, Page 1, Line 3, by inserting immediately after all of said line the following:

"227.241. Sections 227.241 to 227.249 shall be known as the "State Highway Utility Relocation Act". The commission shall not be required to redesign any project plans or mail additional notices, nor shall the owner of a utility facility be required to submit additional relocation plans or otherwise comply with requirements of sections 227.241 to 227.249 for any construction project on a state highway for which the letting date was prior to December 31, 2005.

227.242. As used in sections 227.241 to 227.249, the following terms shall mean:

(1) "Act of God", an unanticipated grave natural disaster or other natural phenomenon of an exceptional, inevitable, and irresistible character, the effects of which could not have been prevented or avoided by the exercise of due care or foresight;

(2) "Commission," the highways and transportation commission created under section 226.020, RSMo, and article IV, section 29 of the Missouri Constitution, the director, or designees of the director for the purpose of sections 227.240 to 227.248;

(3) "Construction project", all contracts for construction of state highways let under section 227.100, except for contracts for maintenance or resurfacing determined by the commission not to conflict with public utilities and routine maintenance and repairs completed by employees of the commission. This term shall also include state highway construction projects of transportation development districts and corporations under chapter 238, RSMo, if such projects are awarded pursuant to section 227.100. The term "construction project" shall not include projects for road beautification, road irrigation, and drainage projects, culvert installation or repair, sound wall installation, decorative lighting, landscaping, or other projects not directly related to improving or routing highway traffic. The term "construction project" shall also not include any project authorized by the commission to accommodate any private development, including a shopping mall, stadium, office building, or arena;

(4) "Contractor", any person entering into a contract with the highway and transportation commission for purposes of completing a construction project on a state highway, including a subcontractor or supplier to such contractor;

(5) "Customer delays", delays in the relocation work due to delays caused by the utility's customers, including but not limited to delays in getting written or oral approvals from customers for permissible utility service cut-over dates;

(6) "Cut-over date", the date utility owner interrupts utility service to a utility customer provided through an existing utility facility and switches the service over to a new utility facility serving the customer;

(7) "Day" or "days", a business day or a period of consecutive business days consisting of every work day excluding Saturdays, Sundays, and legal holidays;

(8) "Director", the director of the Missouri department of transportation appointed pursuant to section 226.040;

(9) "Extreme weather event", a severe weather occurrence, including but not limited to fire, flood, earthquake, tornado, wind, hurricane, storm, ice, abnormal rainfall, blizzard, or extended periods of severe inclement weather;

(10) "Letting date", the date established by the commission for the acceptance of bids by contractors under section 227.100;

(11) "Mail", a dated written transmittal sent to the addressee by regular or certified mail;

(12) "Maintenance", routine work performed on state highways by employees of the commission or contractors to the commission, including minor pavement and shoulder repairs, striping, grading, irrigation ditch clearing, street overlays, and other work determined by the commission not to conflict with public utilities;

(14) "Owner", the individual, firm, joint venture, partnership, corporation, association, cooperative, municipality, county, district, political subdivision, department, agency, or any other institution owning or operating utility facilities;

(15) "Project plans", any plan for highway construction projects demonstrating the need to design and conduct utility facility alterations or relocations due to the work;

(16) "Relocate" or "relocation", the adjustment of utility facilities, as the commission or director may determine is necessary in connection with the construction of a state highway. Relocation includes:

- (a) Removing and reinstalling the utility facility, including necessary temporary facilities;
- (b) Moving, rearranging, or changing the type of existing utility facilities; and
- (c) Taking any necessary safety and protective measures;

(17) "Relocation plan," a plan designed by the owner to carry out utility facility relocation work to accommodate a construction project on a state highway;

(18) "Resurfacing", work which provides a new roadway surface for existing pavement on a state highway, including minor base patching, intersection paving, shoulder work, and guard rail work which is determined by the commission not to conflict with public utilities;

(19) "State highway", a highway constructed or maintained at the cost of the state or constructed with the aid of state funds or United States government funds or any highway included by authority of law in the state highway system or any highway constructed under the authority of a transportation development district or corporation under chapter 238, RSMo, where such contract is awarded under section 227.100;

(20) "Utility contractor", a person contracting with an owner of a utility facility or a subcontractor to a person contracting with an owner of a utility facility, for the alteration relocation or installation of a utility facility in connection with a construction project on a state highway;

(21) "Utility facility", any underground facility as defined in section 319.015, RSMo, and aboveground facilities, including poles, lines, wires, and appurtenances for the purposes of electrical power, telephone, telegraph, fiber optic and cable television services, and any other purpose or which aboveground utility facilities may be located along state highways;

(22) "Work", construction and services required of the contractor by the contractor's contract with the commission, including excavation as that term is defined in section 319.015, RSMo.

227.243. 1. At the earliest possible date in the design of a construction project on a state highway, the commission shall attempt to determine what utility facilities are located within the right-of-way of the planned construction project by researching permit files and reviewing map files maintained by the commission. The commission shall also, as necessary, conduct field investigations and contact local governments to identify any utility facilities within the right-of-way.

2. Within thirty days of completion of the survey conducted under subsection 1 of this section, the commission shall notify in writing owners of each known utility facility that a construction project is planned that may conflict with their utility facility. The notification shall include the name or route number of the highway, the geographical limits of the planned construction project, a general description of the work to be done including a preliminary plan, the desired date for completion of a relocation plan, and the anticipated month and year a letting date could be set for the construction project.

3. The owner shall examine the notice and notify the commission in writing of any utility facility not correctly described in the commission's notice. Within sixty days of receiving the notice required in subsection 2 of this section, the owner shall provide a written response to the commission. The response shall describe and provide the general location of each utility facility of the owner by confirming the location shown in the commission's notice or by providing additions or corrections.

227.244. 1. Upon completion of the initial design of the construction project, the commission shall provide at least one set of project plans to each owner of a utility facility identified under section 227.243.

2. The project plans shall show those portions of the construction project upon which the owner's utility facilities are located and where the utility facilities of other owners are located in relation to work required for the project. The commission shall also provide with the project plans a description of any right-of-way still to be purchased and the anticipated letting date of the project. The project plan shall be accompanied by a complete set of plans including profile, cross-section, drainage, signal, lighting, signing plans, temporary road plans that may affect utilities, and other pertinent plan sheets. Upon request of the owner, the commission shall provide any additional plan information needed by the owner to design and lay out the removal, relocation, or adjustment of existing facilities and the placement of relocated or new utility facilities within the limits of the construction project.

3. Within thirty days of receipt of the project plans, the utility owner shall develop a preliminary plan of adjustment and return the marked-up project plans to the commission. The plan of adjustment shall include:

- (1) Verification that all utility facilities are shown;
- (2) The proposed location of adjusted utility facilities;

(3) Any additional right-of-way requirements; and

(4) Any other concerns.

4. When two or more owners have facilities in the area encompassed by the construction project, the commission shall schedule a utility coordination meeting as soon as possible but no longer than thirty days from the date the project plans were mailed. The commission's project manager and all owners are required to attend this meeting. If there is a conflict between two owners which cannot be satisfactorily resolved by the owners, the commission shall determine the most appropriate method to resolve the conflict between the two owners, and, in making such determination, shall weigh equally the length of time necessitated by each owner's proposal, and the relative cost to each owner if the other's proposal is adopted. The commission shall notify all utility owners involved with the project in writing of the commission's acceptance or revisions to the utility plan of adjustment.

227.245. 1. Within one hundred twenty days of receiving written notice of approval of the utility plan of adjustment from the commission, the owner shall provide the commission with a relocation plan. The one hundred twenty-day clock stops after the relocation plan is submitted by the owner. If, after timely submission of the relocation plan by the owner, revisions or alterations are necessary for any reason, or if the original relocation plan was incomplete due to information needed from other parties, the one hundred twenty-day clock begins to run again when the needed information is received back by the owner.

2. The relocation plan shall include a narrative description of work that will be done in relocating the owner's utility facilities and whether the work or a portion of the work must be coordinated with or is contingent upon work being performed by another utility facility owner or the contractor to the commission. The relocation plan shall list, if applicable, any anticipated issues or problems related to the acquisition of right-of-way. The relocation plan shall, if applicable, detail the anticipated number of days to acquire additional easements not provided within the new highway right-of-way. The relocation plan shall also give estimates as to the time needed to obtain any necessary customer approvals for cut-over dates, if necessary. The relocation plan shall state when the work will be started and the length of time in days estimated to complete the work. It is permissible for an owner to state in a relocation plan that the owner's work will be completed within a stated number of days from the date that a contractor or another owner completes certain identified work which interferes with the owner's work. The relocation plan shall identify any contingencies, if applicable, that may impact the anticipated start of relocation. The relocation plan shall also describe whether the plan is incomplete due to:

(1) Other owners failing to coordinate their plans with the owner submitting the plan;

(2) Other owners failing to provide information necessary to submit a complete relocation plan;

(3) The commission failing to provide any information required by subsection 2 of section 227.244; or

(4) Any other reason explained in the plan regarding the circumstances and cause of the plan being incomplete.

3. The commission shall review the relocation plan to ensure compatibility with permit requirements, the project plan, and the anticipated letting date and notice to proceed for the project. If utility relocation is dependent upon or must be coordinated with work to be completed by the contractor, the relocation plan shall assure timely completion of the project. If the relocation plan is acceptable to the commission, the commission shall notify the owner in writing within thirty days of receiving the plan. If the relocation plan submitted by the owner is not compatible, reasonable, or does not allow timely completion of the project, the commission shall advise the owner in writing as soon as practicable, but not later than thirty days after receiving the relocation plan. The commission shall specify in the notice which parts of the relocation plan it finds objectionable, and the reasons for its conclusions. The owner shall submit a revised relocation plan within thirty calendar days after receipt of notice by the commission that the relocation plan is not acceptable. The commission shall review the revised relocation plan, and if the relocation plan is still not acceptable, the commission shall provide a relocation plan to the owner. The owner shall not be bound by the terms of the commission's relocation plan if such relocation plan:

(1) Requires the payment of overtime to employees to expedite the construction project; or

(2) Requires the owner to comply with a deadline which is not feasible due, in whole or in part, to one or more factors outside the control of the owner.

4. If the owner informs the commission, in writing, or the commission determines that the owner's relocation work is dependent upon or must be coordinated with work being performed by the commission's contractor, the commission shall convene a meeting of the contractor and the one or more owners whose relocation work is dependent upon or must be coordinated with the contractor's work. Such meeting shall be held after the letting date at which bids were received for the construction project, but prior to the issuance of a notice to proceed to the commission's contractor. After such meeting, and before or concurrent with the issuance of a

notice to proceed, the commission shall provide a schedule for the relocation of utilities to the owner and the commission's contractor. If the approved relocation plan, or a portion of such plan, is dependent upon or must be coordinated with work to be performed by the contractor, the contractor shall notify the commission of its best estimate of the date that all construction necessary for the relocation of utilities will be completed, at least fourteen days prior to such date. If such completion date is delayed due to weather or other causes, the contractor shall immediately notify the commission of the delay and the revised expected completion date. The contractor shall give a second notice to the commission five days prior to the date work will be completed as necessary for relocation work to begin. It shall be the responsibility of the commission to notify the owner or owners of the contractor's estimated completion dates. The contractor may also notify the owner directly of such dates, if the contractor has received information from the owner under subsection 7 of this section, but such notice shall not relieve the commission of its obligation to notify the owner. If the contractor's delay causes additional delay by the owner, the commission and the owner shall negotiate in good faith to determine the new completion date.

5. (1) The commission shall notify the owner in writing not less than thirty days before the owner is required to begin relocation provided for in the approved relocation plan. Unless the owner has encountered excusable delay as set forth in subsection 4 of section 227.248, the owner shall complete its work within the time frame described in the relocation plan, and shall complete all work that can be done prior to construction before the issuance of the notice to proceed, including work that may need to be coordinated with other utility owners but is not dependent on the work of the contractor.

(2) The notice required by subdivision (1) of this subsection shall include the name, address, telephone number, facsimile number, and electronic mail address of the commission's contractor and any subcontractors performing work on the construction project. Such information shall also include the name and title of an individual employed by the contractor or subcontractor having primary responsibility for the construction project. Within fifteen days of receiving notice, the owner shall provide to the commission and the commission's contractor the name, address, telephone number, facsimile number, and electronic mail address of the employee of the owner who is responsible for implementation of the owner's relocation plan and the same information for any utility contractor to the owner for purposes of carrying out the relocation plan.

6. The owner shall notify the commission when relocation work has started. During the course of the relocation work, the commission may require owners to provide progress reports until its relocation is completed. The owner shall notify the commission when all relocation work is complete. All notices of either starting or completion of relocation work and all monthly progress reports shall be provided within five days after such dates.

227.246. 1. If, prior to the letting date of the construction project, the commission's project plan is changed so that additional or different utility relocation work is found necessary, the commission shall furnish a revised project plan under section 227.244, and the owner shall provide the commission with a revised relocation plan under section 227.245, except that the time allowed for the owner to submit the revised relocation plan after receipt of the revised project plan shall not exceed sixty days.

2. If, after the letting date of the highway construction project, additional utility relocation work is found necessary which was not indicated on the original project plan, the commission shall provide the owner with a revised project plan within fifteen days and the commission and the owner shall agree on a reasonable schedule for completion of the additional utility location.

227.247. 1. The commission shall have authority to require that any required notice, response, or plan be submitted by mail or certified mail. Otherwise notices, plans, and other statements in writing may be provided by mail, facsimile, or electronic mail. The commission may require that some form of proof of receipt be provided in regard to any notice, plan, or other statement in writing. Upon mutual agreement between the commission and an owner, additional time may be granted for the completion of any act required by sections 227.241 to 227.249.

2. Nothing in sections 227.241 to 227.249 shall be construed to relieve a contractor from making notice of excavation as required by sections 319.010 to 319.050, RSMo, of the underground facility safety and damage prevention act, or complying with the requirements of sections 319.075 to 319.090, RSMo, of the overhead powerline safety act, except to the extent that any provisions of sections 227.241 to 227.249 require additional obligations beyond those set forth in sections 319.011 to 319.050, RSMo, or sections 319.075 to 319.090, RSMo, in which case the requirements of sections 227.241 to 227.249 shall prevail.

227.248. 1. If the owner of a utility facility fails to provide the responses or corrections to project plans required by sections 227.243 to 227.246, the commission may recover from the owner damages in the amount of up to one hundred dollars per day for each day the required act is not completed.

2. If the owner fails to provide a relocation plan or fails to timely relocate utility facilities in accordance with the relocation plan as required by section 227.245, the commission may recover from the owner damages in the amount of up to one thousand dollars per day for each day the required act is not completed.

3. The damages authorized by subsections 1 and 2 of this section may be recovered through actions brought by the chief counsel to the commission, or may be referred to the attorney general for appropriate action. An action to collect the damages authorized by this section shall be brought in a court of appropriate jurisdiction. All damages collected under this section shall be deposited in the state road fund.

4. No damages or fines of any kind shall be assessed for delays that result, in whole or in part, directly or indirectly, from any of the following:

- (1) Customer delays;
- (2) Labor strikes or shortages;
- (3) Terrorist attacks, riots, civil unrest, or criminal sabotage;
- (4) Acts of God, or extreme weather events;
- (5) Delays caused by staffing shortages in the geographic area near the commission's construction project due to the owner's need to reassign an unusual number of workers to any other area to respond to an act of God or extreme weather event;
- (6) The failure of another owner to sufficiently complete its required relocation of utility facilities that interfere with an owner's relocation plan;
- (7) The failure of another owner or delay by another owner in submitting relocation plans that interfere with an owner's relocation plan;
- (8) Delays by the commission in acquiring necessary right-of-way or necessary easements;
- (9) Delays caused by facility damages or cable cuts caused by the commission's contractor, other owners, or third parties;
- (10) Unusual material shortages; and
- (11) Any other event or action beyond the reasonable control of the owner.

The occurrence of any of the unusual events listed in this section shall constitute an affirmative defense to the assessment of damages under the provisions of this section.

5. The removal and relocation of utility facilities shall be made at the expense of the owners unless otherwise provided by the commission. If the owner fails to relocate the utility facilities in accordance with the relocation plan as required by section 227.245, the utility facilities may be removed and relocated by the state highways and transportation commission, or under its direction, and the cost of relocating the utility facilities shall be collected from such owner. If the state highways and transportation commission or its designee removes and relocates the utility facilities, the utility owner shall not be liable to any party for any damages caused by the commission's or the commission's designee's removal and relocation of such facilities.

227.249. Any home rule city having a population of sixty thousand inhabitants or greater or any charter county of the first classification may adopt ordinances, policies, resolutions, or regulations consistent with sections 227.241 to 227.249 regarding the relocation of utility facilities located within the right-of-way of streets, highways, or roads under their respective jurisdiction, which are not state highways. Any ordinance, policy, resolution, or regulation adopted under the authority of this section shall not infringe upon, negate or otherwise abrogate an owner's right to construct, own, operate, and maintain utility facilities within the right-of-ways of such political subdivision that the owner otherwise enjoyed prior to the adoption of such ordinance, policy, resolution, or regulation."; and

Nor shall such failure to employ such child passenger restraint system be admissible as evidence in the trial of any civil action.

476.385. 1. The judges of the supreme court may appoint a committee consisting of at least seven associate circuit judges, who shall meet en banc and establish and maintain a schedule of fines to be paid for violations of sections [210.104,] 577.070[,] and 577.073, RSMo, and chapters 252, 301, 302, 304, 306, 307 and 390, RSMo, with such fines increasing in proportion to the severity of the violation. The associate circuit judges of each county may meet en banc and adopt the schedule of fines and participation in the centralized bureau pursuant to this section. Notice of such adoption and participation shall be given in the manner provided by supreme court rule. Upon order of the supreme court, the associate circuit judges of each county may meet en banc and establish and maintain a schedule of fines to be paid for violations of municipal ordinances for cities, towns and villages electing to have violations of its municipal ordinances heard by associate circuit judges, pursuant to section 479.040, RSMo; and for traffic court divisions established pursuant to section 479.500, RSMo. - (3) Operating a vehicle with a counterfeited, altered, suspended or revoked license;
- (4) Fleeing or attempting to elude an officer.

3. There shall be a centralized bureau to be established by supreme court rule in order to accept pleas of not guilty or guilty and payments of fines and court costs for violations of the laws and ordinances described in subsection 1 of this section, made pursuant to a schedule of fines established pursuant to this section. The centralized bureau shall collect, with any plea of guilty and payment of a fine, all court costs which would have been collected by the court of the jurisdiction from which the violation originated.

4. If a person elects not to contest the alleged violation, the person shall send payment in the amount of the fine and any court costs established for the violation to the centralized bureau. Such payment shall be payable to the "central violations bureau", shall be made by mail or in any other manner established by the centralized bureau, and shall constitute a plea of guilty, waiver of trial and a conviction for purposes of section 302.302, RSMo, and for purposes of imposing any collateral consequence of a criminal conviction provided by law. Notwithstanding any provision of law to the contrary, the prosecutor shall not be required to sign any information, ticket or indictment if disposition is made pursuant to this subsection. In the event that any payment is made pursuant to this section by credit card or similar method, the centralized bureau may charge an additional fee in order to reflect any transaction cost, surcharge or fee imposed on the recipient of the credit card payment by the credit card company.

5. If a person elects to plead not guilty, such person shall send the plea of not guilty to the centralized bureau. The bureau shall send such plea and request for trial to the prosecutor having original jurisdiction over the offense. Any trial shall be conducted at the location designated by the court. The clerk of the court in which the case is to be heard shall notify in writing such person of the date certain for the disposition of such charges. The prosecutor shall not be required to sign any information, ticket or indictment until the commencement of any proceeding by the prosecutor with respect to the notice of violation.

6. In courts adopting a schedule of fines pursuant to this section, any person receiving a notice of violation pursuant to this section shall also receive written notification of the following:

- (1) The fine and court costs established pursuant to this section for the violation or information regarding how the person may obtain the amount of the fine and court costs for the violation;
- (2) That the person must respond to the notice of violation by paying the prescribed fine and court costs, or pleading not guilty and appearing at trial, and that other legal penalties prescribed by law may attach for failure to appear and dispose of the violation. The supreme court may modify the suggested forms for uniform complaint and summons for use in courts adopting the procedures provided by this section, in order to accommodate such required written notifications.

7. Any moneys received in payment of fines and court costs pursuant to this section shall not be considered to be state funds, but shall be held in trust by the centralized bureau for benefit of those persons or entities entitled to receive such funds pursuant to this subsection. All amounts paid to the centralized bureau shall be maintained by the

centralized bureau, invested in the manner required of the state treasurer for state funds by sections 30.240, 30.250, 30.260 and 30.270, RSMo, and disbursed as provided by the constitution and laws of this state. Any interest earned on such fund shall be payable to the director of the department of revenue for deposit into a revolving fund to be established pursuant to this subsection. The state treasurer shall be the custodian of the revolving fund, and shall make disbursements, as allowed by lawful appropriations, only to the judicial branch of state government for goods and services related to the administration of the judicial system.

8. Any person who receives a notice of violation subject to this section who fails to dispose of such violation as provided by this section shall be guilty of failure to appear provided by section 544.665, RSMo; and may be subject to suspension of driving privileges in the manner provided by section 302.341, RSMo. The centralized bureau shall notify the appropriate prosecutor of any person who fails to either pay the prescribed fine and court costs, or plead not guilty and request a trial within the time allotted by this section, for purposes of application of section 544.665, RSMo. The centralized bureau shall also notify the department of revenue of any failure to appear subject to section 302.341, RSMo, and the department shall thereupon suspend the license of the driver in the manner provided by section 302.341, RSMo, as if notified by the court.

9. In addition to the remedies provided by subsection 8 of this section, the centralized bureau and the courts may use the remedies provided by sections 488.010 to 488.020, RSMo, for the collection of court costs payable to courts, in order to collect fines and court costs for violations subject to this section."; and

(5) Does not have access to affordable employer-sponsored health care insurance or other affordable health care coverage for personal care assistance services as defined in section 660.661, RSMo. For purposes of this section, "access to affordable employer-sponsored health care insurance or other affordable health care coverage" refers to health insurance requiring a monthly premium less than or equal to one hundred thirty-three percent of the monthly average premium required in the state's current Missouri consolidated health care plan.

Payments made by the department under the provisions of this section shall be made only after all other available sources of payment have been exhausted.

3. (1) In order to be eligible for financial assistance for consumer-directed personal care assistance services under this section, a person shall demonstrate financial need, which shall be based on the adjusted gross income and the assets of the person seeking financial assistance and such person's spouse.

(2) In order to demonstrate financial need, a person seeking financial assistance under this section and such person's spouse must have an adjusted gross income, less disability-related medical expenses, as approved by the department, that is equal to or less than three hundred percent of the federal poverty level. The adjusted gross income shall be based on the most recent income tax return.

(3) No person seeking financial assistance for personal care services under this section and such person's spouse shall have assets in excess of two-hundred fifty thousand dollars.

4. The department shall require applicants and the applicant's spouse, and consumers and the consumer's spouse to provide documentation for income, assets, and disability-related medical expenses for the purpose of determining financial need and eligibility for the program. In addition to the most recent income tax return, such documentation may include, but shall not be limited to:

- (a) Current wage stubs for the applicant or consumer and the applicant's or consumer's spouse;
- (b) A current W-2 form for the applicant or consumer and the applicant's or consumer's spouse;
- (c) Statements from the applicant's or consumer's and the applicant's or consumer's spouse's employers;
- (d) Wage matches with the division of employment security;
- (e) Bank statements; and

5. The plan developed by the department shall include the maximum amount of financial assistance allowed by the department, subject to appropriation, for such services.

6. Each consumer who participates in the program is responsible for a monthly premium equal to the average premium required for the Missouri consolidated health care plan; provided that the total premium described in this section shall not exceed five percent of the consumer's and the consumer's spouse's income for the year involved.

7. (1) Nonpayment of the premium required in subsection 6 shall result in the denial or termination of assistance, unless the person demonstrates good cause for such nonpayment.

(2) No person denied services for nonpayment of a premium shall receive services unless such person shows good cause for non payment and makes payments for past due premiums as well as current premiums.

(3) Any person who is denied services for nonpayment of a premium and who does not make any payments for past due premiums for sixty consecutive days shall have their enrollment in the program terminated.

(4) No person whose enrollment in the program is terminated for nonpayment of a premium when such nonpayment exceeds sixty consecutive days shall be re-enrolled unless such person pays any past due premiums as well as current premiums prior to being re-enrolled. Nonpayment shall include payment with a returned, refused, or dishonored instrument.

8. (1) Consumers determined eligible for personal care assistance services under the provisions of this section shall be reevaluated annually to verify their continued eligibility and financial need. The amount of financial assistance for consumer-directed personal care assistance services received by the consumer shall be adjusted or eliminated based on the outcome of the reevaluation. Any adjustments made shall be recorded in the consumer's personal care assistance services plan.

(2) In performing the annual reevaluation of financial need, the department shall annually send a re-verification eligibility form letter to the consumer requiring the consumer to respond within ten days of receiving the letter and to provide income and disability-related medical expense verification documentation. If the department does not receive the consumer's response and documentation within the ten-day period, the

department shall send a letter notifying the consumer that he or she has ten days to file an appeal or the case will be closed.

(3) The department shall require the consumer and the consumer's spouse to provide documentation for income and disability-related medical expense verification for purposes of the eligibility review. Such documentation may include, but shall not be limited to the documentation listed in subsection 4 of this section.

9. (1) Applicants for personal care assistance services and consumers receiving such services pursuant to this section are entitled to a hearing with the department of social services if eligibility for personal care assistance services is denied, if the type or amount of services is set at a level less than the consumer believes is necessary, if disputes arise after preparation of the personal care assistance plan concerning the provision of such services, or if services are discontinued as provided in section 660.684, RSMo. Services provided under the provisions of this section shall continue during the appeal process.

(2) A request for such hearing shall be made to the department of social services in writing in the form prescribed by the department of social services within ninety days after the mailing or delivery of the written decision of the department of health and senior services. The procedures for such requests and for the hearings shall be as set forth in section 208.080, RSMo.

10. Unless otherwise provided in this section, all other provisions of sections 660.661 through 660.687, RSMo shall apply to individuals who are eligible for financial assistance for personal care assistance services under this section.

11. The department may promulgate rules and regulations, including emergency rules, to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. Any provisions of the existing rules regarding the personal care assistance program promulgated by the department of elementary and secondary education in title 5, code of state regulation, division 90, chapter 7, which are inconsistent with the provisions of this section are void and of no force and effect.

12. The provisions of this section shall expire on June 30, 2006.”; and

The commission shall also, as necessary, conduct field investigations and contact local governments to identify any utility facilities within the right-of-way.

2. Within thirty days of completion of the survey conducted under subsection 1 of this section, the commission shall notify in writing owners of each known utility facility that a construction project is planned that may conflict with their utility facility. The notification shall include the name or route number of the highway, the geographical limits of the planned construction project, a general description of the work to be done including a preliminary plan, the desired date for completion of a relocation plan, and the anticipated month and year a letting date could be set for the construction project.

The response shall describe and provide the general location of each utility facility of the owner by confirming the location shown in the commission's notice or by providing additions or corrections.

2. The project plans shall show those portions of the construction project upon which the owner's utility facilities are located and where the utility facilities of other owners are located in relation to work required for

the project. The commission shall also provide with the project plans a description of any right-of-way still to be purchased and the anticipated letting date of the project. The project plan shall be accompanied by a complete set of plans including profile, cross-section, drainage, signal, lighting, signing plans, temporary road plans that may affect utilities, and other pertinent plan sheets. Upon request of the owner, the commission shall provide any additional plan information needed by the owner to design and lay out the removal, relocation, or adjustment of existing facilities and the placement of relocated or new utility facilities within the limits of the construction project.

3. Within thirty days of receipt of the project plans, the utility owner shall develop a preliminary plan of adjustment and return the marked-up project plans to the commission. The plan of adjustment shall include:

- (1) Verification that all utility facilities are shown;
- (2) The proposed location of adjusted utility facilities;
- (3) Any additional right-of-way requirements; and
- (4) Any other concerns.

4. When two or more owners have facilities in the area encompassed by the construction project, the commission shall schedule a utility coordination meeting as soon as possible but no longer than thirty days from the date the project plans were mailed. The commission's project manager and all owners are required to attend this meeting. If there is a conflict between two owners which cannot be satisfactorily resolved by the owners, the commission shall determine the most appropriate method to resolve the conflict between the two owners, and, in making such determination, shall weigh equally the length of time necessitated by each owner's proposal, and the relative cost to each owner if the other's proposal is adopted. The commission shall notify all utility owners involved with the project in writing of the commission's acceptance or revisions to the utility plan of adjustment.

227.245. 1. Within one hundred twenty days of receiving written notice of approval of the utility plan of adjustment from the commission, the owner shall provide the commission with a relocation plan. The one hundred twenty-day clock stops after the relocation plan is submitted by the owner. If, after timely submission of the relocation plan by the owner, revisions or alterations are necessary for any reason, or if the original relocation plan was incomplete due to information needed from other parties, the one hundred twenty-day clock begins to run again when the needed information is received back by the owner.

2. The relocation plan shall include a narrative description of work that will be done in relocating the owner's utility facilities and whether the work or a portion of the work must be coordinated with or is contingent upon work being performed by another utility facility owner or the contractor to the commission. The relocation plan shall list, if applicable, any anticipated issues or problems related to the acquisition of right-of-way. The relocation plan shall, if applicable, detail the anticipated number of days to acquire additional easements not provided within the new highway right-of-way. The relocation plan shall also give estimates as to the time needed to obtain any necessary customer approvals for cut-over dates, if necessary. The relocation plan shall state when the work will be started and the length of time in days estimated to complete the work. It is permissible for an owner to state in a relocation plan that the owner's work will be completed within a stated number of days from the date that a contractor or another owner completes certain identified work which interferes with the owner's work. The relocation plan shall identify any contingencies, if applicable, that may impact the anticipated start of relocation. The relocation plan shall also describe whether the plan is incomplete due to:

- (1) Other owners failing to coordinate their plans with the owner submitting the plan;
- (2) Other owners failing to provide information necessary to submit a complete relocation plan;
- (3) The commission failing to provide any information required by subsection 2 of section 227.244; or
- (4) Any other reason explained in the plan regarding the circumstances and cause of the plan being incomplete.

3. The commission shall review the relocation plan to ensure compatibility with permit requirements, the project plan, and the anticipated letting date and notice to proceed for the project. If utility relocation is dependent upon or must be coordinated with work to be completed by the contractor, the relocation plan shall assure timely completion of the project. If the relocation plan is acceptable to the commission, the commission shall notify the owner in writing within thirty days of receiving the plan. If the relocation plan submitted by the owner is not compatible, reasonable, or does not allow timely completion of the project, the commission shall advise the owner in writing as soon as practicable, but not later than thirty days after receiving the relocation plan. The commission shall specify in the notice which parts of the relocation plan it finds objectionable, and the reasons for its conclusions. The owner shall submit a revised relocation plan within thirty calendar days after receipt of notice by the commission that the relocation plan is not acceptable. The commission shall review the revised relocation plan, and if the relocation plan is still not acceptable, the commission shall provide a relocation

plan to the owner. The owner shall not be bound by the terms of the commission's relocation plan if such relocation plan:

- (1) Requires the payment of overtime to employees to expedite the construction project; or
- (2) Requires the owner to comply with a deadline which is not feasible due, in whole or in part, to one or more factors outside the control of the owner.

4. If the owner informs the commission, in writing, or the commission determines that the owner's relocation work is dependent upon or must be coordinated with work being performed by the commission's contractor, the commission shall convene a meeting of the contractor and the one or more owners whose relocation work is dependent upon or must be coordinated with the contractor's work. Such meeting shall be held after the letting date at which bids were received for the construction project, but prior to the issuance of a notice to proceed to the commission's contractor. After such meeting, and before or concurrent with the issuance of a notice to proceed, the commission shall provide a schedule for the relocation of utilities to the owner and the commission's contractor. If the approved relocation plan, or a portion of such plan, is dependent upon or must be coordinated with work to be performed by the contractor, the contractor shall notify the commission of its best estimate of the date that all construction necessary for the relocation of utilities will be completed, at least fourteen days prior to such date. If such completion date is delayed due to weather or other causes, the contractor shall immediately notify the commission of the delay and the revised expected completion date. The contractor shall give a second notice to the commission five days prior to the date work will be completed as necessary for relocation work to begin. It shall be the responsibility of the commission to notify the owner or owners of the contractor's estimated completion dates. The contractor may also notify the owner directly of such dates, if the contractor has received information from the owner under subsection 7 of this section, but such notice shall not relieve the commission of its obligation to notify the owner. If the contractor's delay causes additional delay by the owner, the commission and the owner shall negotiate in good faith to determine the new completion date.

5. (1) The commission shall notify the owner in writing not less than thirty days before the owner is required to begin relocation provided for in the approved relocation plan. Unless the owner has encountered excusable delay as set forth in subsection 4 of section 227.248, the owner shall complete its work within the time frame described in the relocation plan, and shall complete all work that can be done prior to construction before the issuance of the notice to proceed, including work that may need to be coordinated with other utility owners but is not dependent on the work of the contractor.

(2) The notice required by subdivision (1) of this subsection shall include the name, address, telephone number, facsimile number, and electronic mail address of the commission's contractor and any subcontractors performing work on the construction project. Such information shall also include the name and title of an individual employed by the contractor or subcontractor having primary responsibility for the construction project. Within fifteen days of receiving notice, the owner shall provide to the commission and the commission's contractor the name, address, telephone number, facsimile number, and electronic mail address of the employee of the owner who is responsible for implementation of the owner's relocation plan and the same information for any utility contractor to the owner for purposes of carrying out the relocation plan.

6. The owner shall notify the commission when relocation work has started. During the course of the relocation work, the commission may require owners to provide progress reports until its relocation is completed. The owner shall notify the commission when all relocation work is complete. All notices of either starting or completion of relocation work and all monthly progress reports shall be provided within five days after such dates.

227.246. 1. If, prior to the letting date of the construction project, the commission's project plan is changed so that additional or different utility relocation work is found necessary, the commission shall furnish a revised project plan under section 227.244, and the owner shall provide the commission with a revised relocation plan under section 227.245, except that the time allowed for the owner to submit the revised relocation plan after receipt of the revised project plan shall not exceed sixty days.

2. If, after the letting date of the highway construction project, additional utility relocation work is found necessary which was not indicated on the original project plan, the commission shall provide the owner with a revised project plan within fifteen days and the commission and the owner shall agree on a reasonable schedule for completion of the additional utility location.

227.247. 1. The commission shall have authority to require that any required notice, response, or plan be submitted by mail or certified mail. Otherwise notices, plans, and other statements in writing may be provided by mail, facsimile, or electronic mail. The commission may require that some form of proof of receipt be provided

in regard to any notice, plan, or other statement in writing. Upon mutual agreement between the commission and an owner, additional time may be granted for the completion of any act required by sections 227.241 to 227.249.

2. Nothing in sections 227.241 to 227.249 shall be construed to relieve a contractor from making notice of excavation as required by sections 319.010 to 319.050, RSMo, of the underground facility safety and damage prevention act, or complying with the requirements of sections 319.075 to 319.090, RSMo, of the overhead powerline safety act, except to the extent that any provisions of sections 227.241 to 227.249 require additional obligations beyond those set forth in sections 319.011 to 319.050, RSMo, or sections 319.075 to 319.090, RSMo, in which case the requirements of sections 227.241 to 227.249 shall prevail.

227.248. 1. If the owner of a utility facility fails to provide the responses or corrections to project plans required by sections 227.243 to 227.246, the commission may recover from the owner damages in the amount of up to one hundred dollars per day for each day the required act is not completed.

2. If the owner fails to provide a relocation plan or fails to timely relocate utility facilities in accordance with the relocation plan as required by section 227.245, the commission may recover from the owner damages in the amount of up to one thousand dollars per day for each day the required act is not completed.

3. The damages authorized by subsections 1 and 2 of this section may be recovered through actions brought by the chief counsel to the commission, or may be referred to the attorney general for appropriate action. An action to collect the damages authorized by this section shall be brought in a court of appropriate jurisdiction. All damages collected under this section shall be deposited in the state road fund.

4. No damages or fines of any kind shall be assessed for delays that result, in whole or in part, directly or indirectly, from any of the following:

- (1) Customer delays;
- (2) Labor strikes or shortages;
- (3) Terrorist attacks, riots, civil unrest, or criminal sabotage;
- (4) Acts of God, or extreme weather events;
- (5) Delays caused by staffing shortages in the geographic area near the commission's construction project due to the owner's need to reassign an unusual number of workers to any other area to respond to an act of God or extreme weather event;
- (6) The failure of another owner to sufficiently complete its required relocation of utility facilities that interfere with an owner's relocation plan;
- (7) The failure of another owner or delay by another owner in submitting relocation plans that interfere with an owner's relocation plan;
- (8) Delays by the commission in acquiring necessary right-of-way or necessary easements;
- (9) Delays caused by facility damages or cable cuts caused by the commission's contractor, other owners, or third parties;
- (10) Unusual material shortages; and
- (11) Any other event or action beyond the reasonable control of the owner.

The occurrence of any of the unusual events listed in this section shall constitute an affirmative defense to the assessment of damages under the provisions of this section.

5. The removal and relocation of utility facilities shall be made at the expense of the owners unless otherwise provided by the commission. If the owner fails to relocate the utility facilities in accordance with the relocation plan as required by section 227.245, the utility facilities may be removed and relocated by the state highways and transportation commission, or under its direction, and the cost of relocating the utility facilities shall be collected from such owner. If the state highways and transportation commission or its designee removes and relocates the utility facilities, the utility owner shall not be liable to any party for any damages caused by the commission's or the commission's designee's removal and relocation of such facilities.

227.249. Any home rule city having a population of sixty thousand inhabitants or greater or any charter county of the first classification may adopt ordinances, policies, resolutions, or regulations consistent with sections 227.241 to 227.249 regarding the relocation of utility facilities located within the right-of-way of streets, highways, or roads under their respective jurisdiction, which are not state highways. Any ordinance, policy, resolution, or regulation adopted under the authority of this section shall not infringe upon, negate or otherwise abrogate an owner's right to construct, own, operate, and maintain utility facilities within the right-of-ways of such political subdivision that the owner otherwise enjoyed prior to the adoption of such ordinance, policy, resolution, or regulation.

Section B. The provisions of sections 227.241 to 227.249 shall become effective January 1, 2006."; and

Further amend the title and enacting clause accordingly.

- (2) Operate a motorcycle or motortricycle upon any highway of this state unless such person has a valid license that shows the person has successfully passed an examination for the operation of a motorcycle or motortricycle as prescribed by the director. AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill Nos. 518, 288, 418 & 635, Page 43, Section 304.281, Line 16 of said page, by inserting immediately after said line the following:

"304.282. 1. Wherever used in this section the following terms mean:

(1) **"An automated traffic control system"**, a device with one or more motor vehicle sensors working in conjunction with a traffic control signal to automatically produce two or more photographs, two or more micrographs, a videotape or other recorded images of a motor vehicle entering an intersection in violation of red signal indication authorized under section 304.281;

(2) **"Owner"**, the registered owner of a motor vehicle or lessee of a motor vehicle under a lease of six months or more as shown by the records of the department of revenue.

2. Any automated traffic control system or any device which is part of that system, as described in subsection 1 of this section, installed on a street or highway which is a part of a city not within a county's traffic light system shall meet requirements established by the state of Missouri. Any automated traffic control system installed on a street located in a city not within a county shall meet standards established by the city not within a county and shall be consistent with any standards set by the Missouri department of transportation.

3. A city not within a county may adopt ordinances for the civil enforcement of this section by means of an automated traffic control system as described in subsection 1 of this section. In the event that a city not within a county adopts an ordinance under this section, a violation of a red signal at a location where an automated traffic control system is in operation shall not be an infraction. An ordinance authorized by this subsection shall provide that:

(1) The owner of the vehicle shall be given notice of the violation within thirty days of the date of the violation. The notice shall include copies of any photographs, micrographs, videotape or other recorded images produced by the automated traffic control system;

(2) The owner of the vehicle shall be responsible for a violation unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody, or control of another person. The owner of the vehicle shall not be responsible for the violation if the owner of the vehicle, within thirty days after notification of the violation, furnishes the officials or agents of the city not within a county that issued the citation either of the following:

(a) An affidavit stating that the vehicle involved was, at the time, in the care, custody, or control of another person. Evidence may include, but is not limited to, the name and address of the person or company who had the care, custody, and control of the vehicle;

(b) An affidavit stating the vehicle involved was, at the time, stolen. The affidavit must be supported with evidence that supports the affidavit, including insurance or police report information;

(3) In such an instance the owner, subject to the penalties for perjury, shall submit conclusive evidence in an affidavit authorized in subdivision (2) of this subsection setting forth the name, address, and other pertinent information of the person who leased, rented, or otherwise had care, custody, or control of the motor vehicle at the time of the alleged violation, the nonjudicial administrative hearing may terminate the prosecution of the citation issued to the owner, and issue a citation to the person clearly identified in the affidavit as the operator of the motor vehicle at the time of the violation;

(4) The registered owner of the vehicle shall not be responsible for the violation, if notice of the violation is given to the registered owner of the vehicle more than thirty days after the violation.

4. If a violation detected by an automatic traffic control system involves a vehicle that is registered in the name of a rental, leasing, or fleet company and the vehicle is rented, leased, or the use of such vehicle is otherwise granted to another person at the time the violation occurred, the rental, leasing, or fleet company may rebut the presumption by providing the city not within a county with a copy of the rental, lease, or other agreement in effect at the time the violation occurred. The company shall not be liable for the violation, unless prior notice of the violation has been given to that company under subsection 3 of this section and the company fails to provide a copy of the rental, lease, or employment agreement within thirty days of receipt of such notice.

5. Any automated traffic control system on a street or highway must be identified by appropriate advance warning signs conspicuously posted not more than three hundred feet from the location of the automated traffic control system location. All advance warning signs shall be approved by the department of transportation in conjunction with the city not within a county authorized to install automated traffic control systems.

6. A violation detected by an automated traffic control system shall be deemed a noncriminal violation for which a civil penalty of fifty dollars shall be assessed, and for which no points authorized by section 302.302, RSMo, shall be assigned to the owner or driver of the vehicle. A person who possesses a commercial drivers license or operates a commercial motor vehicle at the time of the violation, however, shall have such conviction posted or affixed on his or her driver's record in order to ensure compliance with Title 49, Code of Federal Regulations, Part 384, as amended.

7. The owner of the vehicle shall be issued a citation which shall clearly state the manner in which the violation may be challenged and the owner shall comply with the directions on the citation. The citation must also include instructions on how to dispose of the violation through appearance before the nonjudicial administrative hearing or payment of the fine and costs. The citation shall be processed by officials or agents of the city not within a county and shall be forwarded by personal service or first-class mail to the address given on the motor vehicle registration. If the owner fails to pay the civil penalty or to respond to the citation within the time period specified on the citation, the owner shall have waived the right to contest responsibility for the violation, and shall be subject to a civil penalty not to exceed one hundred dollars. The city not within a county may establish procedures for the collection of these penalties and may enforce the penalties by civil action in the nature of the debt.

8. The citation instructions shall inform the owner of the vehicle that, when responding to the citation, the owner shall provide any driver's license number, commercial or noncommercial, issued in the owner's name. If, upon receipt, the record reveals that the owner of the vehicle possesses a commercial driver's license, the city not within a county shall, upon conviction, notify the department of revenue of the conviction. The department of revenue shall record such conviction as prescribed by law.

9. The city not within a county shall institute a nonjudicial administrative hearing process to review objections to citations or penalties issued or assessed under this section.

10. The city not within a county that establishes an automated traffic control system may also enter into an agreement or agreements for the purpose of compensating a private vendor to perform operational and administrative tasks associated with the use of automated traffic control systems. Any compensation paid to a private vendor shall not be based upon a contingency basis nor shall such compensation be based upon revenues generated from the use of such system. The city not within a county may enter into an agreement with the department of revenue for the purpose of obtaining relevant records regarding vehicle owners in order for the city not within a county to prepare and mail summonses.

11. Photographs, micrographs, videotape, or other recorded images produced by an automated traffic control system that are provided to governmental and law enforcement agencies for the purposes of this section shall be confidential.

12. One year following the adoption of an ordinance by a city not within a county described in subsection 3 of this section, the department of public safety shall issue a report as to the effectiveness of the use of automated traffic control systems. The report shall include, but not be limited to, recommendations of whether such a system shall be instituted on a statewide basis. The report shall be delivered to the individual members of the general assembly."; and

(1) "Gifted children", children who exhibit precocious development of mental capacity and learning potential as determined by competent professional evaluation to the extent that continued educational growth and stimulation could best be served by an academic environment beyond that offered through a standard grade level curriculum;

(2) "Handicapped children", children under the age of twenty-one years who have not completed an approved high school program and who, because of mental, physical, emotional or learning problems, require special educational services;

(3) "Severely handicapped children", handicapped children under the age of twenty-one years who[, because of the extent of the handicapping condition or conditions, as determined by competent professional evaluation, are unable to benefit from or meaningfully participate in programs in the public schools for handicapped children. The term "severely handicapped" is not confined to a separate and specific category but pertains to the degree of disability which permeates a variety of handicapping conditions and education programs] **meet the eligibility criteria for state schools for severely handicapped children, identified in state regulations that implement the Individuals with Disabilities Education Act;**

(4) "Special educational services", programs designed to meet the needs of handicapped or severely handicapped children and which include, but are not limited to, the provision of diagnostic and evaluation services, student and parent counseling, itinerant, homebound and referral assistance, organized instructional and therapeutic programs, transportation, and corrective and supporting services.

162.740. The district of residence of each child attending a state school for severely handicapped children[, an institution providing contractual services arranged pursuant to section 162.735,] or an educational program for a full-time patient or resident at a facility operated by the department of mental health, except school districts which are a part of a special district and except special school districts, shall pay toward the cost of the education of the child an amount equal to the average sum produced per child by the local tax effort of the district. The district of residence shall be notified each year, not later than December fifteenth, of the names and addresses of pupils enrolled in such schools. In the case of a special district, said special district shall be responsible for an amount per child not to exceed the average sum produced per child by the local tax efforts of the component districts. The district of residence of the child's parents or guardians shall be the district responsible for local tax contributions required by this section."; and

Further amend said bill, Page 13, Section 162.935, Line 35, by inserting after all of said line the following:

"162.974. 1. The state department of elementary and secondary education shall reimburse school districts, including special school districts, for the educational costs of high-need children with an individualized education program exceeding three times the current expenditure per average daily attendance as calculated on the district annual secretary of the board report for the year in which expenditures are claimed.

2. A school district shall submit, through timely application, as determined by the state department of elementary and secondary education, the cost of serving any student, as provided in subsection 1 of this section."; and

Further amend said bill, Page 80, Section 160.550, Line 39, by inserting after all of said line the following:

"[162.725. 1. The state board of education shall provide special educational services for all severely handicapped children residing in school districts which are not included in special districts provided that such school districts are unable to provide appropriate programs of special instruction for severely handicapped children; however, this shall not prevent any school district from conducting a program for the special instruction of severely handicapped children, except that such program must provide substantially the same special educational services as would be provided in a school operated by the state board of education and such program must be approved by the state department of elementary and secondary education in accordance with regulations established pursuant to section 162.685.

2. Special educational programs shall be established which are designed to develop the individual pupil in order that he may achieve the best possible adjustment in society under the limitation of his handicap.

3. When special districts have been formed to serve handicapped and severely handicapped children under the provisions of sections 162.670 to 162.995, severely handicapped children residing in school districts comprising the special district shall be educated in programs of the special district.]

[162.735. The state department of elementary and secondary education may assign severely handicapped children, except severely handicapped children residing in special school districts and in districts providing approved special educational services for severely handicapped children, to state schools for severely handicapped children, the school for the blind or the school for the deaf. Furthermore, the state board of education may contract for the education of a severely handicapped child with another public agency or with a private agency when the state department of elementary and secondary education determines that such an arrangement would be in the best interests of the severely handicapped child. Assignment of severely handicapped children under this section shall be made to a particular school or program which, in the judgment of the state department of elementary and secondary education, can best provide special educational services, and such assignment shall be made upon the basis of competent evaluations; provided, however, the assignment may be appealed by a parent or guardian pursuant to sections 162.945 to 162.965. House Amendment No. 9

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 287, Section 160.415, Pages 4 to 6, Lines 1 to 77, by deleting all of said lines and inserting in lieu thereof the following:

- “160.400. 1. A charter school is an independent[, publicly supported] **public** school.
2. Charter schools may be operated only in a metropolitan school district or in an urban school district containing most or all of a city with a population greater than three hundred fifty thousand inhabitants and may be sponsored by any of the following:
- (1) The school board of the district;
 - (2) A public four-year college or university with its primary campus in the school district or in a county adjacent to the county in which the district is located, with an approved teacher education program that meets regional or national standards of accreditation; [or]
 - (3) A community college located in the district; **or**
 - (4) **Any private four-year college or university in Missouri with its primary campus located in the standard metropolitan statistical area of a district in which charter schools are permitted, an enrollment of at least one thousand students, and with an approved teacher preparation program.**
3. [A maximum of five percent of the school buildings currently in use for instructional purposes in a district may be converted to charter schools. This limitation does not apply to vacant buildings or buildings not used for instructional purposes.] **The mayor of a city not within a county may request a sponsor under subdivision (2), (3), or (4) of subsection 2 of this section to consider sponsoring a workplace charter school, which is defined for purposes of sections 160.400 to 160.420 as a charter school with the ability to target prospective students whose parent or parents are employed in a business district, as defined in the charter, which is located in the city.**
4. No sponsor shall receive from an applicant for a charter school any fee of any type for the consideration of a charter, nor may a sponsor condition its consideration of a charter on the promise of future payment of any kind.
5. The charter school shall be a Missouri nonprofit corporation incorporated pursuant to chapter 355, RSMo. The charter provided for herein shall constitute a contract between the sponsor and the charter school.
6. As a nonprofit corporation incorporated pursuant to chapter 355, RSMo, the charter school shall select the method for election of officers pursuant to section 355.326, RSMo, based on the class of corporation selected. Meetings of the governing board of the charter school shall be subject to the provisions of sections 610.010 to 610.030, RSMo, the open meetings law.
7. A sponsor of a charter school, its agents and employees are not liable for any acts or omissions of a charter school that it sponsors, including acts or omissions relating to the charter submitted by the charter school, the operation of the charter school and the performance of the charter school.
8. A charter school may affiliate with a four-year college or university, including a private college or university, or a community college as otherwise specified in subsection 2 of this section when its charter is granted by a sponsor other than such college, university or community college. Affiliation status recognizes a relationship between the charter school and the college or university for purposes of teacher training and staff development, curriculum and assessment development, use of physical facilities owned by or rented on behalf of the college or university, and other similar purposes. The primary campus of the college or university must be located within the county in which the school district lies wherein the charter school is located or in a county adjacent to the county in which the district is located. A university, college or community college may not charge or accept a fee for affiliation status.
9. **The expenses associated with sponsorship of charter schools shall be defrayed by the department of elementary and secondary education retaining one and five-tenths percent of the amount of state and local funding allocated to the charter school under section 160.415, not to exceed one hundred twenty-five thousand dollars, adjusted for inflation. Such amount shall not be withheld when the sponsor is a school district or the state board of education. The department of elementary and secondary education shall remit the retained funds for each charter school to the school's sponsor, provided the sponsor remains in good standing by fulfilling its sponsorship obligations under sections 160.400 to 160.420 and 167.349, RSMo, with regard to each charter school it sponsors.**

10. No university, college or community college shall grant a charter to a nonprofit corporation if an employee of the university, college or community college is a member of the corporation's board of directors.

11. No sponsor shall grant a charter under sections 160.400 to 160.420 and 167.349, RSMo, without ensuring that a criminal background check and child abuse registry check are conducted for all members of the governing board of the charter schools or the incorporators of the charter school if initial directors are not named in the articles of incorporation, nor shall a sponsor renew a charter without ensuring a criminal background check and child abuse registry check are conducted for each member of the governing board of the charter school.

12. No member of the governing board of a charter school shall hold any office or employment from the board or the charter school while serving as a member, nor shall the member have any substantial interest, as defined in section 105.450, RSMo, in any entity employed by or contracting with the board. No board member shall be an employee of a company that provides substantial services to the charter school. All members of the governing board of the charter school shall be considered decision-making public servants as defined in section 105.450, RSMo, for the purposes of the financial disclosure requirements contained in sections 105.483, 105.485, 105.487, and 105.489, RSMo.

13. A sponsor shall provide timely submission to the state board of education of all data necessary to demonstrate that the sponsor is in material compliance with all requirements of sections 160.400 to 160.420 and 167.349, RSMo.

14. The state board of education shall ensure each sponsor is in compliance with all requirements under sections 160.400 to 160.420 and 167.349, RSMo, for each charter school sponsored by any sponsor. The state board shall notify each sponsor of the standards for sponsorship of charter schools, delineating both what is mandated by statute and what best practices dictate. The state board, after a public hearing, may require remedial action for a sponsor that it finds has not fulfilled its obligations of sponsorship, such remedial actions including withholding the sponsor's funding and suspending for a period of up to one year the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school. If the state board removes the authority to sponsor a currently operating charter school, the state board shall become the interim sponsor of the school for a period of up to three years until the school finds a new sponsor or until the charter contract period lapses.

160.405. 1. A person, group or organization seeking to establish a charter school shall submit the proposed charter, as provided in this section, to a sponsor. If the sponsor is not a school board, the applicant shall give a copy of its application to the school board of the district in which the charter school is to be located[, when] **and to the state board of education, within five business days of the date** the application is filed with the proposed sponsor. The school board may file objections with the proposed sponsor, and, if a charter is granted, the school board may file objections with the state board of education. The charter shall include a mission statement for the charter school, a description of the charter school's organizational structure and bylaws of the governing body, which will be responsible for the policy and operational decisions of the charter school, a financial plan for the first three years of operation of the charter school including provisions for annual audits, a description of the charter school's policy for securing personnel services, its personnel policies, personnel qualifications, and professional development plan, a description of the grades or ages of students being served, the school's calendar of operation, which shall include at least the equivalent of a full school term as defined in section 160.011, and an outline of criteria specified in this section designed to measure the effectiveness of the school. The charter shall also state:

- (1) The educational goals and objectives to be achieved by the charter school;
- (2) A description of the charter school's educational program and curriculum;
- (3) The term of the charter, which shall be not less than five years, nor greater than ten years and shall be renewable;

- (4) A description of the charter school's pupil performance standards, which must meet the requirements of subdivision (6) of subsection 5 of this section. The charter school program must be designed to enable each pupil to achieve such standards; [and]

- (5) A description of the governance and operation of the charter school, including the nature and extent of parental, professional educator, and community involvement in the governance and operation of the charter school; **and**

- (6) **A description of the charter school's policies on student discipline and student admission, which shall include a statement, where applicable, of the validity of attendance of students who do not reside in the district but who may be eligible to attend under the terms of judicial settlements.**

2. Proposed charters shall be subject to the following requirements:

(1) A charter may be approved when the sponsor determines that the requirements of this section are met and determines that the applicant is sufficiently qualified to operate a charter school. The sponsor's decision of **approval or denial** shall be made within [sixty] **ninety** days of the filing of the proposed charter;

(2) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial **and forward a copy to the state board of education within five business days following the denial**;

(3) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section, **that the applicant is sufficiently qualified to operate the charter school**, and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. **The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter, provided that any charter to be considered by the state board of education under this subdivision shall be submitted no later than March first prior to the school year in which the charter school intends to begin operations. The state board of education shall notify the applicant in writing as the reasons for its denial, if applicable; and**

(4) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining credits for graduation, pregnant or a parent, homeless or has been homeless sometime within the preceding six months, has limited English proficiency, has been suspended from school three or more times, **is eligible for free or reduced price school lunch**, or has been referred by the school district for enrollment in an alternative program. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, [it] **the charter application** shall be submitted to the state board of education [which], **along with a statement of finding that the application meets the requirements of sections 160.400 to 160.420 and section 167.439, RSMo, and a monitoring plan under which the charter sponsor will evaluate the academic performance of students enrolled in the charter school. The state board of education may, within [forty-five] sixty days, disapprove the granting of the charter. The state board of education may disapprove a charter [only] on grounds that the application fails to meet the requirements of sections 160.400 to 160.420 and section 167.349, RSMo, or that a charter sponsor previously failed to meet the statutory responsibilities of a charter sponsor.**

4. Any disapproval of a charter pursuant to subsection 3 of this section shall be subject to judicial review pursuant to chapter 536, RSMo.

5. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state, **county, or city** relating to health, safety, and **state** minimum educational standards, **as specified by the state board of education, including the requirements relating to student discipline under sections 160.261, 167.161, 167.164, and 167.171, RSMo, notification of criminal conduct to law enforcement authorities under sections 167.115 to 167.117, RSMo, academic assessment under section 160.518, transmittal of school records under section 167.020, RSMo, and the minimum number of school days and hours required under section 160.041;**

(3) Except as provided in sections 160.400 to 160.420, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, **publish audit reports and annual financial reports as provided in chapter 165, RSMo, provided that the annual financial report may be published on the department of elementary and secondary education's Internet web site in addition to other publishing requirements**, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. **A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies. For purposes of an audit by petition under section 29.230, RSMo, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located.** For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700, RSMo. A charter school that incurs debt must include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from kindergarten through grade twelve, which may include early childhood education if funding for such programs is established by statute, as specified in its charter;

(6) (a) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, collect baseline data during at least the first three years for determining how the charter school is performing and to the extent applicable, participate in the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, **which shall also include a statement that background checks have been completed on the charter school's board members**, report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof, and provide data required for the study of charter schools pursuant to subsection 3 of section 160.410. No charter school will be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program.

(b) **For proposed high risk or alternative charter schools, sponsors shall approve performance measures based on mission, curriculum, teaching methods, and services. Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a high risk or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.**

(c) Nothing in this paragraph shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter;

(7) Assure that the needs of special education children are met in compliance with all applicable federal and state laws and regulations;

(8) **Provide along with any request for review by the state board of education the following:**

(a) **Documentation that the applicant has provided a copy of the application to the school board of the district in which the charter school is to be located, except in those circumstances where the school district is the sponsor of the charter school; and**

(b) **A statement outlining the reasons for approval or disapproval by the sponsor, specifically addressing the requirements of sections 160.400 to 160.420 and 167.349, RSMo.**

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations at least once every two years **or at any point where the operation or management of the charter school is changed or transferred to another entity, either public or private.** The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency for the sole purpose of seeking direct access to federal grants. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. (1) A sponsor may revoke a charter at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet academic performance standards as set forth in its charter, failure to meet generally accepted standards of fiscal management, **failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.420 and 167.349, RSMo, within forty-five days following receipt of written notice requesting such information, or violation of law.**

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, **which may require a change of methodology, a change in leadership, or both**, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the [board of directors] **governing board** of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's [board of directors] **governing board** may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to judicial review pursuant to chapter 536, RSMo.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

8. A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.420 and 167.349 RSMo. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.420 and 167.349, RSMo, in a timely manner to its sponsor.

9. A school district may enter into a lease with a charter school for physical facilities. [A charter school may not be located on the property of a school district unless the district governing board agrees.]

[9.] 10. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

11. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756, RSMo.

12. Any entity, either public or private, operating, administering, or otherwise managing a charter school shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035, RSMo.

13. The chief financial officer of a charter school shall maintain a surety bond in an amount determined by the sponsor to be adequate based on the cash flow of the school.

160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates, [or]

(2) **Nonresident pupils** eligible to attend a district's school under an urban voluntary transfer program, **and**

(3) **In the case of a workplace charter school, any student eligible to attend under subdivisions (1) or (2) of this subsection whose parent is employed in the business district,**

who submit a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. **The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.** If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education; and

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school **or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school.**

2. A charter school shall not limit admission based on race, ethnicity, national origin, disability, gender, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level.

3. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with a comparable group and a study of the impact of charter schools upon the districts in which they are located, to be conducted by a contractor selected through a request for proposal. The department of elementary and secondary education shall reimburse the contractor from funds appropriated by the general

assembly for the purpose. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and a group of students comparable to the students enrolled in the charter school. The impact study shall be undertaken every two years to determine the effect of charter schools on education stakeholders in the districts where charter schools are operated. The impact study may include, but is not limited to, determining if changes have been made in district policy or procedures attributable to the charter school and to perceived changes in attitudes and expectations on the part of district personnel, school board members, parents, students, the business community and other education stakeholders. The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter schools, the school board and superintendent of the districts in which the charter schools are operated.

4. A charter school shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the district in which the school is located, the following information:

- (1) The school's charter;
- (2) The school's most recent annual report card published according to section 160.522; and
- (3) The results of background checks on the charter school's board members.

The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026, RSMo, for furnishing copies of documents under this subsection.

160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, RSMo, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free [or reduced-price] **and reduced lunch [or other], special education, or limited English proficiency status, as well as eligibility for** categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside [and]. **The charter school shall report the average daily attendance data, free and reduced lunch count, special education pupil count, and limited English proficiency pupil count** to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the [equalized, adjusted operating levy for school purposes for the pupils' district of residence for the current year times the guaranteed tax base per eligible pupil, as defined in section 163.011, RSMo, times the number of the district's resident pupils attending the charter school] **charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers funds in excess of the performance levy as defined in section 163.011, RSMo,** plus all other state aid attributable to such pupils[, including summer school, if applicable, and all aid provided pursuant to section 163.031, RSMo].

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) **If the department overpays or underpays the amount due to the charter school, such overpayment or underpayment shall be repaid by the public charter school or credited to the public charter school in twelve equal payments in the next fiscal year.**

(4) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

[(4)] (5) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following the receipt of any such funds. **The department of elementary and secondary education shall pay the amounts due when it acts as the disbursal agent within five days of the required due date.**

[(5)] The per-pupil amount paid by a school district to a charter school shall be reduced by the amount per pupil determined by the state board of education to be needed by the district in the current year for repayment of leasehold revenue bonds obligated pursuant to a federal court desegregation action.]

3. A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060, RSMo.

4. A charter school that has declared itself as a local educational agency shall receive from the department of elementary and secondary education an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers funds in excess of the performance levy as defined in section 163.011, RSMo, plus all other state aid attributable to such pupils. If a charter school declares itself as a local education agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to subsection 2 of this section, the amount of overpayment or underpayment shall be adjusted [in its next payment] **equally in the next twelve payments** by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536, RSMo. **During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.**

[4.] **6.** The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

[5.] **7.** A charter school may enter into contracts with community partnerships and state agencies acting in collaboration with such partnerships that provide services to children and their families linked to the school.

[6.] **8.** A charter school shall be eligible for transportation state aid pursuant to section 163.161, RSMo, and shall be free to contract with the local district, or any other entity, for the provision of transportation to the students of the charter school.

[7.] **9.** (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such enrollment is through a contract for services described in this section. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school district shall provide the special services provided pursuant to section 162.705, RSMo, and may provide the special services pursuant to a contract with a school district or any provider of such services.

[8.] **10.** A charter school may not charge tuition, nor may it impose fees that a school district is prohibited from imposing.

[9.] **11.** A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. Upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355, RSMo.

[10.] **12.** Charter schools shall not have the power to acquire property by eminent domain.

[11.] **13.** The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

160.420. **1. Any school district in which charter schools may be established under sections 160.400 to 160.420 shall establish a uniform policy which provides that** if a charter school offers to retain the services of an employee of a school district, and the employee accepts a position at the charter school, [the contract between the charter school and the school district may provide that] an employee at the employee's option may remain an employee of the district and the charter school shall pay to the district the district's full costs of salary and benefits provided to the employee. **[A] The district's policy shall provide that any teacher who accepts a position at a charter school and opts**

to remain an employee of the district retains such teacher's permanent teacher status and **retains such teacher's** seniority rights in the district **for three years**. The school district shall not be liable for any such employee's acts while an employee of the charter school.

2. A charter school may employ noncertificated instructional personnel; provided that no more than twenty percent of the full-time equivalent instructional staff positions at the school are filled by noncertificated personnel. All [noncertified] **noncertificated** instructional personnel shall be supervised by [certified] **certificated** instructional personnel. **A charter school that has a foreign language immersion experience as its chief educational mission, as stated in its charter, shall not be subject to the twenty percent requirement of this subsection but shall ensure that any teachers whose duties include instruction given in a foreign language have current valid credentials in the country in which such teacher received his or her training and shall remain subject to the remaining requirements of this subsection.** The charter school shall ensure that all instructional employees of the charter school have experience, training and skills appropriate to the instructional duties of the employee, and the charter school shall ensure that a criminal background check and child abuse registry check are conducted for each employee of the charter school prior to the hiring of the employee. **The charter school may not employ instructional personnel whose certificate of license to teach has been revoked or is currently suspended by the state board of education.** Appropriate experience, training and skills of noncertificated instructional personnel shall be determined considering:

- (1) Teaching certificates issued by another state or states;
- (2) Certification by the National Standards Board;
- (3) College degrees in the appropriate field;
- (4) Evidence of technical training and competence when such is appropriate; and
- (5) The level of supervision and coordination with certificated instructional staff.

3. Personnel employed by the charter school shall participate in the retirement system of the school district in which the charter school is located, subject to the same terms, conditions, requirements and other provisions applicable to personnel employed by the school district. For purposes of participating in the retirement system, the charter school shall be considered to be a public school within the school district, and personnel employed by the charter school shall be public school employees. In the event of a lapse of the school district's corporate organization as described in subsections 1 and 4 of section 162.081, RSMo, personnel employed by the charter school shall continue to participate in the retirement system and shall do so on the same terms, conditions, requirements and other provisions as they participated prior to the lapse.

4. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. 7. (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such enrollment is through a contract for services described in this section. "407.1400. 1. Except as otherwise allowed by state or federal law, or unless consent has been provided as it is established in this section, financial institutions, their officers, employees, agents, and directors shall not disclose to any person any financial information relating to a customer.

2. A governmental agency or law enforcement agency may obtain customer information from a financial institution pursuant to a judicial or administrative subpoena duces tecum served on the financial institution, if there is reason to believe that the customer information sought is relevant to a proper law enforcement objective or is otherwise authorized by law.

3. A governmental agency or law enforcement agency may obtain customer information from a financial institution pursuant to a search warrant if it obtains the search warrant under the rules of criminal procedure of this state.

4. No consent or waiver shall be required as a condition of doing business with any financial institution, and any consent or waiver obtained from a customer as a condition of doing business with a financial institution shall not be deemed a consent of the customer for the purpose of this section.

5. Valid consent shall be in writing and signed by the customer. In consenting to disclosure of customer information, a customer may specify any of the following:

- (1) The time during which such consent will operate;
- (2) The customer information to be disclosed; and
- (3) The persons, government agencies, or law enforcement agencies to which disclosure can be made.

407.1403. 1. Any person or business that conducts business in this state and that owns or licenses computerized data that includes personal information, shall disclose any breach of the security of the system following discovery or notification of the breach. Notification shall be made to any resident of the state whose encrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person. The disclosure shall be made in the most expedient time possible, but no more than thirty days after such breach has been discovered.

2. The notification required by this section may be delayed if a law enforcement agency determines that the notification will impede a criminal investigation.

3. For purposes of this section, "breach of security of the system" shall mean unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of personal information maintained by the business or person. Good faith acquisition of personal information by an employee or agent of the business for the purposes of the business shall not be considered a breach of security of the system, provided that the personal information is not used or subject to further unauthorized disclosure.

4. For purposes of this section, "personal information" means an individual's first name or first initial and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted:

- (1) Social security number;
 - (2) Driver's license number;
 - (3) Account number, credit card number, or debit card number, in combination with any required security code, access code, or password that would permit access to an individual's financial account.
- For purposes of this section, "personal information" does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

5. For purposes of this section, "notice" may be provided by one of the following methods:

- (1) Written notice;
- (2) Electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in Section 7001 of Title 15 of the United States Code;
- (3) Substitute notice, if the agency demonstrates that the cost of providing notice would exceed two hundred fifty thousand dollars, that the affected class of subject persons to be notified exceeds five hundred thousand, or the agency does not have sufficient contact information. Substitute notice shall consist of all of the following:

- (a) E-mail notice when the agency has an e-mail address for the subject persons;
- (b) Conspicuous posting of the notice on the agency's website, if the agency maintains one; and
- (c) Notification to major statewide media.

6. Notwithstanding subsection 5 of this section, an agency that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of this part shall be deemed to be in compliance with the notification requirements

of this section if it notifies subject persons in accordance with its policies in the event of a breach of security of the system.

7. Any person or business who violates the provisions of this section shall be guilty of a class A misdemeanor and, upon conviction, shall be punished by a fine of up to one thousand dollars for each and every act or violation, by imprisonment in the county jail for a term not to exceed one year, or by both at the discretion of the court.

407.1406. 1. A consumer may elect to place a security alert in his or her credit report by making a request in writing or by telephone to a consumer credit reporting agency. "Security alert" means a notice placed in a consumer's credit report, at the request of the consumer, that notifies a recipient of the credit report that the consumer's identity may have been used without the consumer's consent to fraudulently obtain goods or services in the consumer's name.

2. A consumer credit reporting agency shall notify each person requesting consumer credit information with respect to a consumer of the existence of a security alert in the credit report of that consumer, regardless of whether a full credit report, credit score, or summary report is requested.

3. Each consumer credit reporting agency shall maintain a toll-free telephone number to accept security alert requests from consumers twenty-four hours a day, seven days a week.

4. The toll-free telephone number shall be included in any written disclosure by a consumer credit reporting agency to any consumer pursuant to section 407.1421 and shall be printed in a clear and conspicuous manner.

5. A consumer credit reporting agency shall place a security alert on a consumer's credit report no later than five business days after receiving a request from the consumer.

6. The security alert shall remain in place for at least 90 days, and a consumer shall have the right to request a renewal of the security alert.

407.1409. 1. A consumer may elect to place a security freeze on his or her credit report by making a request in writing by certified mail to a consumer credit reporting agency. "Security freeze" means a notice placed in a consumer's credit report, at the request of the consumer and subject to certain exceptions, that prohibits the consumer credit reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer. If a security freeze is in place, information from a consumer's credit report may not be released to a third party without prior express authorization from the consumer. This subsection does not prevent a consumer credit reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

2. A consumer credit reporting agency shall place a security freeze on a consumer's credit report no later than five business days after receiving a written request from the consumer.

3. The consumer credit reporting agency shall send a written confirmation of the security freeze to the consumer within ten business days and shall provide the consumer with a unique personal identification number or password to be used by the consumer when providing authorization for the release of his or her credit for a specific party or period of time.

4. If the consumer wishes to allow his or her credit report to be accessed for a specific party or period of time while a freeze is in place, he or she shall contact the consumer credit reporting agency, request that the freeze be temporarily lifted, and provide the following:

(1) Proper identification, as defined in subsection 3 of section 407.1421.

(2) The unique personal identification number or password provided by the credit reporting agency pursuant to subdivision (c).

(3) The proper information regarding the third party who is to receive the credit report or the time period for which the report shall be available to users of the credit report.

5. A consumer credit reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection 4 of this section, shall comply with the request no later than three business days after receiving the request.

6. A consumer credit reporting agency may develop procedures involving the use of telephone, fax, the Internet, or other electronic media to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection 4 of this section in an expedited manner.

7. A consumer credit reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

(1) Upon consumer request, pursuant to subsection 4 or 10 of this section;

(2) If the consumer's credit report was frozen due to a material misrepresentation of fact by the consumer. If a consumer credit reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this subdivision, the consumer credit reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

8. If a third party requests access to a consumer credit report on which a security freeze is in effect, and this request is in connection with an application for credit or any other use, and the consumer does not allow his or her credit report to be accessed for that specific party or period of time, the third party may treat the application as incomplete.

9. If a consumer requests a security freeze, the consumer credit reporting agency shall disclose the process of placing and temporarily lifting a freeze, and the process for allowing access to information from the consumer's credit report for a specific party or period of time while the freeze is in place.

10. A security freeze shall remain in place until the consumer requests that the security freeze be removed. A consumer credit reporting agency shall remove a security freeze within three business days of receiving a request for removal from the consumer, who provides both of the following:

- (1) Proper identification, as defined in subsection 3 of section 407.1421;
- (2) The unique personal identification number or password provided by the credit reporting agency pursuant to subsection 3 of this section.

11. A consumer credit reporting agency shall require proper identification, as defined in subsection 3 of section 407.1421, of the person making a request to place or remove a security freeze.

12. The provisions of this section do not apply to the use of a consumer credit report by any of the following:

- (1) A person or entity, or a subsidiary, affiliate, or agent of that person or entity, or an assignee of a financial obligation owing by the consumer to that person or entity, or a prospective assignee of a financial obligation owing by the consumer to that person or entity in conjunction with the proposed purchase of the financial obligation, with which the consumer has or had prior to assignment an account or contract, including a demand deposit account, or to whom the consumer issued a negotiable instrument, for the purposes of reviewing the account or collecting the financial obligation owing for the account, contract, or negotiable instrument. For purposes of this paragraph, "reviewing the account" includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements;

- (2) A subsidiary, affiliate, agent, assignee, or prospective assignee of a person to whom access has been granted under subdivision (2) of subsection 4 of this section for purposes of facilitating the extension of credit or other permissible use;

- (3) Any state or local agency, law enforcement agency, trial court, or private collection agency acting pursuant to a court order, warrant, or subpoena;

- (4) A child support agency;

- (5) The department of health and senior services or its agents or assigns acting to investigate Medicaid fraud;

- (6) The state tax commission or its agents or assigns acting to investigate or collect delinquent taxes or unpaid court orders or to fulfill any of its other statutory responsibilities;

- (7) The use of credit information for the purposes of prescreening as provided for by the federal Fair Credit Reporting Act;

- (8) Any person or entity administering a credit file monitoring subscription service to which the consumer has subscribed;

- (9) Any person or entity for the purpose of providing a consumer with a copy of his or her credit report upon the consumer's request.

13. This act does not prevent a consumer credit reporting agency from charging a fee of no more than ten dollars to a consumer for each freeze, removal of the freeze, or temporary lift of the freeze for a period of time, or a fee of no more than twelve dollars for a temporary lift of a freeze for a specific party, regarding access to a consumer credit report, except that a consumer credit reporting agency may not charge a fee to a victim of identity theft who has submitted a valid police report.

407.1412. 1. If a security freeze is in place, a consumer credit reporting agency shall not change any of the following official information in a consumer credit report without sending a written confirmation of the change to the consumer within thirty days of the change being posted to the consumer's file: name, date of birth, social security number, and address. Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of

numbers or letters. In the case of an address change, the written confirmation shall be sent to both the new address and to the former address.

2. If a consumer has placed a security alert, a consumer credit reporting agency shall provide the consumer, upon request, with a free copy of his or her credit report at the time the ninety-day security alert period expires.

407.1415. The provisions of sections 407.1406 to 407.1412 do not apply to a consumer credit reporting agency that acts only as a reseller of credit information by assembling and merging information contained in the data base of another consumer credit reporting agency or multiple consumer credit reporting agencies, and does not maintain a permanent data base of credit information from which new consumer credit reports are produced. However, a consumer credit reporting agency shall honor any security freeze placed on a consumer credit report by another consumer credit reporting agency.

407.1418. The following entities are not required to place in a credit report either a security alert, pursuant to section 407.1406, or a security freeze, pursuant to section 407.1409:

(1) A check services or fraud prevention services company, which issues reports on incidents of fraud or authorizations for the purpose of approving or processing negotiable instruments, electronic funds transfers, or similar methods of payments;

(2) A deposit account information service company, which issues reports regarding account closures due to fraud, substantial overdrafts, ATM abuse, or similar negative information regarding a consumer, to inquiring banks or other financial institutions for use only in reviewing a consumer request for a deposit account at the inquiring bank or financial institution.

407.1421. A consumer credit reporting agency shall supply files and information required during normal business hours and on reasonable notice. In addition to the disclosure provided by this chapter and any disclosures received by the consumer, the consumer has the right to request and receive all of the following:

(1) Either a decoded written version of the file or a written copy of the file, including all information in the file at the time of the request, with an explanation of any code used;

(2) A credit score for the consumer, the key factors, and the related information, as defined in and required by this subsection;

(3) A record of all inquiries, by recipient, which result in the provision of information concerning the consumer in connection with a credit transaction that is not initiated by the consumer and which were received by the consumer credit reporting agency in the twelve-month period immediately preceding the request for disclosure under this section;

(4) The recipients, including end users of any consumer credit report on the consumer which the consumer credit reporting agency has furnished:

(a) For employment purposes within the two-year period preceding the request;

(b) For any other purpose within the twelve-month period preceding the request.

Identification for purposes of this subdivision shall include the name of the recipient or, if applicable, the fictitious business name under which the recipient does business disclosed in full. If requested by the consumer, the identification shall also include the address of the recipient.

(5) Files maintained on a consumer shall be disclosed promptly as follows:

(a) In person, at the location where the consumer credit reporting agency maintains the trained personnel required by this subdivision, if he or she appears in person and furnishes proper identification;

(b) By mail, if the consumer makes a written request with proper identification for a copy of the file or a decoded written version of that file to be sent to the consumer at a specified address. A disclosure pursuant to this subdivision shall be deposited in the United States mail, postage prepaid, within five business days after the consumer's written request for the disclosure is received by the consumer credit reporting agency. Consumer credit reporting agencies complying with requests for mailings under this section shall not be liable for disclosures to third parties caused by mishandling of mail after the mailings leave the consumer credit reporting agencies;

(c) A summary of all information contained in files on a consumer and required to be provided shall be provided by telephone, if the consumer has made a written request, with proper identification for telephone disclosure;

(d) Information in a consumer's file required to be provided in writing under this section may also be disclosed in another form if authorized by the consumer and if available from the consumer credit reporting

agency. For this purpose a consumer may request disclosure in person by telephone upon disclosure of proper identification by the consumer, by electronic means if available from the consumer credit reporting agency, or by any other reasonable means that is available from the consumer credit reporting agency.

(6) "Proper identification," as used in this section means that information generally deemed sufficient to identify a person. Only if the consumer is unable to reasonably identify himself or herself with the information described above, may a consumer credit reporting agency require additional information concerning the consumer's employment and personal or family history in order to verify his or her identity;

(7) The consumer credit reporting agency shall provide trained personnel to explain to the consumer any information furnished him or her;

(8) The consumer shall be permitted to be accompanied by one other person of his or her choosing, who shall furnish reasonable identification. A consumer credit reporting agency may require the consumer to furnish a written statement granting permission to the consumer credit reporting agency to discuss the consumer's file in that person's presence;

(9) Any written disclosure by a consumer credit reporting agency to any consumer pursuant to this section shall include a written summary of all rights the consumer has under this title and in the case of a consumer credit reporting agency which compiles and maintains consumer credit reports on a nationwide basis, a toll-free telephone number which the consumer can use to communicate with the consumer credit reporting agency. The written summary of rights required under this subdivision is sufficient if in substantially the following form:

"You have a right to obtain a copy of your credit file from a consumer credit reporting agency. You may be charged a reasonable fee not exceeding eight dollars (\$8). There is no fee, however, if you have been turned down for credit, employment, insurance, or a rental dwelling because of information in your credit report within the preceding 60 days. The consumer credit reporting agency must provide someone to help you interpret the information in your credit file.

You have a right to dispute inaccurate information by contacting the consumer credit reporting agency directly. However, neither you nor any credit repair company or credit service organization has the right to have accurate, current, and verifiable information removed from your credit report. Under the Federal Fair Credit Reporting Act, the consumer credit reporting agency must remove accurate, negative information from your report only if it is over seven years old. Bankruptcy information can be reported for 10 years.

If you have notified a consumer credit reporting agency in writing that you dispute the accuracy of information in your file, the consumer credit reporting agency must then, within 30 business days, reinvestigate and modify or remove inaccurate information. The consumer credit reporting agency may not charge a fee for this service. Any pertinent information and copies of all documents you have concerning an error should be given to the consumer credit reporting agency.

If reinvestigation does not resolve the dispute to your satisfaction, you may send a brief statement to the consumer credit reporting agency to keep in your file, explaining why you think the record is inaccurate. The consumer credit reporting agency must include your statement about disputed information in a report it issues about you.

You have a right to receive a record of all inquiries relating to a credit transaction initiated in 12 months preceding your request. This record shall include the recipients of any consumer credit report.

You may request in writing that the information contained in your file not be provided to a third party for marketing purposes. You have a right to place a "security alert" in your credit report, which will warn anyone who receives information in your credit report that your identity may have been used without your consent. Recipients of your credit report are required to take reasonable steps, including contacting you at the telephone number you may provide with your security alert, to verify your identity prior to lending money, extending credit, or completing the purchase, lease, or rental of goods or services. The security alert may prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that taking advantage of this right may delay or interfere with the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, insurance, rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transaction, or other services, including an extension of

credit at point of sale. If you place a security alert on your credit report, you have a right to obtain a free copy of your credit report at the time the 90-day security alert period expires. A security alert may be requested by calling the following toll-free telephone number: (Insert applicable toll-free telephone number).

You have a right to place a "security freeze" on your credit report, which will prohibit a consumer credit reporting agency from releasing any information in your credit report without your express authorization. A security freeze must be requested in writing by certified mail. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, insurance, government services or payments, rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transaction, or other services, including an extension of credit at point of sale. When you place a security freeze on your credit report, you will be provided a personal identification number or password to use if you choose to remove the freeze on your credit report or authorize the release of your credit report for a specific party or period of time after the freeze is in place. To provide that authorization you must contact the consumer credit reporting agency and provide all of the following:

- (1) The personal identification number or password.
- (2) Proper identification to verify your identity.
- (3) The proper information regarding the third party who is to receive the credit report or the period of time for which the report shall be available.

A consumer credit reporting agency must authorize the release of your credit report no later than three business days after receiving the above information.

A security freeze does not apply to a person or entity, or its affiliates, or collection agencies acting on behalf of the person or entity, with which you have an existing account, that requests information in your credit report for the purposes of reviewing or collecting the account. Reviewing the account includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

You have a right to bring civil action against anyone, including a consumer credit reporting agency, who improperly obtains access to a file, knowingly or willfully misuses file data, or fails to correct inaccurate file data.""; and

Further amend the title and enacting clause accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SEVENTY-THIRD DAY, WEDNESDAY, MAY 11, 2005

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, You have instructed us from Your Word, "Let not the wise man glory in his wisdom, let not the mighty man glory in his might, let not the rich man glory in his riches; but let him who glories, glory in this, that he understands and knows that I am Lord who practice steadfast love, justice, and righteousness in the Earth; for in these things I delight."

When all is said and done, may we take no glory in what was accomplished this Session, but understand that by Your grace and mercy we've been privileged to do the work of this state.

Lord God, may we continue to make decisions as to what is right; may we have the knowledge among ourselves as to what is good.

In the waning moments of this Session, in the long hours and days, we understand better what the Psalmist meant when he said, "Oh that I had wings like a dove! Then I would fly away, and be at rest." Our souls find rest in You.

May Your peace and comfort be with us all, both now and forevermore.

In the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Joey Wheeler, Korey Clark, Andrew Gurney, Tiara Wagner, Tre'von Buckner, Kelly Nolen, Madelyn Pieck and Brittany Whetstine.

MOTION

Representative Dempsey moved that Rule 3(c) be suspended for one hour, to allow the printing of the House Journal to be completed, at which time the motion for approval of the Journal will be made.

COMMITTEE REPORT

Committee on Fiscal Review, Chairman Guest reporting:

Mr. Speaker: Your Committee on Fiscal Review, to which was referred **HCS SS SCS SB 2** (Fiscal Note), begs leave to report it has **been furnished an updated fiscal note and does not require fiscal review**.

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCR 17**.

SENATE CONCURRENT RESOLUTION NO. 17

WHEREAS, the cost of a four-year college education increases each year; and

WHEREAS, in response to the ever-increasing cost of a college education, the federal government created Section 529 of the Internal Revenue Code, which authorized states to create federal tax-deferred higher education savings programs; and

WHEREAS, each state has established at least one higher education savings program under the auspices of Section 529; and

WHEREAS, the state of Missouri established the Missouri Higher Education Savings Program in 1998 to allow parents, grandparents, and any other family members or friends to create tax-deferred higher education savings accounts for a child's future education; and

WHEREAS, in order to encourage Missouri families to invest in the Missouri Higher Education Savings Program, the state authorizes a participant in the program to deduct up to eight thousand dollars in contributions to the program from the participant's adjusted gross income in determining the amount of state income tax owed; and

WHEREAS, there is a disincentive for investment in other states' higher education savings programs since the income tax deduction only applies to investments in Missouri's savings program; and

WHEREAS, parents and families should be afforded every opportunity to invest in the best savings programs, since the goal of higher education savings programs is to increase the amount of money available for a child's higher education:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-third General Assembly, First Regular Session, the House of Representatives concurring therein, hereby create a Joint Interim Committee on Investments in Higher Education Savings Programs; and

BE IT FURTHER RESOLVED that the joint interim committee shall study methods to expand investment opportunities for Missouri parents and families in higher education savings programs, while maintaining the solvency of the Missouri Higher Education Savings Program, and make recommendations to the General Assembly; and

BE IT FURTHER RESOLVED that the joint interim committee be authorized to call upon any department, office, division, or agency of this state to assist in gathering information pursuant to its objective; and

BE IT FURTHER RESOLVED that the joint interim committee herein established shall consist of ten members, three of which shall be members of the Senate appointed by the President Pro Tem of the Senate, two of which shall be members of the Senate appointed by the Minority Leader of the Senate, three of which shall be members of the House of Representatives appointed by the Speaker of the House of Representatives, and two of which shall be members of the House of Representatives appointed by the Minority Leader of the House of Representatives; and

BE IT FURTHER RESOLVED that the staffs of House Research, Senate Research, and the Committee on Legislative Research shall provide such legal, research, clerical, technical, and bill drafting services as the committee may require in the performance of its duties; and

BE IT FURTHER RESOLVED that the committee, its members, and any staff assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee or any subcommittee thereof; and

BE IT FURTHER RESOLVED that the joint interim committee shall expire on December 31, 2005, and on that same date deliver a report of findings and recommendations to the General Assembly; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President Pro Tem of the Senate and the Speaker of the House of Representatives.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate refuses to concur in **HCS SS SCS SB 287, as amended**, and requests the House to recede from its position and failing to do so grant the Senate a conference thereon.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted the Conference Committee Report on **HCS SS SB 343, as amended**, and has taken up and passed **CCS HCS SS SB 343**.

"105.705. 1. As used in this section, the term "state employee" or "employee" shall mean any officer or employee of the state of Missouri or any agency of the state, including, without limitation, elected officials, appointees, members of the state boards or commissions and members of the Missouri national guard.

2. No state employee shall be personally liable in any civil action brought against them in the courts of this state, in either their individual or official capacities, for conduct arising out of and in connection with their official duties on behalf of the state, whether or not such acts are ministerial or discretionary, unless the employee acted with malicious purpose, in bad faith, or in a wanton or reckless manner. The exclusive remedy for any cause of action against a state employee for acts committed within the scope of their official duties shall be an action against the state of Missouri.

3. The attorney general shall be promptly notified of any claim or suit filed against an employee for actions arising from their official duties. To be certified that the employee was acting within the scope of his or her official duties, the employee must cooperate fully with the attorney general in the defense of the claim.

4. (1) Upon certification by the attorney general that the defendant employee was acting within the scope of his or her official duties at the time of the incident out of which the claim arose, any civil action or proceeding commenced upon such claim in a circuit court of this state shall be deemed an action against the state of Missouri under the provisions of this section and the state of Missouri or the respective agency shall be substituted as the party defendant.

(2) In the event that the attorney general has refused to certify that the defendant was acting within the scope of his or her official duties at the time of the incident out of which the claim arose, the employee may at any time before trial petition the respective circuit court of this state to find and certify that the employee was acting within the scope of his or her official duties. Upon such certification by the court, such action or proceeding shall be deemed to be an action or proceeding brought against the state of Missouri under the provisions of this section and the state of Missouri or the respective agency shall be substituted as the party defendant.

(3) Upon certification, any action or proceeding under this section shall proceed in the same manner as any action against the state of Missouri filed under sections 537.600 to 537.615, RSMo, and shall be subject to the limitations and exceptions applicable to those actions.

5. Nothing in this section shall be construed as waiving or abrogating the sovereign immunity of the state beyond the expressed waivers of sovereign immunity provided under sections 537.600 to 537.615, RSMo.

6. No payment for any claim or judgment against a state employee shall be made under the provisions of sections 105.711 to 105.726 or from any other state funds if the employee is determined by the attorney general to have acted outside the course and scope of the employee's official duties.

Liability or malpractice insurance otherwise obtained and maintained in force shall not be considered available under subsection 6 of this section to pay that portion of a judgment or claim for which the state legal expense fund is liable under subdivision (5) of subsection 2 of this section. However, an attorney may obtain liability or malpractice insurance for coverage of liability claims or judgments based upon legal practice rendered under subdivision (5) of subsection 2 of this section that exceed the amount of liability coverage provided by the state legal expense fund under subdivision (5) of subsection 2 of this section. 7. The provisions of section 33.080, RSMo, notwithstanding, any moneys remaining to the credit of the state legal expense fund at the end of an appropriation period shall not be transferred to general revenue.

8. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is promulgated under the authority delegated in sections 105.711 to 105.726 shall become effective only if it has been promulgated pursuant to the provisions of chapter 536, RSMo. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

105.726. 1. Nothing in sections 105.711 to 105.726 shall be construed to broaden the liability of the state of Missouri beyond the provisions of sections 537.600 to 537.610, RSMo, nor to abolish or waive any defense at law which might otherwise be available to any agency, officer, or employee of the state of Missouri. **Sections 105.711 to 105.726 do not waive the sovereign immunity of the state of Missouri.**

Such was the intent of the general assembly in the original enactment of sections 105.711 to 105.726, and it is made express by this section in light of the decision in Wayman Smith, III, et al. v. state of Missouri, Mo. Sup. Ct. January 11, 2005. Except that the commissioner of administration shall reimburse from the state legal expense fund, any board of police commissioners established under chapter 84, RSMo, for liability claims otherwise eligible for payment under section 105.711 paid by said boards on an equal share basis per claim up to a maximum of one million dollars per fiscal year.**

(1) **"Barber"**, any person who is engaged in the capacity so as to shave the beard or cut and dress the hair for the general public, shall be construed as practicing the occupation of "barber", and the said barber or barbers shall be required to fulfill all requirements within the meaning of this chapter;

(2) **"Barber establishment"**, that part of any building wherein or whereupon any occupation of barbering is being practiced including any space or barber chair rented within a licensed establishment by a person licensed under this chapter, for the purpose of rendering barbering services;

- (3) "Board", the board of cosmetology and barber examiners;
- (4) "Cross-over license", a license that is issued to any person who has met the licensure and examination requirements for both barbering and cosmetology;
- (5) "School of barbering", an establishment operated for the purpose of teaching barbering as defined in subdivision (1) of this section.

328.015. 1. Upon appointment by the governor and confirmation by the senate of the board, the board of barber examiners shall be abolished and its duties and responsibilities shall merge into the board as established under section 329.015, RSMo. The board shall be a continuance of and shall carry out the duties of the board of barber examiners.

2. Upon appointment by the governor and confirmation by the senate of the board, all of the powers, duties, and functions of the board of barber examiners shall be transferred to, conferred, and imposed upon the board. The board shall be the successor in every way to the powers, duties, and functions of the board of barber examiners.

3. Every act performed in the exercise of such powers, duties, and authorities by or under the authority of the board shall be deemed to have the same force and effect as if performed by the board of barber examiners under this chapter, including any amendments thereto effective with the passage of this section or prior to the effective date of this section.

4. All rules of the board of barber examiners and any amendments to such rules shall continue to be effective and shall be deemed to be duly adopted rules of the board until revised, amended, or repealed by the board. The board shall review such rules and shall adopt new rules as required for the administration of this chapter for barbers and cosmetologists.

5. Any person or entity licensed or provisionally licensed by the board of barber examiners prior to the appointment by the governor and confirmation by the senate of the board, shall be considered licensed in the same manner by the board.

328.020. It shall be unlawful for any person to [follow] **practice** the occupation of a barber in this state, unless he **or she** shall have first obtained a [certificate of registration] **license**, as provided in this chapter.

328.070. [Such] **The** board shall hold public examinations at least four times in each year, at such times and places as it may deem advisable, notice of such [meetings] **examinations** to be [given by publication thereof] **published** at least ten days prior to [such meetings, in at least two newspapers published in this state, in the locality of each proposed meeting] **the date of the examination. The board shall publish its notice of the examination date, place, and time in any manner that it deems appropriate. In lieu of holding its own examinations for barber applicants, the board may contract with an outside entity qualified to examine applicants for licensure.**

328.075. 1. Any person desiring to practice as an apprentice for barbering in this state shall apply to the board, [register] **shall be registered** as an apprentice with the board, and shall pay the appropriate fees prior to beginning their apprenticeship. Barber apprentices shall be of good moral character and shall be at least seventeen years of age.

2. Any person desiring to act as an apprentice supervisor for barbering in this state shall first possess a license to practice the occupation of barbering, apply to the board, pay the appropriate fees, complete an eight-hour apprentice supervision instruction course certified by the board, and be issued a [certificate of registration] **license** as a barber apprentice supervisor prior to supervising barber apprentices.

3. The board may promulgate rules establishing the criteria for the supervision and training of barber apprentices.

4. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

328.080. 1. Any person desiring to practice barbering in this state shall make application for a [certificate] **license** to the board and shall pay the required barber examination fee. [He or she shall be present at the next regular meeting of the board for the examination of applicants.]

2. The board shall examine [the] **each qualified** applicant and, upon successful completion of the examination and payment of the required [registration] **license** fee, shall issue [to him or her] **the applicant** a [certificate of registration] **license** authorizing him or her to practice the [trade] **occupation of barber** in this state [and enter his name in the register herein provided for]. **The board shall admit an applicant to the examination**, if it finds that he or she:

4. The sufficiency of the qualifications of applicants shall be determined by the board.

5. For the purposes of meeting the minimum requirements for examination, the apprentice training shall be recognized by the board for a period not to exceed five years.

328.085. 1. The board shall grant without examination a license to practice barbering to any applicant who holds a [valid] **current** barber's license which is issued by another state or territory whose requirements for licensure were equivalent to the licensing requirements in effect in Missouri at the time the applicant was licensed or who has practiced the trade in another state for at least two **consecutive** years. **An applicant under this section shall pay the appropriate application and licensure fees at the time of making application. A licensee who is currently under disciplinary action with another board of barbering shall not be licensed by reciprocity under the provisions of this chapter.**

2. Any person who has lawfully practiced or received training in another state who does not qualify for licensure without examination may apply to the board for licensure by examination. The board shall examine such applicant and after finding that he **or she** is duly qualified to teach said occupation, [said] **the** board shall issue to him **or her** a [certificate of registration] **license** entitling him **or her** to teach barbering in this state, subject to all the provisions of this chapter. Holders of [certificates] **licenses** to teach barbering shall, on or before the expiration of their respective [certificates] **licenses**, make application for the renewal of same, and shall in each case pay the instructor renewal fee. Any person failing to renew his [certificate of registration] **or her license** to teach barbering for a period not exceeding two years may reinstate said [certificate of registration] **license** upon the payment of the renewal fee in addition to the reinstatement fee, but any person failing to renew his [certificate of registration] **or her license** to teach barbering for a period exceeding two years and desiring to be [reregistered] **licensed** as a teacher of barbering in this state will be required to [appear before said board and] pass a satisfactory examination as to his **or her** qualifications to teach barbering and shall pay the instructor examination fee.

328.110. 1. Every person engaged in barbering shall on or before the renewal date apply for the renewal of his or her [certificate of registration] **license**.

2. Each application for renewal shall state the number of [applicant's] **the licensee's** expiring [certificate] **license**, and be accompanied by his or her renewal fee. 328.115. 1. The board shall be the successor in every way to the powers, duties, and functions of the state board of cosmetology.

3. Every act performed in the exercise of such powers, duties, and authorities by or under the authority of the board shall be deemed to have the same force and effect as if performed by the state board of cosmetology under this chapter, including any amendments thereto effective with the passage of this law or prior to the effective date of this section.

4. All rules and regulations of the state board of cosmetology and any amendments thereto shall continue to be effective and shall be deemed to be duly adopted rules and regulations of the board until revised, amended, or repealed by the board. The board shall review such rules and regulations and shall adopt new rules as required for the administration of the licensure law for barbers and cosmetologists.

5. Any person or entity licensed or provisionally licensed by the state board of cosmetology prior to the appointment by the governor and confirmation by the senate of the board, shall be considered licensed in the same manner by the board of cosmetology and barber examiners.

The fees shall be set at a level sufficient to produce revenue that shall not substantially exceed the cost and expense of administering this chapter and chapter 328;

(5) Employ and remove board personnel, as set forth in subdivision (4) of subsection 15 of section 620.010, RSMo, including an executive secretary or comparable position, inspectors, investigators, legal counsel and secretarial support staff, as may be necessary for the efficient operation of the board, within the limitations of its appropriation;

(6) Elect one of its members president, one vice president, and one secretary with the limitation that no single profession can hold the positions of president and vice president at the same time;

(7) Promulgate rules necessary to carry out the duties and responsibilities designated by this chapter and chapter 328;

5. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in chapters 328 and 329 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly under chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

provided for in this chapter and chapter 328 shall be payable to the director of the division of professional registration in the department of economic development, who shall keep a record of the account showing the total payments received and shall immediately thereafter transmit them to the department of revenue for deposit in the state treasury to the credit of the board of cosmetology and barber examiners fund. All the salaries and expenses for the operation of the board shall be appropriated and paid from such fund.

2. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds two times the amount of the appropriation from the board's funds for the preceding fiscal year or, if the board requires by rule license renewal less frequently than yearly, then three times the appropriation from the board's funds for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the appropriate multiple of the appropriations from the board's funds for the preceding fiscal year.

3. Upon appointment by the governor and confirmation by the senate of the board, all moneys deposited in the board of barbers fund created in section 328.050, RSMo, and the state board of cosmetology fund created in section 329.240, shall be transferred to the board of cosmetology and barber examiners fund created in subsection 1 of this section. The board of barbers fund and the state board of cosmetology fund shall be abolished when all moneys are transferred to the board of cosmetology and barber examiners fund.

3. The board may promulgate rules establishing minimum sanitation standards for persons employed in retail cosmetic sales, but such rules shall not require a sink at the cosmetic counter for a source and drainage of water or any other electrical sanitation equipment required in hairdressing or cosmetologist's or manicurist's shops licensed pursuant to this chapter. The board may inspect retail cosmetic sales establishments to ensure compliance with this section and rules promulgated thereunder.

329.045. Every establishment in which the occupation of cosmetology is practiced shall be required to obtain a license from the [state] board [of cosmetology]. Every establishment required to be licensed shall pay to the [state] **board** an establishment fee for the first three licensed cosmetologists esthetician and/or manicurists, and/or apprentices and an additional fee for each additional licensee. The fee shall be due and payable on the renewal date and, if the fee remains unpaid thereafter, there shall be a late fee in addition to the regular establishment fee or, if a new establishment opens any time during the licensing period and does not register before opening, there shall be a delinquent fee in addition to the regular establishment fee. The license shall be kept posted in plain view within the establishment at all times."; and

Further amend said bill, Page 3, Section 329.050, Line 58, by inserting after all of said line the following:

Each application shall contain a statement that it is made under oath or affirmation and that its representations are true and correct to the best knowledge and belief of the person signing same, subject to the penalties of making a false affidavit or declaration.

2. Upon the filing of the application and the payment of the fee, the [state] board [of cosmetology] shall, upon request, issue to the applicant, if the applicant is qualified to sit for the examination, a temporary license [for a definite period of time, but not beyond the release of the results from the next regular examination of applicants] for the

practicing of the occupations as provided in this chapter. Any person receiving a temporary license shall be entitled to practice the occupations designated on the temporary license, under the supervision of a person licensed in cosmetology, until the expiration of the temporary license. Any person continuing to practice the occupation beyond the expiration of the temporary license without being licensed in cosmetology as provided in this chapter is guilty of an infraction.

2. An apprentice or student shall not be enrolled in a course of study that shall exceed [eight] **twelve** hours per day or that is less than three hours per day. The course of study shall be no more than [forty-eight] **seventy-two** hours per week and no less than fifteen hours per week.

3. Every person desiring to act as an apprentice in any of the classified occupations within this chapter shall file with the board a written application on a form supplied to the applicant, together with the required apprentice fee.

329.090. If the [state] board [of cosmetology] finds the applicant has submitted the credentials required for admission to the examination and has paid the required fee, the board shall admit such applicant to examination for licensure.

329.110. 1. If an applicant for examination for cosmetology passes the examination to the satisfaction of the [state] board [of cosmetology] and has paid the fee required and complied with the requirements pertaining to this chapter, the board shall cause to be issued a license to that effect. The license shall be evidence that the person to whom it is issued is entitled to engage in the practices, occupation or occupations stipulated therein as prescribed in this chapter. The license shall be conspicuously displayed in his or her principal office, place of business, or employment.

2. 329.120. The holder of a license issued by the [state] board [of cosmetology] who continues in active practice or occupation shall on or before the license renewal date renew the holder's license and pay the renewal fee. A license which has not been renewed prior to the renewal date shall expire on the renewal date. The holder of an expired license may have the license restored within two years of the date of expiration without examination, upon the payment of a delinquent fee in addition to the renewal fee.

329.130. The applicant under this subsection shall pay the appropriate application and licensure fees at the time of making application.** A licensee who is currently under disciplinary action with another board of cosmetology shall not be licensed by reciprocity under the provisions of this chapter.

2. Any person who lawfully practiced or received training in another state who does not qualify for licensure without examination may apply to the board for licensure by examination. Upon application to the board, the board shall evaluate the applicant's experience and training to determine the extent to which the applicant's training and experience satisfies current Missouri licensing requirements and shall notify the applicant regarding his or her deficiencies and inform the applicant of the action that he or she must take to qualify to take the examination. HCS SCS SB 319, relating to unemployment insurance, was taken up by Representative Roark.

Representative Roark offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 319, Pages 2 to 29, Sections 288.036, 288.038, 288.045, 288.050, 288.060, 288.110, 288.120, 288.121, 288.122, 288.128, 288.310, and 288.330, by deleting all of said sections and inserting in lieu thereof the following:

"288.110. **1.** Any individual, type of organization or employing unit which has acquired substantially all of the business of an employer, excepting in any such case any assets retained by such employer incident to the liquidation of his obligations, and in respect to which the division finds that immediately after such change such business of the predecessor employer is continued without interruption solely by the successor, shall stand in the position of such predecessor employer in all respects, including the predecessor's separate account, actual contribution and benefit experience, annual payrolls, and liability for current or delinquent contributions, interest and penalties. If two or more individuals, organizations, or employing units acquired at approximately the same time substantially all of the business of an employer (excepting in any such case any assets retained by such employer incident to the liquidation of his obligations) and in respect to which the division finds that immediately after such change all portions of such business of the predecessor are continued without interruption solely by such successors, each such individual, organization, or employing unit shall stand in the position of such predecessor with respect to the proportionate share of the predecessor's separate account, actual contribution and benefit experience and annual payroll as determined by the portion of the predecessor's taxable payroll applicable to the portion of the business acquired, and each such individual, organization or employing unit shall be liable for current or delinquent contributions, interest and penalties of the predecessor in the same relative proportion. Further, any successor under this section which was not an employer at the time the acquisition occurred shall pay contributions for the balance of the current rate year at the same contribution rate as the contribution rate of the predecessor whether such rate is more or less than two and seven-tenths percent, provided there was only one predecessor or there were only predecessors with identical rates. If the predecessors' rates were not identical, the division shall calculate a rate as of the date of acquisition applicable to the successor for the remainder of the rate year, which rate shall be based on the combined experience of all predecessor employers. In the event that any successor was, prior to an acquisition, an employer, and there is a difference in the contribution rate established for such calendar year

applicable to any acquired or acquiring employer, the division shall make a recalculation of the contribution rate applicable to any successor employer based upon the combined experience of all predecessor and successor employers as of the date of the acquisition, unless the date of the acquisition is other than the first day of the calendar quarter. If the date of any such acquisition is other than the first day of the calendar quarter, the division shall make the recalculation of the rate on the first day of the next calendar quarter after the acquisition. When the date of the acquisition is other than the first day of a calendar quarter, the successor employer shall use its rate for the calendar quarter in which the acquisition was made. The revised contribution rate shall apply to employment after the rate recalculation. For this purpose a calculation date different from July first may be established. When the division has determined that a successor or successors stand in the position of a predecessor employer, the predecessor's liability shall be terminated as of the date of the acquisition.

2. If an employer transfers its trade or business, or a portion thereof, to another employer and, at the time of the transfer, there is substantially common ownership, management, or control of the two employers, then the unemployment experience attributable to the transferred trade or business shall be transferred to the employer to whom such business is so transferred. The rates and liabilities of both employers shall be recalculated and made effective under this section.

3. Whenever any individual, type of organization, or employing unit who is not an employer under this chapter at the time it acquires the trade or business of an employer, the unemployment experience of the acquired business shall not be transferred to such individual, organization, or employing unit if the division finds that such individual, organization, or employing unit acquired the business solely or primarily for the purpose of obtaining a lower rate of contributions. Instead, such individual, organization, or employing unit shall be assigned the applicable new employer rate under section 288.090. In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower rate of contributions, the division shall use objective factors which may include the cost of acquiring the business, whether the individual, organization, or employing unit continued the business enterprise of the acquired business, how long such business enterprise was continued, or whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.

4. (1) If an individual, organization, or employing unit knowingly violates or attempts to violate this section related to determining the assignment of a contribution rate, or if an individual, organization, or employing unit knowingly advises another individual, organization, or employing unit in a way that results in a violation of such provision, the individual, organization, or employing unit shall be subject to the following penalties:

(a) If the individual, organization, or employing unit is an employer under this chapter, then for the current year and the three rate years immediately following this rate year, such employer's base rate shall be the maximum base rate applicable to this type of employer, or the employer's current base rate plus two percent, whichever is greater.

(b) If the individual, organization, or employing unit is not an employer under this chapter, such individual, organization, or employing unit shall be subject to a civil money penalty of not more than five thousand dollars. Any such fine shall be deposited in the special employment security fund established under section 288.310, RSMo.

(2) In addition to the penalty imposed by subsection 4 of this section, any violation of this section may be prosecuted under section 288.395.

5. For purposes of this section, the following terms shall mean:

(1) "Base rate", the employer's contribution rate as determined by section 288.090, subsections 1, 2, and 3 of section 288.120, section 288.126, or a federal base rate assignment;

(2) "Knowingly", having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved;

(3) "Violates or attempts to violate", includes, but is not limited to, intent to evade, misrepresentation, or willful nondisclosure.

6. The division shall establish procedures to identify the transfer or acquisition of a business for purposes of this section.

7. This section shall be interpreted and applied in such a manner as to meet the minimum requirements contained in any guidance or regulations issued by the United States Department of Labor.

Section B. The repeal and reenactment of section 288.110 of section A of this act shall be effective on January 1, 2006."; and

Further amend said title, enacting clause and intersectional references accordingly.

(5) “Income”, Missouri adjusted gross income as defined in section 143.121, RSMo, less two thousand dollars as an exemption for the claimant's spouse residing at the same address, and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

- (e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;
- (6) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part;
- (7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year."; and

Further amend said bill, Page 7, Section 137.079, Line 24, by inserting immediately after said line the following:

- "137.106. 1. This section may be known and may be cited as "The Missouri Homestead Preservation Act".
2. As used in this section, the following terms shall mean:
- (1) "Department", the department of revenue;
- (2) "Director", the director of revenue;
- (3) "Disabled", as such term is defined in section 135.010, RSMo;
- (4) "Eligible owner", any individual owner of property who is sixty-five years old or older as of January first of the tax year in which the individual is claiming the credit or who is disabled, and who had an income of equal to or less than the maximum upper limit in the year prior to completing an application pursuant to subsection 4 of this section; in the case of a married couple owning property either jointly or as tenants by the entirety, or where only one spouse owns the property, such couple shall be considered an eligible taxpayer if both spouses have reached the age of sixty-five or if one spouse is disabled, or if one spouse is at least sixty-five years old and the other spouse is at least sixty years old, and the combined income of the couple in the year prior to completing an application pursuant to subsection 4 of this section did not exceed the maximum upper limit; **in the case of property held in trust, the eligible owner and recipient of the tax credit shall be the trust itself provided the previous owner of the homestead or the previous owner's spouse: is the settlor of the trust with respect to the homestead; currently resides in such homestead; and but for the transfer of such property would have satisfied the age, ownership, and maximum upper limit requirements for income as defined in subdivisions 7 and 8 of this subsection;** no individual shall be an eligible owner if the individual has not paid their property tax liability, if any, in full by the payment due date in any of the three prior tax years, except that a late payment of a property tax liability in any prior year, [not including the year in which the application was completed.] shall not disqualify a potential eligible owner if such owner paid in full the tax liability and any and all penalties, additions and interest that arose as a result of such late payment; no individual shall be an eligible owner if such person [qualifies] **filed a valid claim** for the senior citizens property tax relief credit pursuant to sections 135.010 to 135.035, RSMo;
- (5) "Homestead", as such term is defined pursuant to section 135.010, RSMo, except as limited by provisions of this section to the contrary. No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, **except where an eligible owner of the property has made such improvements to accommodate a disabled person;**
- (6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection [8] 10 of this section. **For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005 and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such**

period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application;

(7) "Income", federal adjusted gross income, **and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;**

(8) "Maximum upper limit", in the calendar year 2005, the income sum of seventy thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. If application is made in 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application through their local assessor's office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor's office by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property; and
- (4) That any improvements made to the homestead, **not made to accommodate a disabled person**, did not total more than five percent of the prior year appraised value.

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. If application is made in 2005, the assessor, upon [receiving] **request for** an application, shall:

- (1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor's property record card;
- (2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks **for inclusion on the form;**

(3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and

(4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April 1 and September 30 of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property;
- (4) That any improvements made to the homestead, **not made to accommodate a disabled person**, did not total more than five percent of the prior year appraised value; and
- (5) **The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.**

7. Each applicant shall send the application to the department by September thirtieth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

[7.] **8. If application is made in 2005**, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible owners shall be disqualified from receiving the credit in the current tax year.

[8.] **9. If application is made after 2005, upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income is verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.**

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

[9.] **11.** [If, in any given year,] **For applications made in 2005**, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

[10.] **12.** After setting the homestead exemption limit **for applications made in 2005**, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation **and assessment fund allocation** to the county collector's funds of each county **or the treasurer ex officio collector's fund in counties with a township form of government** where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section plus the one-quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector **or the treasurer ex officio collector in counties with a township form of government**, shall be deposited in the county collector's fund of a county **or the treasurer ex officio collector's fund** or may be sent by mail to the collector of a county, **or the treasurer ex officio collector in counties with a township form of government**, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues **by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government**, so as to exactly offset

each homestead exemption credit being issued. In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.

[11.] 13. If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After setting the homestead exemption limit for applications made after 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex-officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

15. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

[12.] 16. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to [the mailing of the tax bill] **January first of the year in which the credit would otherwise be applied**, the credit shall be void and any corresponding moneys, pursuant to subsection 10 of this section, shall lapse to the state to be credited to the general revenue fund. **In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.**

[13.] 17. This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

[14.] 18. In accordance with the provisions of sections 23.250 to 23.298, RSMo, and unless otherwise authorized pursuant to section 23.253, RSMo:

(1) Any new program authorized under the provisions of this section shall automatically sunset six years after the effective date of this section; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.”; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 4

AMEND House Committee Substitute for House Bill No. 461, Page 1, In the Title, Line 3, by striking the word “business”; and

Further amend said bill, Page 1, Section A, Line 3, by inserting immediately after said line the following:

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term “tax revenue”, as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the

current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate

increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one-hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with

Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. [Within thirty days after the effective date of this act,] The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall

report such amount of tax collected by December thirty-first of each year such property is assessed to the state tax commission. The state tax commission shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year.

11. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Contracts shall be awarded through a competitive process and provided by children's services providers and agencies currently contracting with the state to provide such services and by public and private not-for-profit or limited liability corporations owned exclusively by not-for-profit corporations children's services providers and agencies which have:

Such children's services providers and agencies under contract with the division shall be subject to all federal, state, and local laws and regulations relating to the provision of such services, and shall be subject to oversight and inspection by appropriate state agencies to assure compliance with standards which shall be consistent with the federal standards, but not less than the standards and policies used by the children's division as of January 1, 2004.

3. In entering into and implementing contracts under subsection 2 of this section, the division shall consider and direct their efforts towards geographic areas of the state, including Greene County, where eligible direct children's services providers and agencies are currently available and capable of providing a broad range of services, including case management services, family-centered services, foster and adoptive parent recruitment and retention, residential care, family preservation services, foster care services, adoption services, relative care case management, other planned living arrangements, and family reunification services consistent with federal guidelines. Assessments, as defined in section 210.110, shall occur to determine which treatment services best meet the child's psychological and social needs. When the assessment indicates that a child's needs can be best resolved by intensive twenty-four hour treatment services, the division will locate, contract, and place the child with the appropriate organizations. This placement will be viewed as the least restrictive for the child based on the assessment;

(4) The delivery system shall have sufficient flexibility to take into account children and families on a case-by-case basis;

(5) The delivery system shall provide a mechanism for the assessment of strategies to work with children and families immediately upon entry into the system to maximize permanency and successful outcome in the shortest time possible and shall include concurrent planning. The division shall promulgate rules to implement the provisions of this subdivision.

5. Contracts entered into under this section shall require that a case management plan consistent with all relevant federal guidelines shall be developed for each child at the earliest time after the initial investigation, but in no event longer than fourteen days after the initial investigation or referral to the contractor by the division. Such case management plan shall be presented to the court and be the foundation of service delivery to the child and family. The case management plan shall, at a minimum, include:

6. On or before July 15, 2006, and each July fifteenth thereafter that the project is in operation, the division shall submit a report to the general assembly which shall include:

(1) Details about the specifics of the contracts, including the number of children and families served, the cost to the state for contracting such services, the current status of the children and families served, an assessment of the quality of services provided and outcomes achieved, and an overall evaluation of the project; and

(2) Any recommendations regarding the continuation or possible statewide implementation of such project; and

(3) Any information or recommendations directly related to the provision of direct services for children and their families that any of the contracting children's services providers and agencies request to have included in the report.

7. The division shall accept as prima facie evidence of completion of the requirements for licensure under sections 210.481 to 210.511 proof that an agency is accredited by any of the following nationally recognized bodies: the Council on Accreditation of Services, Children and Families, Inc.; the Joint Commission on Accreditation of Hospitals; or the Commission on Accreditation of Rehabilitation Facilities. The division shall not require any further evidence of qualification for licensure if such proof of voluntary accreditation is submitted.

8. By February 1, 2005, the children's division shall promulgate and have in effect rules to implement the provisions of this section, and pursuant to this section, shall define implementation plans and dates. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 6

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 186, Page 37, Section 94.838, Line 12, by inserting immediately after said line the following:

"135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) "Claimant", a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the armed forces of the United States or this state who became one hundred percent disabled as a result of such service, or the claimant or spouse is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require, or if the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed. **A claimant shall not be allowed a property tax credit if the claimant filed a valid claim for a credit under section 137.106 in the year following the year for which the property tax credit is claimed.** The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) "Disabled", the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be

expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) "Gross rent", amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4) "Homestead", the dwelling in Missouri owned or rented by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

(5) "Income", Missouri adjusted gross income as defined in section 143.121, RSMo, less two thousand dollars as an exemption for the claimant's spouse residing at the same address, and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

(6) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part;

(7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year.

less than the maximum upper limit in the year prior to completing an application pursuant to subsection 4 of this section; in the case of a married couple owning property either jointly or as tenants by the entirety, or where only one spouse owns the property, such couple shall be considered an eligible taxpayer if both spouses have reached the age of sixty-five or if one spouse is disabled, or if one spouse is at least sixty-five years old and the other spouse is at least sixty years old, and the combined income of the couple in the year prior to completing an application pursuant to subsection 4 of this section did not exceed the maximum upper limit; **in the case of property held in trust, the eligible owner and recipient of the tax credit shall be the trust itself provided the previous owner of the homestead or the previous owner's spouse: is the settlor of the trust with respect to the homestead; currently resides in such homestead; and but for the transfer of such property would have satisfied the age, ownership, and maximum upper limit requirements for income as defined in subdivisions 7 and 8 of this subsection;** no individual shall be an eligible owner if the individual has not paid their property tax liability, if any, in full by the payment due date in any of the three prior tax years, except that a late payment of a property tax liability in any prior year, [not including the year in which the application was completed,] shall not disqualify a potential eligible owner if such owner paid in full the tax liability and any and all penalties, additions and interest that arose as a result of such late payment; no individual shall be an eligible owner if such person [qualifies] **filed a valid claim** for the senior citizens property tax relief credit pursuant to sections 135.010 to 135.035, RSMo;

(5) "Homestead", as such term is defined pursuant to section 135.010, RSMo, except as limited by provisions of this section to the contrary. No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, **except where an eligible owner of the property has made such improvements to accommodate a disabled person;**

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection [8] 10 of this section. **For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005 and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application;**

(7) "Income", federal adjusted gross income, **and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;**

(8) "Maximum upper limit", in the calendar year 2005, the income sum of seventy thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. **If application is made in 2005**, any potential eligible owner may apply for the homestead exemption credit by completing an application through their local assessor's office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor's office by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property; and
- (4) That any improvements made to the homestead, **not made to accommodate a disabled person**, did not total more than five percent of the prior year appraised value.

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. If application is made in 2005, the assessor, upon [receiving] **request for** an application, shall:

(1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor's property record card;

(2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks **for inclusion on the form**;

(3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and

(4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April 1 and September 30 of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

(1) **To the applicant's age;**

(2) **That the applicant's prior year income was less than the maximum upper limit;**

(3) **To the address of the homestead property;**

(4) **That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value; and**

(5) **The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.**

7. Each applicant shall send the application to the department by September thirtieth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

[7.] **8. If application is made in 2005**, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible owners shall be disqualified from receiving the credit in the current tax year.

[8.] **9. If application is made after 2005, upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income is verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.**

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

[9.] **11.** [If, in any given year,] **For applications made in 2005**, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall,

by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

[10.] **12.** After setting the homestead exemption limit **for applications made in 2005**, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation **and assessment fund allocation** to the county collector's funds of each county **or the treasurer ex officio collector's fund in counties with a township form of government** where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section plus the one-quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector **or the treasurer ex officio collector in counties with a township form of government**, shall be deposited in the county collector's fund of a county **or the treasurer ex officio collector's fund** or may be sent by mail to the collector of a county, **or the treasurer ex officio collector in counties with a township form of government**, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues **by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government**, so as to exactly offset each homestead exemption credit being issued. **In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.**

[11.] **13.** If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After setting the homestead exemption limit for applications made after 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex-officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector

of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

15. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

[12.] 16. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to [the mailing of the tax bill] **January first of the year in which the credit would otherwise be applied**, the credit shall be void and any corresponding moneys, pursuant to subsection 10 of this section, shall lapse to the state to be credited to the general revenue fund. **In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.**

[13.] 17. This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

[14.] 18. In accordance with the provisions of sections 23.250 to 23.298, RSMo, and unless otherwise authorized pursuant to section 23.253, RSMo:

(1) Any new program authorized under the provisions of this section shall automatically sunset six years after the effective date of this section; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal."; and

Further amend the title and enacting clause accordingly.

In the event that a person is not so selected within sixty days of the vacancy occurring, the remaining members of the board shall select a person to serve the remainder of the term of the person who vacated the position.

4. If a tourism community enhancement district is already in existence on August 28, 2005, the one additional board member shall be appointed by the governing body of the city, town, or village located within the district that collected the largest amount of retail sales tax within the district in the year preceding the establishment of the district for a one year term and the other additional board member shall be appointed by the governing body of the county located within the district that collected the second largest amount of retail sales tax within the district in the year preceding the establishment of the district for a two year term, thereafter all board members shall serve three year terms. The existing board members shall serve out their terms with the provisions of this section controlling the appointment of successor board members, with first and second board existing positions to expire to be appointed by the governing body of the city, town, or village located within the district that collected the largest amount of retail sales tax within the district in the year preceding the establishment of the district, the third and fourth existing board positions to expire to be appointed by the governing body of the city, town, or village located within the district that collected the second largest amount of retail sales tax within the district in the year preceding the establishment of the district and the fifth existing board position to expire to be appointed by the governing body of the county located within the district that collected the largest amount of retail sales tax within the district in the year preceding the establishment of the district.

Upon the written request of the board to the election authority of the county in which a majority of the area of the district is situated, such election authority shall

submit a proposition to the residents of such district at a municipal or statewide primary or general election, or at a special election called for that purpose. Such election authority shall give legal notice as provided in chapter 115, RSMo.

2. Such proposition shall be submitted to the voters of the district in substantially the following form at such election:

Shall the Tourism Community Enhancement District impose a sales tax of (insert amount) for the purpose of promoting tourism [and community enhancements in the (name of county, city, town or village that includes a majority of the area within the proposed district) Tourism Community Enhancement District] **in the district?**

☐ Yes

☐ No

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters of the proposed district voting thereon are in favor of the proposal, then the order shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the tax. If the proposal receives less than the required majority, then the board shall have no power to impose the sales tax authorized pursuant to this section unless and until the board shall again have submitted another proposal to authorize the board to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district.

67.1968. Expenditures may be made from the tourism community enhancement district sales tax trust fund or moneys collected pursuant to section 67.1965 for any purposes authorized pursuant to subsection 1 of section 67.1959, provided as follows:

(1) [Ten percent of the revenues shall be used for education purposes. (2) Ten percent of the revenues collected from the tax authorized by this section shall be used by the board for senior citizen or youth or community enhancement purposes within the district. If such reasonable expenses, plus a reasonable reserve, exceeds the revenues provided in this subsection, then the additional revenues necessary for such reasonable expenses shall come from the revenues provided in subsection 2 of this section. If such reasonable expenses, plus a reasonable reserve, do not exceed the revenues provided in this subsection, the board may use the excess funds in the same manner as the revenues provided in subsection 2 of this section.**

(2) **Ninety-eight percent of the revenues collected from the tax authorized by this section shall be used by the board for marketing, advertising, and promotion of tourism, the administration thereof, and a reasonable reserve. The district shall enter into an agreement with an organization or organizations to conduct and administer functions such as public relations, sales and marketing of tourism on behalf of the district to enhance the economic health of the district. Senate Amendment No. 10

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 186, Page 37, Section 94.838, Line 12, by inserting immediately after said line the following:

"137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, **or as excess home dock city or county fees as provided in subsection 4 of section 313.820, RSMo**, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have

been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and

section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one-hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. Within thirty days after the effective date of this act, the state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain

outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall report such amount of tax collected by December thirty-first of each year such property is assessed to the state tax commission. The state tax commission shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year.

11. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are

nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void."; and

Effective fiscal year 2010 and each subsequent fiscal year until fiscal year 2015, the percentage of all revenue derived by a home dock city or county from such admission fees used for expenditures other than capital, cultural, and special law enforcement purpose expenditures shall be limited to not more than thirty percent. 4. After fiscal year 2007, in any fiscal year in which a home dock city or county collects an amount over the limitation on revenue derived from admission fees provided in subsection 1 of this section, such revenue shall be treated as if it were sales tax revenue within the meaning of section 67.505, RSMo, provided that the home dock city or county shall reduce its total general revenue property tax levy, in accordance with the method provided in subdivision (6) of subsection 3 of section 67.505, RSMo.

5. The provisions of subsections 3 and 4 of this section shall not affect the imposition or collection of a tax under section 313.822.

(1) "Abortion services", include performing, inducing, or assisting with abortions as defined in section 188.015, RSMo, or encouraging patients to have abortions, or referring patients for abortions, not necessary to save the life of the mother, or development or dispensing of drugs, chemicals, or devices intended to be used to induce an abortion;

(2) "Health and social services program", any activity, program, or the furnishing of services for the purpose of preventing, supporting, alleviating, ameliorating, treating, curing, or healing any human condition, illness, injury, or disability, or to safeguard the health of people and ensure the prevention of any type of disease, infection, or injury, the promotion of specific lifestyle, hygiene, and sanitary conditions, or to assist persons to provide for themselves and others and to assist those experiencing any social or physical condition or disadvantage, and including the furnishing of any sort of physical, health, medical, or dental assessment, care, counseling, education, or treatment, whether to individuals or groups of individuals; except that, health and social services programs shall not include a research project subject to the provisions of section 196.1127, RSMo;

(3) "Independent affiliate", an entity that provides abortion services that is affiliated with an entity that does not provide abortion services, is separately incorporated from the entity that does not provide abortion services, does not receive or share a direct or indirect economic or marketing benefit from such affiliation with the entity that does not provide abortion services, and does not share any of the following with the entity that does not provide abortion services, regardless of whether reimbursement is made for any expenditures associated with sharing the following:

(5) "Public funds", shall include:

(a) Any funds received or controlled by the state of Missouri or any official, department, division, agency, or political subdivision thereof, including but not limited to funds derived from federal, state, or local taxes, gifts or grants from any source, settlements of any claims or causes of action, public or private, bond proceeds, federal grants or payments, or intergovernmental transfers;

(b) Any funds received or controlled by any official, department, division, or agency of state government or political subdivision thereof, or granted or distributed to any other person or entity, pursuant to appropriation by the general assembly or the governing body of any political subdivision of this state.

2. Public funds shall not be expended, paid, or granted to or on behalf of an existing or proposed health and social services program to directly or indirectly subsidize abortion services. To ensure that support is not lent in any manner to abortion services, and to ensure that an entity that provides abortion services does not receive a direct or indirect economic or marketing benefit from public funds expended in connection with any health and social services program:

Section 1396, et seq.) may be reimbursed for services it has performed, for which the payment to such entity is otherwise prohibited pursuant to subsection 2 of this section, if reimbursement for such services is required pursuant to the federal act and the refusal to reimburse for such required services will result in the withholding of federal Medicaid funds to the state of Missouri. No state Medicaid plan shall be adopted by the state or submitted to the federal government that includes services that violate the provisions of subsection 2 of this section and are not mandated for state Medicaid plans by the federal Medicaid law, Title XIX of the Social Security Act, as amended;

(2) Receiving federal funds pursuant to Title X of the federal Public Health Services Act may perform services which are required pursuant to the federal act, but otherwise prohibited pursuant to subsection 2 of this section if:

(a) Specifically directed by the United States Secretary of Health and Human Services to perform such services by written order directed to the organization; and

(b) Such order is final and no longer subject to appeal; and

(c) The refusal to perform such required services will result in the withholding of federal funds to said organization.

Federal statutory or regulatory provisions or guidelines of general application shall not constitute such written order as described herein.”; and

(d) Which provides direct client services at the facility, as opposed to merely providing counseling or referral services by telephone; and

(e) Which provides its services at no cost to its clients; and

(f) Which is exempt from income taxation pursuant to the United States Internal Revenue Code;

(4) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapters 143, 147, 148, and 153, RSMo, excluding sections 143.191 to 143.265, RSMo, and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, RSMo, excluding sections 143.191 to 143.265, RSMo, and related provisions;

(5) "Taxpayer", a person, firm, a partner in a firm, corporation or a shareholder in an S corporation doing business in the state of Missouri and subject to the state income tax imposed by the provisions of chapter 143, RSMo, or a corporation subject to the annual corporation franchise tax imposed by the provisions of chapter 147, RSMo, or an insurance company paying an annual tax on its gross premium receipts in this state, or other financial institution paying taxes to the state of Missouri or any political subdivision of this state pursuant to the provisions of chapter 148, RSMo, or an express company which pays an annual tax on its gross receipts in this state pursuant to chapter 153, RSMo, or an individual subject to the state income tax imposed by the provisions of chapter 143, RSMo.

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a pregnancy resource center.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a pregnancy resource center or centers in such taxpayer's taxable year has a value of at least one hundred dollars.

5. The director shall determine, at least annually, which facilities in this state may be classified as pregnancy resource centers. The director may require of a facility seeking to be classified as a pregnancy resource center whatever information which is reasonably necessary to make such a determination. The director shall classify a facility as a pregnancy resource center if such facility meets the definition set forth in subsection 1 of this section.

6. The director shall establish a procedure by which a taxpayer can determine if a facility has been classified as a pregnancy resource center. Pregnancy resource centers shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to pregnancy resource centers in any one fiscal year shall not exceed two million dollars. Tax credits shall be issued in the order contributions are received.

7. The director shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all facilities classified as pregnancy resource centers. If a pregnancy resource center fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those pregnancy resource centers that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. This section shall apply to all tax years ending on or after December 31, 2008.

135.631. Taxpayers shall only be permitted to redeem tax credits they can claim under section 135.630 if the director of revenue has reallocated other state tax credits to section 135.630. The director shall reallocate such other state tax credits if by law they were limited to a maximum amount during a specified time period and such amount has not been fully redeemed or is not reasonably expected to be fully redeemed."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SEVENTY-FIFTH DAY, FRIDAY, MAY 13, 2005

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

Alleluia.
Give thanks to the Lord, for He is good,
For His kindness endures forever.
Who can tell the mighty deeds of the Lord,
Or proclaim all His praises?
Happy are they who observe what is right,
Who do always what is just.
(*Psalm 106:1-3*)

Yes, Lord, we thank You. We thank You for all the good that has been accomplished in this 2005 Legislative Session. Individually, we thank You for the opportunity to participate in advancing justice and the common good.

In Your mercy O Lord, raise up persons from every institution and every community across our state to help those around them who are in need.

Be with us throughout the rest of this day, that we might complete the work before us.

Asking for Your grace and for Your abiding presence, we pray to You who are our God forever and ever.
Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Thomas Bassford, Dana Bassford, Sara Bassford, Sydney Owens, Jon Bock, Trisha Brandt, Ben Brown, Nathan Carter, Jason Davis, Tory Findley, Sam Fullmer, Kaitlin Hasenbeck, Dana Joseph, Trevor Kemp, Emily Light, Emily Merritt, Suzi Schroer, Madison Walker and Rachael Eylse Kohl.

5. A voter shall be allowed to cast a provisional ballot pursuant to section 115.430 even if the election judges cannot establish the voter's identity pursuant to subsection 1 of this section. The election judges shall make a notation on the provisional ballot to indicate that the voter's identify was not verified. The provisional ballot cast by such a voter shall not be counted unless:

- (1) the voter returns to the polling place during the uniform polling hours established by section 115.407, RSMo, and provides a form of personal identification that allows the election judges to verify the voter's identity as provided in subsection 1 of this section; and
- (2) the provisional ballot otherwise qualifies to be counted pursuant to section 115.430, RSMo.

6. The secretary of state shall provide advance notice of the personal identification requirements of section 1 of this section in a manner calculated to generally inform the public of the requirement for photographic personal identification as provided in this section.

Speaker Pro Tem Bearden declared the bill passed.

SS#2 SCS HCS HB 972, as amended, relating to intoxication-related offenses, was taken up by Representative Jetton.

Representative Jetton moved that **SS#2 SCS HCS HB 972, as amended**, be adopted.

Representative Selby made a substitute motion that the House refuse to recede from its position on **SS#2 SCS HCS HB 972, as amended**, and grant the Senate a conference to exceed the differences to add a provision which would prohibit a person from engaging in somatic cell nuclear transfer.

Representative Stevenson raised a point of order that the substitute motion was out of order and goes beyond the scope of the subject matter of the bill.

The Chair ruled the point of order well taken.

JOURNAL OF THE HOUSE

First Regular Session, 93rd GENERAL ASSEMBLY

SEVENTY-SIXTH DAY, THURSDAY, MAY 19, 2005

The House met pursuant to adjournment.

Representative Bruns in the Chair.

Prayer by Representative Mark Bruns.

Lord, as we gather here this morning to do the work of Your people, we pause to give You thanks for the gift of life. It is especially fitting on this day, the day we send off Your servant and our friend, Representative Richard Byrd to live in eternal happiness at Your side, where we know we shall all be some day if we live as Richard did.

Richard lived his life as You commanded, loving his neighbor as himself. He was always willing to help others, no matter what was needed. His priorities were so very evident - God, family, friends and work. And his work was so important to him, as he loved to make this great state a better place to live.

So Lord, even though we are filled with sadness by his passing, let us remember Richard by striving to love others as he did. Let us rejoice in the fact he is at Your side and that we were given the opportunity to know him. Please be with his wife and children in this difficult time, and give them comfort in knowing he was Your faithful servant and was loved by all who knew him.

Lord, be with us as we carry on in Richard's absence, give us the strength and wisdom to always do what is right, for it is in Your name that we proceed. Amen.

The Pledge of Allegiance to the flag was recited.

LETTER OF OBJECTION

May 9, 2005

The Honorable Rod Jetton
Speaker of the Missouri House of Representatives
State Capitol, Room 308
Jefferson City, MO 65101

RE: **CCS HCS SS SCS SB 237**

This is to notify you and others that I hereby am filing a constitutional objection to said bill for the following reasons:

1. That **CCS HCS SS SCS SB 237**, by allowing a private cable company to place its lines within the right of way of Missouri's state highways without compensating the owner of the property underlying the right of way, is in violation of Article I, Section 28 of the Bill of Rights of the Missouri Constitution which states that private property shall not be taken for private use without compensation.
2. That **CCS HCS SS SCS SB 237**, by allowing a private cable company to place its lines within the right of way of Missouri's state highways without compensating the owner of the property underlying the right of way, grants to a private company a special privilege in violation of Article 3, Section 40 (28) of the Missouri Constitution and contrary to the decision of the Missouri Supreme Court in *Planned Industrial Expansion Authority of the City of St. Louis v. Southwestern Bell Telephone*, 612 S.W. 2d 772 (Mo 1981).

Sincerely,

/s/ John P. Burnett
State Representative
District 40

All other business of the House was suspended while **CCS HCS SS SCS SB 237** was read at length and was signed by the Speaker to the end that the same may become law.

July 14, 2005

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you **House Bill No. 524** entitled:

AN ACT

To repeal section 105.473, RSMo, and to enact in lieu thereof one new section relating to lobbyist duties.

I disapprove of **House Bill No. 524**. My reasons for disapproval are as follows:

This bill amends §105.473 RSMo in a manner that would remove a provision requiring a lobbyist or lobbyist principal to file information with the Missouri Ethics Commission that discloses which legislative initiatives that the lobbyist or lobbyist principal supports or opposes. Further, the required disclosure identifies who retained the lobbyists' services for the listed legislative initiatives.

Current law enables the Ethics Commission to amass this important information and create a useful repository of lobbyists' and lobbyist principals' activities for Missouri citizens. This provides all Missourians, including journalists and other news organization, with a valuable resource that allows them to determine what legislative initiatives their elected officials are being asked to consider by special interest groups, corporations and other interested parties.

It is important for citizens to be aware of the activities of well organized and well funded special interest groups and other entities.

For all of the reasons mentioned above, I am returning **House Bill No. 524** without my approval.

Respectfully submitted,
